The curriculum especially focuses on applying diagnostic strategy to and performing service procedures for emissions systems faults. Learners will also develop an understanding of IM testing and an ability to interpret IM test reports to aid in diagnosis. This objective based curriculum will prepare learners for the challenges of servicing engine management systems in the shop today. This is a complete curriculum solution for Advanced Automotive Engine Performance. Online courseware is available and is rich in video and animation to support understanding of complex systems. This solution is available in print plus digital or digital only offerings providing eBook and online course pairing with mobile friendly adaptability. Complete tests, tasksheets and instructor resources make this curriculum easy to adopt and integrate into any automotive program.

Automotive Engine Performance, 2003 *Today's Technician* Douglas Vidler, 2003-07. This comprehensive training and education package focuses on the major engine systems affecting engine performance and driveability with topics ranging from engine basics to fuel ignition and OBD II systems. Various manufacturers vehicle systems are represented to illustrate the similarities and differences technicians will encounter today. Current and thoroughly updated system information and diagnostic strategies in this edition added to help students keep pace with emerging technologies include _ a new systematic approach to diagnosing problems _ updated scanner information _ new engine technology including the throttle actuator control system _ new magneto resistive sensors _ recent emission inspection requirements and mandates specifically regarding OBD II _ expanded discussion of fuel cell technology _ expanded discussion of the operation of hybrid vehicles. Like other books in the Today's Technician series, the Classroom Manual covers the subject fundamentals, discussing theory and operation of each engine system. The Shop Manual provides the service and diagnostic how to component with hands on exercises that reinforce concepts learned in the Classroom Manual. Restructured Job Sheets in the Shop Manual provide a format for students to perform the tasks covered in each chapter.
