Spheres of Conflict and Rivalries in Renaissance Europe Marc Laureys,Jill Kraye,David A. Lines,2020-12-14 This volume is devoted to the spheres in which conflict and rivalries unfolded during the Renaissance and how these social cultural and geographical settings conditioned the polemics themselves This is the second of three volumes on Renaissance Conflict and Rivalries which together present the results of research pursued in an International Leverhulme Network The underlying assumption of the essays in this volume is that conflict and rivalries took place in the public sphere that cannot be understood as single all inclusive and universally accessible but needs rather to be seen as a conglomerate of segments of the public sphere

depending on the persons and the settings involved The articles collected here address various questions concerning the construction of different segments of the public sphere in Renaissance conflict and rivalries as well as the communication processes that went on in these spaces to initiate control and resolve polemical exchanges **El Siglo de Oro ibérico:**

Robalino, 2014-08-20 Female Amerindians in Early Modern Spanish Theater is a collection of essays that focuses on the female Amerindian characters in comedias based on the discovery exploration and conquest of America This book emerges as a response to the limited number of studies that focus on these characters and more importantly on the function of these characters as theatrical artifacts within conquest plays Conquest plays are about a handful their heroes are the European male conquerors yet the Amerindian has attracted attention from critics for the value as constructs of cultural discourse We see this character the theatrical Indian as a construct an instrument in many ways a spectacular artifact of the baroque

tramoya which emerges from the conversion point of the Counterreformation ideology It has been our purpose here to advance the study of these characters by adding a gender perspective Therefore while sociological and cultural studies are still a fundamental part of the theoretical framework of this project we use feminism as a critical matrix in our inquiries Amerindian female characters stand apart from male Amerindians and Spanish women in dramas which we believe make them worthy of individual attention The articles in this collection delineate different representations of Amerindian women and as a whole this book contributes to a better understanding of the dramatic use of these characters

Unruly Women Margaret E. Boyle, 2014-01-01 In the first in depth study of the interconnected relationships among public theatre custodial institutions and women in early modern Spain Margaret E Boyle explores the contradictory practices of rehabilitation enacted by women both on and off stage Pairing historical narratives and archival records with canonical and non canonical theatrical representations of women s deviance and rehabilitation *Unruly Women* argues that women s performances of penitence and punishment should be considered a significant factor in early modern Spanish life Boyle considers both real life sites of rehabilitation for women in seventeenth century Madrid including a jail and a magdalen house and women onstage where she identifies three distinct representations of female deviance the widow the vixen and the murderess *Unruly Women* explores these archetypal figures in order to demonstrate the ways a variety of playwrights comment on women s non normative relationships to the topics of marriage sex and violence

Plot Twists and Critical Turns Matthew D. Stroud, 2007 *Plot Twists and Critical Turns* Queer Approaches to Early Modern Spanish Theater offers readings of a variety of works of seventeenth century Spanish theater from perspectives grounded in queer studies and demonstrates that these plays even given the limitations imposed by censorship public taste and their own conventional precepts are shot through with gaps that allow one to perceive at least the outlines of an absent queer object if not overt examples of manifest challenges to gender conformity

Memories of Colonisation in Medieval and Modern Castile Rebecca De Souza, 2024-10-31 *Memories of Colonisation in Medieval and Modern Castile* Rereading and Refashioning al Andalus traces the evolving memory of a dominant al Andalus in medieval Castilian and later modern Spanish literature and its overlap with contemporary formations of collective identity race and nation It presents a series of close readings of neomedievalist literary works that look back to the socioeconomic apogee of al Andalus the tenth century Umayyad Caliphate of Cordoba from the thirteenth to the nineteenth century These works rewrite what has become known as the story of the siete infantes de Lara although it is their Andalusi half brother Mudarra who takes centre stage from the early modern period on In its earliest form it is a story of a weak conflictual county of Castile dependent socioeconomically and morally upon Andalusi intervention This book therefore traces how a story of Castilian weakness is repeatedly rewritten once the reverse colonial dynamic had taken hold and Castile had begun conquering al Andalus *Memories of Colonisation* asks why Mudarra and the infantes continue to reappear in medieval chronicles from the *Estoria de Espa a* to lesser known regional historiography early modern ballads

comedias and nineteenth century Romantic poetry and prose By examining how each of these texts remember tenth century Iberia's fluid geographical and interracial boundaries it explores how they support or challenge dominant contemporary discourses of collective identity race and nation from the neogothic aspirations of thirteenth century Castile to the antisemitism of fifteenth century Toledo expansion in the Mediterranean the Islamophobia of the morisco expulsion and the partisan manipulation of al Andalus under nineteenth century liberalism As the first study of the development of Spanish neomedievalism it explores how this serves as a productive prescient discourse of cultural memory through which chroniclers poets playwrights and authors can look forward It questions the inevitability of Christian Castilian colonial hegemony by invoking a narrative of Christian Iberia's own subjugation by a superior Umayyad Caliphate It also explores how each text exposes the task of reconstructing historical memory in the present and thereby challenges the notion of a stable incontestable past for Castile and Spain *The Outrageous Juan Rana Entremeses* Peter E. Thompson, 2009-01-01 The Outrageous Juan Rana Entremeses translates a selection of Juan Rana's interludes for the first time highlighting their literary complexity and providing historical context for the many double meanings and innuendos they contain **Bulletin of the Comediantes** Comediantes, 1985 Paraninfos, segundones y epígonos de la comedia del Siglo de Oro María Elena Arenas Cruz, 2004 La crítica literaria siempre se ha referido a las grandes figuras del teatro del Siglo de Oro Lope Tirso y Calderón y ha marginado a otros autores muy significativos e importantes para comprender el contexto sociocultural y creativo de la época Por eso mismo su conocimiento y estudio es de sumo interés desde el punto de vista socioliterario y de la aportación estética de la obra misma La aportación editorial de la obra constituye una novedad ya que puede considerarse una antología muy original Texto de la editorial
