**Polemic in the Book of Hebrews** Lloyd Kim, 2006-11-01 The author of Hebrews is arguing that God himself has brought about the fulfillment of these institutions through his Son's priesthood his once for all sacrifice and the new covenant he inaugurated in the last days These new institutions are never denied the Jews In fact the context of the epistle presumes that these are primarily for the Jews considering that the author was speaking to a Jewish Christian community The author is not arguing for the abandonment by God of the Jewish people but rather for the abandonment of the shadowy means by which God's people drew near to him It is here we can speak of a qualified supersessionism According to the author of Hebrews the Levitical priesthood the Mosaic covenant and the Levitical sacrifices have been superseded by Jesus' priesthood the new covenant and Jesus' once for all sacrifice However we conclude that the polemical passages in Hebrews do not promote hatred of the Jews nor do they advocate the destruction of the Jewish people Rather the author of Hebrews stresses the fulfillment of specific Jewish institutions for the benefit of the Jews It is this idea of fulfillment that rules out the charge that the epistle promotes the supersession of the Jewish people Because of God's great love for his people he has provided a superior way by which his people can draw near to him from the Conclusion

**Comprehending Antisemitism through the Ages: A Historical Perspective** Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H.

Schiffman,2021-08-23 This volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of Jews It documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the Jews social status The volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism *Contra Iudaeos* Ora Limor,Guy G. Stroumsa,1996 **From Biblical Criticism to Biblical Faith** William H. Brackney,Craig A. Evans,2007 From Biblical Criticism to Biblical Faith offers cutting edge essays in the three discipline areas of theological education History and Exegesis Canon and Theology and Christian Life and Ministry **Roman Imperial Ideology and the Gospel of John** Lance Byron Richey,2023-09-29 This engaging study reflects the growing interest in the relationship of John s Gospel the Roman imperial context in which it was composed It begins and ends with quotations from modern sources that show why the question might be of more than historical interest The first quotation is from the Barmen Declaration of 1934 in which Christian leaders who resisted the advances of Nazism pointed to the lordship of Christ over the claims of the state p xi The final quotation is from Pope Pius XI who in 1925 affirmed Christ s lordship in the wake of cultural currents that removed modern nation states from the claims of the higher authority of God p 185 The problems raised by conflicts between the claims of human government and those of Christian faith provide an important reason to consider what these meant for early Christians including those for whom John s Gospel was written Craig R Koester Luther Seminary Saint Paul MN 55108 The friars and Jews in the Middle Ages and Renaissance Susan E. Myers,Steven J. MacMichael,2004 Historians some specializing in the Middle Ages some in religion and some in a particular European country describe the major areas scholars are working in with regard to the friars preaching to and writing about the Jews from the early days of the mendicant order about the turn of the 13th century to the 16th century Their topics include the **The Seed of Abraham** Michael M. C. Reardon,Pesach Wolicki,2025-06-25 The inspiration for this volume emerged from years of friendship dialogue and collaboration between a Jewish rabbi and Christian professor Historically Jewish Christian relations has been a fraught sphere of inquiry Despite sharing a set of Scriptures the relationship between Christians and Jews has been marked by distrust misunderstandings and exaggerated theological differences which taken together appear to create an indissoluble wedge between the two faiths This volume brings the two faiths into fruitful and productive dialogue by unearthing recondite yet highly significant features shared between them Beyond being an academic exercise the aspiration undergirding this project is to bridge the gap between Jews and Christians and by doing so chart a path forward toward rapprochement reconciliation and Jewish Christian unity **The Cambridge History of Judaism: Volume 4, The Late Roman-Rabbinic Period** William David Davies,Louis Finkelstein,William Horbury,Steven T. Katz,John Sturdy,Mitchell B. Hart,Tony Michels,Jonathan Karp,Adam Sutcliffe,1984 This fourth volume of The Cambridge History of Judaism covers the period from 70 CE to 640 CE the rise of Islam It deals with the major historical

political and cultural developments in Jewish history and the history of Judaism in this crucial era during which Judaism took on its classical shape. It provides discussion and analysis of all the essential subjects pertinent to an understanding of this period and is especially strong in its coverage of the growth and development of rabbinic Judaism and of the major classical rabbinic sources such as the Mishnah, Jerusalem Talmud, Babylonian Talmud, and various Midrashic collections. In addition, it surveys the early encounter of Judaism and Christianity from both the Jewish and Christian sides and describes the rise of Jewish mystical literature, the liturgical literature of the developing synagogue, the nature of magical practices in classical Judaism, and Jewish folklore.

**Anti-Judaism and the Gospel of John** Mirosław Stanisław Wróbel, 2023-12-04. In the light of the research undertaken in this book, the author concludes that the so-called anti-Jewish texts in the Johannine Gospel are not directed against the Jews being an ethnic or religious community. The object of the polemic and attacks is not the entire Jewish nation across the span of all the ages but a group of the Jewish leaders or opponents to Jesus in the First Century AD. Looking through the prism of the aposynagoga polemic, one can notice that the state of tension between the Johannine community and rabbinic Judaism is inter-Jewish, not anti-Jewish in character. The source of the polemical language of the Fourth Gospel is the Christological discussion in the historical and sociological context: the Messianic confession, the excommunication from the Synagogue, the presence of Samaritans in the Johannine community, the struggle for the preservation of the identity.

"Those Who Call Themselves Jews" Philip L. Mayo, 2006-08-01. The nature of Jewish-Christian relations at the end of the first century has been a subject of serious study and considerable debate. The time between 70 and 150 CE is held to be a volatile time in that Jewish-Christian relations were quickly, although not uniformly, deteriorating. This is a time referred to as the partings of the ways when the church was emerging as a religion apart from Judaism. Although it has often been neglected in this study of particular interest is the Apocalypse of John since it was written in this dark and turbulent time in Jewish-Christian relations. John, who is a Jewish Christian, is writing to what are likely predominantly Gentile churches. At first, he appears to deny the very name Jew to his ethnic kin while accusing them of belonging to Satan (2:9, 3:9). Nevertheless, he does not abandon his own Jewish background and theology. He makes broad use of the Hebrew Scriptures and Jewish cultic imagery while maintaining a Christian understanding that Jesus is the fulfillment of God's redemptive plan. What is of particular interest is how he adopts and adapts this imagery and language and applies it to the church. It is John's mix of Jewish imagery with a Christian message that may provide some insight into his perspective on the relationship between these two increasingly polarized sects. What exactly this perspective constitutes is the subject of the present discussion.

*Perfect Martyr* Shelly Matthews, 2012-07-12. This book analyzes the story of Stephen, the first Christian martyr, both in terms of rhetorical fittingness and Christian tradition concerning the significance of his dying forgiveness prayer. It questions the historicity of the account of his death, underscores Acts' rhetorical violence, and reads Acts against narratives of the martyrdom of James as a means to a richer history of early Jewish-Christian relations.

Matthaeus Adversus Christianos

Christoph Ochs, 2013 In this book Christoph Ochs presents for the first time an extensive study of the use of the Gospel of Matthew in Jewish polemics These often overlooked texts advance numerous exegetical arguments against Jesus divinity the incarnation and the Trinity Seven Jewish polemical key texts comprise the main sources for this inquiry Qissat Mujadilat al Usqf c 8 9th century and Sefer Nestor ha Komer before 1170 Sefer Milhamot ha Shem c 1170 Sefer Yosef ha Meqanne c 13th century Nizzahon Vetus 13 14th century Even Bohan late 14th century Kelimmat ha Goyim c 1397 and Hizzuq Emunah c 1594 Together with the relevant passages in the original Hebrew and in translation each text is presented with a historical and exegetical introduction Contemporary parallels are also discussed but in less detail The result is a compendium of arguments against the divinity of Jesus based on the Jewish interpretation of Matthew Jesus and Paul in the Context of Judaism and Early Christianity Donald A. Hagner, 2025-03-27 In the late nineteenth century Jewish scholars began to be interested in Jesus and eventually Paul as important figures in the history of the Jewish people Rightly understood they argued Jesus and Paul belonged more to Judaism than to Christianity as even radical critical Christian scholars were concluding The earliest believers in Jesus were exclusively Jews forming something like a new sect within Judaism The emergence of the Christianity of the New Testament soon became a focus of attention for Jewish scholars and with this a host of questions arose such as about the influence of Hellenism the parting of the ways the widespread Christian misperception of Judaism the tragedy of anti Semitism and the identity of Jesus as Messiah and Lord The present essays address these and other issues maintaining throughout the tension of continuity and discontinuity and stressing the underappreciated radical newness of the New Testament *Desiring Martyrs* Harry O. Maier, Katharina Waldner, 2020-12-16 Martyrs create space and time through the actions they take the fate they suffer the stories they prompt the cultural narratives against which they take place and the retelling of their tales in different places and contexts The title *Desiring Martyrs* is meant in two senses First it refers to protagonists and antagonists of the martyrdom narratives who as literary characters seek martyrs and the way they inscribe certain kinds of cultural and social desire Second it describes the later celebration of martyrs via narrative martyrdom acts monuments inscriptions martyria liturgical commemoration pilgrimage etc Here there is a cultural desire to tell or remember a particular kind of story about the past that serves particular communal interests and goals By applying the spatial turn to these ancient texts the volume seeks to advance a still nascent social geographical understanding of emergent Christian and Jewish martyrdom It explores how martyr narratives engage pre existing time space configurations to result in new appropriations of earlier traditions Christian-Jewish Relations Through the Centuries Stanley E. Porter, Brook W. Pearson, 2004-12-19 Christian Jewish relations have had changing fortunes throughout the centuries Occasionally there has been peace and even mutual understanding but usually these relations have been ones of tension often involving recrimination and even violence This volume addresses a number of the major questions that have been at the heart and the periphery of these tenuous relations through the years The volume begins with a number of papers discussing

relations as Christianity emerged from and defined itself in terms of Judaism Other papers trace the relations through the intervening years And a number of papers confront issues that have been at the heart of the troubled twentieth century In all these papers address a sensitive yet vital set of issues from a variety of approaches and perspectives becoming in their own way a part of the ongoing dialogue

*The Problem with Paul* Brian J. Dodd, 1996-04-22 People outside the church have often found Paul hard to stomach His views on women sex and marriage his failure to attack the institution of slavery his verbal attacks on his opponents have all come under fire Regrettably Paul hasn't always fared that much better among believers who themselves like the apostle Peter sometimes wonder what to make of him Let's face it Paul just isn't politically correct Brian Dodd offers a fresh look at the somewhat enigmatic and misunderstood Paul With a pastor's heart and a scholar's insight he helps us to bridge the gap between Paul's world and our own providing the perspective we need to begin to make sense of Paul the man and his message Whether you stand outside the church looking in or whether even from the inside you struggle to make sense of Paul in the contemporary world *The Problem with Paul* will deepen your understanding and help you to grapple with one of the New Testament's most important authors
