**Anthropologies of Education** Kathryn M. Anderson-Levitt, 2011-10-01 Despite international congresses and international journals anthropologies of education differ significantly around the world Linguistic barriers constrain the flow of ideas which results in a vast amount of research on educational anthropology that is not published in English or is difficult for international readers to find This volume responds to the call to attend to educational research outside the United States and to break out of metropolitan provincialism A guide to the anthropologies and ethnographies of learning and schooling published in

German French Spanish Portuguese Italian Slavic languages Japanese and English as a second language show how scholars in Latin America Japan and elsewhere adapt European American and other approaches to create new traditions As the contributors show educators draw on different foundational research and different theoretical discussions Thus this global survey raises new questions and casts a new light on what has become a too familiar discipline in the United States

**The Anthropology of Education Policy** Angelina E. Castagno, Teresa McCarty, 2017-07-06 Advancing a rapidly growing field of social science inquiry the anthropology of policy this volume extends and solidifies this body of work focusing on education policy Its goal is to examine timely issues in education policy from a critical anthropological ethnographic and comparative perspective and through this to theorize new ways of understanding how policy does its work At the center is a commitment to an engaged anthropology of education policy that uses anthropological knowledge to imagine and foster more equitable and just forms of schooling The authors examine the ways in which education policy processes create reflect and contest regimes of knowledge and power sorting and stratifying people ideas and resources in particular ways In contrast to conventional analyses of policy as text based dictated linear and rational an anthropological perspective positions policy at the interface of top down bottom up and meso level processes and as de facto and de jure Demonstrating how education policy operates as a social cultural and deeply ideological process on the ground each chapter clearly delineates the implications of these understandings for educational access opportunity and equity Providing a single go to source on the disciplinary history theoretical framework methodology and empirical applications of the anthropology of education policy across a range of education topics policy debates and settings the book updates and expands on seminal works in the field carving out an important niche in anthropological studies of public policy
