Murphy, 2013-04-21 This comprehensive anthology offers over 40 readings that are critical to the understanding of anthropological theory and the development of anthropology as an academic discipline The fourth edition maintains a strong focus on the four field roots of the discipline in North America but has been reorganized with a new section on twenty first century theory including coverage of postcolonial and public anthropology New key terms and introductions accompany each reading and a revamped glossary makes the book more student friendly Used on its own or together with the overview text *A History of Anthropological Theory Fourth Edition* this anthology offers a flexible and unrivalled introduction to anthropological theory that reflects not only the history but also the changing nature of the discipline today For additional resources visit the Teaching Theory page at www.utpteachingculture.com

From Anthropology to Social Theory Arpad Szakolczai, Bjørn Thomassen, 2019-01-17 A rethinking of contemporary social theory that provides a vision about the modern world through key ideas developed by maverick anthropologists

Reappraisals Peter Uwe Hohendahl, 2016-11-01 *Reappraisals* is a provocative account of the development of modern critical theory in

Germany and the United States Focusing on the period since World War II Peter Uwe Hohendahl explores key debates on the function of critical theory illuminating the diverse positions and alliances among the participants Bringing together six essays as well as new introductory and concluding chapters Hohendahl interprets and subjects to critical scrutiny many of the central ideas of the Frankfurt School He first maps the trajectory of neomarxist criticism in Germany to the 1980s Individual chapters then focus on the work of Georg Lukacs Theodor W Adorno and Jürgen Habermas and on such issues as the politicization of German criticism after 1965 under the influence of the Frankfurt School *Anthropological and Sociological Theory* Rann Singh Mann, 1984 In the context of Ladakh *Archaeological Theory in Europe* Ian Hodder, 2014-10-30 The 1980s witnessed exciting developments in theoretical writing in Western archaeology Where previous decades were dominated by the Anglo American perspective or New Archaeology the recent years showed the European debate grow in confidence and vitality This book published in 1991 captures this spirit of debate as contributors from a wide cross section of countries evaluate the development of the distinctly national and European characteristics of archaeology and assess future directions Contributors consider an extensive range of ideologies and viewpoints stressing the fundamentally historical emphasis and social construction of European archaeology The development of archaeological theory is traced with specific emphasis on factors which differ from country to country Ultimately it argues that the most active response to archaeology is to celebrate theory within a constantly critical mode A great insight into the development of theory *The Rise of Anthropological Theory* Marvin Harris, 2001-08-14 The best known most often cited history of anthropological theory is finally available in paperback First published in 1968 Harris's book has been cited in over 1 000 works and is one of the key documents explaining cultural materialism the theory associated with Harris's work This updated edition included the complete 1968 text plus a new introduction by Maxine Margolis which discusses the impact of the book and highlights some of the major trends in anthropological theory since its original publication RAT as it is affectionately known to three decades of graduate students comprehensively traces the history of anthropology and anthropological theory culminating in a strong argument for the use of a scientific behaviorally based etic approach to the understanding of human culture known as cultural materialism Despite its popularity and influence on anthropological thinking RAT has never been available in paperback _until now It is an essential volume for the library of all anthropologists their graduate students and other theorists in the social sciences **The Development State** Maia Green, 2014 A timely ethnographically informed account of the development state of Tanzania showing how development practice and culture have become integrated into everyday life politically socially and economically How has development affected the practices of the state in Africa How has the development state become the basis of social organisation How do Tanzanians position themselves to obtain aid money to effect change in their personal lives Financial aid flows have entrenched an economy of intervention in which the main beneficiaries are those who can claim to undertake development activities Even for those not formally engaged in the

development sector its discourses influence everyday discussion about class and inequality poverty and wealth modernity and tradition With Tanzania as the country focus the author shows how the practices of development have infiltrated not only the state at large but many aspects of people s everyday lives Maia Green is Professor of Social Anthropology at the University of Manchester

Anthropology, by Comparison André Gingrich, Richard Gabriel Fox, 2002 An international group of anthropologists take a fresh look at various neglected approaches to comparison and present new approaches that are relevant to the globalized world of the 21st century

A Companion to Organizational Anthropology D. Douglas Caulkins, Ann T. Jordan, 2012-09-24 The first comprehensive guide to anthropological studies of complex organizations Offers the first comprehensive reference to the anthropological study of complex organizations Details how organizational theory and research in business has adopted anthropology s key concept of culture inspiring new insights into organizational dynamics and development Highlights pioneering theoretical perspectives ranging from symbolic and semiotic approaches to neuroscientific frameworks for studying contemporary organizations Addresses the comparative and cross cultural dimensions of multinational corporations and of non governmental organizations working in the globalizing economy Topics covered include organizational dynamics entrepreneurship innovation social networks cognitive models and team building organizational dysfunctions global networked organizations NGOs unions virtual communities corporate culture and social responsibility Presents a body of work that reflects the breadth and depth of the field of organizational anthropology and makes the case for the importance of the field in the anthropology of the twenty first century

Gentlemen and Amazons Cynthia Eller, 2011-02-06 Eller is an excellent historian She expertly lays out the development of the little known myth of matriarchal prehistory in a way that is both highly knowledgeable and readable This is essential reading for anyone interested in the history of feminist thought and anthropology Rosemary Radford Ruether author of Goddesses and the Divine Feminine Without a doubt this is the best introduction into the mythological jungle of modern scholarship on matriarchy Cynthia Eller s book is not only perfectly researched it is also intelligent and pleasantly written Philippe Borgeaud author of Mother of the Gods From Cybele to the Virgin Mary
