Autumn Window Poems:

Autumn Window William Marr, 1995 **Selective Guide to Chinese Literature 1900-1949, Volume 3 Poem**
Haft, 2023-07-24 *Modern Korean Poetry* Jaihiun Kim, 1994 A companion volume to the Classical Korean Poetry this
anthology provides the reader a bird's eye view of modern 20th century Korean poetry thus completing the sampling of the
Korean poetry beginning with the 12th century through the present *A Selective Guide to Chinese Literature, 1900-1949*
Nils Göran David Malmqvist, European Science Foundation, 1988 **Selected Poems** Pablo Neruda, 1990 Neruda's Spanish
text is presented with in face translations in this comprehensive collection of his works *The Red Brush* Wilt L.
Idema, Beata Grant, 2020-03-23 One of the most exciting recent developments in the study of Chinese literature has been the
rediscovery of an extremely rich and diverse tradition of women's writing of the imperial period 221 B C E 1911 C E Many of
these writings are of considerable literary quality Others provide us with moving insights into the lives and feelings of a
surprisingly diverse group of women living in Confucian China a society that perhaps more than any other is known for its
patriarchal tradition Because of the burgeoning interest in the study of both premodern and modern women in China several
scholarly books articles and even anthologies of women's poetry have been published in the last two decades This anthology
differs from previous works by offering a glimpse of women's writings not only in poetry but in other genres as well including
essays and letters drama religious writing and narrative fiction The authors have presented the selections within their
respective biographical and historical contexts This comprehensive approach helps to clarify traditional Chinese ideas on the
nature and function of literature as well as on the role of the woman writer **Poetry-Painting Affinity as Intersemiotic**
Translation Chengzhi Jiang, 2020-04-16 This book interprets the close intimacy between poetry and painting from the
perspective of intersemiotic translation by providing a systematic examination of the bilingual and visual representation of
landscape in the poetry of Wang Wei a high Tang poet who won worldwide reputation The author's subtle analysis ranges
from epistemological issues of language philosophy and poetry translation to the very depths where the later Heidegger and
Tao oriented Chinese wisdom can co work to reveal their ontological inter-rootedness through a two level cognitive stylistic
research methodology *The Poetry of Du Fu* Stephen Owen, 2015-11-13 The Complete Poetry of Du Fu presents a complete
scholarly translation of Chinese literature alongside the original text in a critical edition The English translation is more
scholarly than vernacular Chinese translations and it is compelled to address problems that even the best traditional
commentaries overlook The main body of the text is a facing page translation and critical edition of the earliest Song editions
and other sources For convenience the translations are arranged following the sequence in Qiu Zhao'an's *Du shi xiangzhu*
although Qiu's text is not followed Basic footnotes are included when the translation needs clarification or supplement
Endnotes provide sources textual notes and a limited discussion of problem passages A supplement references commonly
used allusions their sources and where they can be found in the translation Scholars know that there is scarcely a Du Fu

poem whose interpretation is uncontested The scholar may use this as a baseline to agree or disagree Other readers can feel confident that this is a credible reading of the text within the tradition A reader with a basic understanding of the language of Chinese poetry can use this to facilitate reading Du Fu which can present problems for even the most learned reader

Chinese Narratology I Yang Yi, 2023-11-30 As the first volume of a two volume set on Chinese narratology this title introduces the cultural fundamentals that nurture Chinese literary works and investigates the structure and time of Chinese narrative In the introductory chapter the author examines the intrinsic association between Chinese writers narrative techniques and China's cultural background by putting forward a Principle of Duixing to facilitate the study of those techniques and three steps to revisit Chinese narrative Based on Western narrative theories and a close reading of outstanding Chinese literary classics the volume focuses on structure and time in Chinese narrative The first part on structure jieyou identifies five essential themes to analyze the dual dynamic structure of Chinese narrative In terms of aspects of time the author demonstrates how the holistic view of time and space in the Chinese tradition influences the chronological framework of narratives and shapes the outset of a story The book is a must read for scholars and students interested in narrative theory Chinese culture and literature and the dialogue between Chinese and Western narratological studies
