**Autonomy & Disintegration Indonesia** Damien Kingsbury, Harry Aveling, 2012-12-06 Fragmentation in Indonesia is by far the most critical issue now facing the state This book analyses social unrest autonomy and separatism in the wake of the Indonesian economic crisis placing them in the context of state evolution and looking at the competing aims of economic and political globalization with local agendas Topics covered include Indonesian nationalism in historical perspective identity and the nation state NGO activism and case studies from Aceh Papua East Timor and Sumatra [Autonomy and Disintegration in Indonesia](#) Damien Kingsbury, Harry Aveling, 2003

**Communal Violence and Democratization in Indonesia** Gerry van Klinken, 2007-01-24 Through close scrutiny of empirical materials and interviews this book uniquely analyzes all the episodes of long running widespread communal violence that erupted during Indonesia's post New Order transition Indonesia democratized after the long and authoritarian New Order regime ended in May 1998 But the transition was far less peaceful than is often thought It claimed about 10 000 lives in communal ethnic and religious violence and nearly as many as that again in separatist violence in Aceh and East Timor Taking a comprehensive look at the communal violence that arose after the New Order regime this book will be of interest to students of Southeast Asian studies social movements political violence and ethnicity

*Territorial Change and Conflict in Indonesia* Ratri Istantia, 2022-12-30 This book focuses on Indonesia and investigates why competition between various identity affiliated groups to claim a new province increases conflict severity It includes a quantitative study along with complementary case studies of provinces in Indonesia which provide evidence that group fragmentation plays a role in determining conflict during a new province's struggle Against the background of the Indonesian government's territorial autonomy TA strategy regional proliferation or pemekaran the author examines the long term decentralization project in Indonesia which has an ethnically and religiously divided population The book provides answers to the questions of how the new province claim increases conflict in the supporting districts and how competition among diverse elites in districts pursuing a new province precipitate conflict within the region Based on extensive field research the four case studies of districts with varying degrees of conflict reveal that the campaign for a new province proliferation increases the probability of conflict at the district level and conflict can escalate during the initiation of a new province stage The author argues that more provinces may be necessary to ensure the fair distribution of wealth that would enable the whole population to enjoy a similar quality of life and that the Indonesian government needs to wisely and strategically uphold its unity if a federal arrangement is not an option Offering a novel contribution to the study of the relationship between territorial change and conflict in Indonesia this book will be of interest to academics studying Indonesian politics Southeast Asian politics as well as identity and ethnic politics [Constitutional Change and Democracy in Indonesia](#) Donald L. Horowitz, 2013-03-25 How did democracy become entrenched in the world's largest Muslim majority country After the fall of its authoritarian regime in 1998 Indonesia pursued an unusual course of democratization It was

insider dominated and gradualist and it involved free elections before a lengthy process of constitutional reform At the end of the process Indonesia's amended constitution was essentially a new and thoroughly democratic document By proceeding as they did the Indonesians averted the conflict that would have arisen between adherents of the old constitution and proponents of radical immediate reform Donald L Horowitz documents the decisions that gave rise to this distinctive constitutional process He then traces the effects of the new institutions on Indonesian politics and discusses their shortcomings and their achievements in steering Indonesia away from the dangers of polarization and violence He also examines the Indonesian story in the context of comparative experience with constitutional design and intergroup conflict

*Political Reform in Indonesia After Soeharto* Harold A. Crouch, 2010 Three decades of authoritarian rule in Indonesia came to a sudden end in 1998 The collapse of the Soeharto regime was accompanied by massive economic decline widespread rioting communal conflict and fears that the nation was approaching the brink of disintegration Although the fall of Soeharto opened

the way towards democratization conditions were by no means propitious for political reform This book asks how political reform could proceed despite such unpromising circumstances It examines electoral and constitutional reform the decentralization of a highly centralized regime the gradual but incomplete withdrawal of the military from its deep political involvement the launching of an anti corruption campaign and the achievement of peace in two provinces that had been devastated by communal violence and regional rebellion     Routledge Handbook of Regionalism & Federalism John Loughlin, John Kincaid, Wilfried Swenden, 2013-07-18 Almost all states are either federal or regionalized in some sense It is difficult to find a state that is entirely unitary and the Routledge Handbook of Regionalism and Federalism necessarily takes in almost the entire world Both federalism and regionalism have been subjects of a vast academic literature mainly from political science but sometimes also from history economics and geography This cutting edge examination seeks to evaluate the two types of state organization from the perspective of political science producing a work that is analytical rather than simply descriptive The Handbook presents some of the latest theoretical reflections on regionalism and federalism and then moves on to discuss cases of both regionalism and federalism in key countries chosen from the world's macro regions Assembling this wide range of case studies allows the book to present a general picture of current trends in territorial governance The final chapters then examine failed federations such as Czechoslovakia and examples of transnational regionalism the EU NAFTA and the African Union Covering evolving forms of federalism and regionalism in all parts of the world and featuring a comprehensive range of case studies by leading international scholars this work will be an essential reference source for all students and scholars of international politics comparative politics and international relations

Stepan, 2013 In 1998 Indonesia's military government collapsed creating a crisis that many believed would derail its democratic transition Yet the world's most populous Muslim country continues to receive high marks from democracy ranking organizations In this volume political scientists religious scholars legal theorists and anthropologists examine Indonesia's transition compared to Chile Spain India and potentially Tunisia and democratic failures in Yugoslavia Egypt and Iran Chapters explore religion and politics and Muslims support for democracy before change     *Indonesia, Law and Society* Timothy Lindsey, 2008 Since the first edition Indonesia has undergone massive political and legal change as part of its post Soeharto reform process and its dramatic transition to democracy This work contains 25 new chapters and the 4 surviving chapters have all been revised where necessary Indonesia Law and Society now covers a broad range of legal fields and includes both historical and very up to date analyses and views on Indonesian legal issues It includes work by leading scholars from a wide range of countries There is still no comparable English language text in existence     OECD Fiscal

*Indonesia* Edward Aspinall, Mada Sukmajati, 2016-04-05 How do politicians win elected office in Indonesia To find out research teams fanned out across the country prior to Indonesia's 2014 legislative election to record campaign events interview candidates and canvassers and observe their interactions with voters They found that at the grassroots political parties are less important than personal campaign teams and vote brokers who reach out to voters through a wide range of networks associated with religion ethnicity kinship micro enterprises sports clubs and voluntary groups of all sorts Above all candidates distribute patronage cash goods and other material benefits to individual voters and to communities Electoral Dynamics in Indonesia brings to light the scale and complexity of vote buying and the many uncertainties involved in this style of politics providing an unusually intimate portrait of politics in a patronage based system *Anomie and Violence* John

Braithwaite, Valerie Braithwaite, Michael Cookson, Leah Dunn, 2010-03-01 Indonesia suffered an explosion of religious violence ethnic violence separatist violence terrorism and violence by criminal gangs the security forces and militias in the late 1990s and early 2000s By 2002 Indonesia had the worst terrorism problem of any nation All these forms of violence have now fallen dramatically How was this accomplished What drove the rise and the fall of violence Anomie theory is deployed to explain these developments Sudden institutional change at the time of the Asian financial crisis and the fall of President Suharto meant the rules of the game were up for grabs Valerie Braithwaite's motivational postures theory is used to explain the gaming of the rules and the disengagement from authority that occurred in that era Ultimately resistance to Suharto laid a foundation for commitment to a revised more democratic institutional order The peacebuilding that occurred was not based on the high integrity truth seeking and reconciliation that was the normative preference of these authors Rather it was based on non truth sometimes lies and yet substantial reconciliation This poses a challenge to restorative justice theories of

peacebuilding *Geographical Indications at the Crossroads of Trade, Development, and Culture* Irene Calboli, Wee Loon

Ng-Loy, 2017-06-16 This volume focuses on the procedures for determining the geographical indicator labels for globally traded goods in the Asia Pacific region The book is also available as Open Access **Internationalizing Higher Education**
