Anti Oedipus Capitalism And Schizophrenia:

Anti-Oedipus Gilles Deleuze, Félix Guattari, 2004-09-01 A major philosophical work by perhaps the most brilliant philosophical mind at work in France today Fredric Jameson Gilles Deleuze 1925 1995 was Professor of Philosophy at the University of Paris VIII He was a key figure in poststructuralism and one of the most influential philosophers of the twentieth century Félix Guattari 1930 1992 was a psychoanalyst at the la Borde Clinic as well as being a major social theorist and radical activist Anti Oedipus is part of Deleuze and Guattari's landmark philosophical project Capitalism and Schizophrenia a project that still sets the terms of contemporary philosophical debate Anti Oedipus is a radical philosophical analysis of desire that shows how we can combat the compulsion to dominate ourselves and others As Michel Foucault says in his Preface it is an Introduction to Non Fascist Living Preface by Michel Foucault Translated by Robert Hurley Mark Seem and Helen R Lane

Anti-Oedipus Gilles Deleuze, Félix Guattari, 2013 The collaboration of the philosopher Gilles Deleuze and the psychoanalyst Félix Guattari has been one of the most profoundly influential partnerships in contemporary thought Anti Oedipus is the first part of their masterpiece Capitalism and Schizophrenia Ranging widely across the radical tradition of 20th century thought and culture that preceded them from Foucault Lacan and Jung to Samuel Beckett and Henry Miller this revolutionary analysis of the intertwining of desire reality and capitalist society is an essential read for anyone interested in postwar continental thought

Abstract Deleuze and Guattari's Anti-Oedipus Eugene W. Holland, 2002-01-04 Eugene W Holland provides an excellent introduction to Gilles Deleuze and Félix Guattari's Anti Oedipus which is widely recognized as one of the most influential texts in philosophy to have appeared in the last thirty years He lucidly presents the theoretical concerns behind Anti Oedipus and explores with clarity the diverse influences of Marx Freud Nietzsche and Kant on the development of Deleuze Guattari's thinking He also examines the wider implications of their work in revitalizing Marxism environmentalism feminism and cultural studies

A User's Guide to Capitalism and Schizophrenia Brian Massumi, 1992-03-06 A User's Guide to Capitalism and Schizophrenia is a playful and emphatically practical elaboration of the major collaborative work of the French philosophers Gilles Deleuze and Félix Guattari When read along with its rigorous textual notes the book also becomes the richest scholarly treatment of Deleuze's entire philosophical oeuvre available in any language Finally the dozens of explicit examples that Brian Massumi furnishes from contemporary artistic scientific and popular urban culture make the book an important perhaps even central text within current debates on postmodern culture and politics Capitalism and Schizophrenia is the general title for two books published a decade apart The first Anti Oedipus was a reaction to the events of May June 1968 it is a critique of state happy Marxism and school building strains of psychoanalysis The second A Thousand Plateaus is an attempt at a positive statement of the sort of nomad philosophy Deleuze and Guattari propose as an alternative to state philosophy

Marks,1998-05-01 Gilles Deleuze is widely regarded as one of the major post war proponents of Nietzschean thought in continental philosophy Over a period of forty years he presented what amounts to a philosophy of vitalism and multiplicity bringing together concepts from thinkers as diverse as Nietzsche and Hume In the first comprehensive English language introduction to Deleuze John Marks offers a lucid reading of a complex abstract and often perplexing body of work Marks examines Deleuze s philosophical writings as well as the political and aesthetic preoccupation which underpinned his thinking and provides a rigorous and illuminating reading of Deleuze s early studies of Hume Nietzsche Kant Bergson and Spinoza his collaborations with Felix Guattari and the development of a distinctively Deleuzian conceptual framework Marks focuses on the philosophical friendship that developed between Deleuze and Foucault and considers the full range of Deleuze s fascinating writings on literature art and cinema This is a clear and concise guide to the work of one of the twentieth century s most influential thinkers Chaos and Madness Mónica Calvo-Pascual,2011 Preliminary Material

of the Family: The Crisis of Initiation Daniel Tutt,2022-02-12 *Psychoanalysis and the Politics of Family* aims to raise a sophisticated and highly accessible debate around the family self making and the political and cultural implications of liberation The text proposes a new way to read the Lacanian theory of Oedipus and through this reading resituate a series of important political and theoretical debates that have concerned intellectual life over the last forty years It is written with an accessible style so that both specialists in Lacanian and Marxist theory and a broader cross section of readers interested in understanding the implications of debates across populist and Marxist perspectives that have occupied the global left since the 2008 economic crash The text aims to resituate the way theories of emancipation and liberation are theorized from a distinctive psychoanalytic and Lacanian point of view In resituating the infamous Oedipus complex in a new light the text re

opens a series of debates with important theoretical interlocutors including the influential American historian and psychoanalytic thinker Christopher Lasch whose thought has witnessed a significant renaissance of interest today to the staunch critic of Freud and Lacan Ren Girard to Gilles Deleuze and Félix Guattari and their widely read *Anti Oedipus* series that disputes the Freudian and Lacanian notions of Oedipus

Alterity and Capitalism in Speculative Fiction Tomás Vergara, 2023-10-04 Speculative fiction has been traditionally studied in Marxist literary criticism following Darko Suvin's paradigmatic model of science fiction according to a hierarchical division of its multiple subgenres in terms of their assumed inherent political value By drawing on an alternative genealogy of Marxist criticism this book presents a non hierarchical understanding of the estrangement connecting all varieties of speculative fiction outlining the political potential shared across the spectrum of speculative fiction along with the specific narrative strategies by which it critically engages with its historical context of production This study's main point of contention is that speculative fiction performs an estrangement effect on historical reality that can potentially render visible the role of fantasies in the organisation of capitalist social practice This narrative effect enables an estranged perspective by which the novel interprets and conceptualises historical reality in a totalising manner

Deleuze and Guattari Robert Porter, 2009-10-01 This book examines the relationship between aesthetics and politics based on the philosophies of Gilles Deleuze 1925-1995 and Pierre Félix Guattari 1930-1992 most famous for their collaborative works *Anti Oedipus* 1972 and *A Thousand Plateaus* 1980 Porter analyses the relationship between art and social political life and considers in what ways the aesthetic and political connect to each other Deleuze and Guattari believed that political theory can have aesthetic form and that vice versa the arts can be thought to be forms of political theory Deleuze and Guattari force us to confront the idea that art the things we call language literature painting and architecture always has the potential to be political because naming or language use implies a shaping or ordering of the political as such rather than its representation

The Trouble with Pleasure Aaron Schuster, 2016-02-26 An investigation into the strange and troublesome relationship to pleasure that defines the human being drawing on the disparate perspectives of Deleuze and Lacan Is pleasure a rotten idea mired in negativity and lack which should be abandoned in favor of a new concept of desire Or is desire itself fundamentally a matter of lack absence and loss This is one of the crucial issues dividing the work of Gilles Deleuze and Jacques Lacan two of the most formidable figures of postwar French thought Though the encounter with psychoanalysis deeply marked Deleuze's work we are yet to have a critical account of the very different postures he adopted toward psychoanalysis and especially Lacanian theory throughout his career In *The Trouble with Pleasure* Aaron Schuster tackles this tangled relationship head on The result is neither a Lacanian reading of Deleuze nor a Deleuzian reading of Lacan but rather a systematic and comparative analysis that identifies concerns common to both thinkers and their ultimately incompatible ways of addressing them Schuster focuses on drive and desire the strange convoluted relationship of human beings to the forces that move them from within the trouble with pleasure Along the way

Schuster offers his own engaging and surprising conceptual analyses and inventive examples In the Critique of Pure Complaint he provides a philosophy of complaining ranging from Freud s theory of neurosis to Spinoza s intellectual complaint of God and the Deleuzian great complaint Schuster goes on to elaborate among other things a theory of love as mutually compatible symptoms an original philosophical history of pleasure including a hypothetical Heideggerian treatise and a Platonic theory of true pleasure and an exploration of the 1920s literature of the death drive including Thomas Mann Italo Svevo and Blaise Cendrars *Encyclopedia of Feminist Literary Theory* Elizabeth Kowaleski-Wallace, 2009-03-23 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company
