The Available Means of Persuasion David M. Sheridan, Jim Ridolfo, 2012-03-19 From the beginning rhetoric has been a productive and practical art aimed at preparing citizens to participate in communal life Possibilities for this participation are continually evolving in light of cultural and technological changes The Available Means of Persuasion Mapping a Theory and Pedagogy of Multimodal Public Rhetoric explores the ways that public rhetoric has changed due to emerging technologies that enable us to produce reproduce and distribute compositions that integrate visual aural and alphabetic elements David M Sheridan Jim Ridolfo and Anthony J Michel argue that to exploit such options fully rhetorical theory and pedagogy need to be reconfigured

Available Means Joy S. Ritchie, Katharine J. Ronald, 2001-07-12 I say that even later someone will remember us Sappho Fragment 147 sixth century BC Sappho's prediction came true fragments of work by the earliest woman writer in Western literate history have in fact survived into the twenty first century But not without peril Sappho's writing remains only in fragments partly due to the passage of time but mostly as a result of systematic efforts to silence women's voices Sappho's hopeful boast captures the mission of this anthology to gather together women engaged in the art of persuasion across differences of race class sexual orientation historical and physical locations in order to remember that the rhetorical tradition indeed includes them Available Means offers seventy women rhetoricians from ancient Greece to the twenty first century a room of their own for the first time Editors Joy Ritchie and Kate Ronald do so in the feminist tradition of recovering a previously unarticulated canon of women's rhetoric Women whose voices are central to such scholarship are included here such as Aspasia a contemporary of Plato's Margery Kempe Margaret Fuller and Ida B Wells Added are influential works on what it means to write as a woman by Virginia Woolf Adrienne Rich Nancy Mairs Alice Walker and Hélène Cixous Public manifestos on the rights of women by Hortensia Mary Astell Maria Stewart Sarah and Angelina Grimké Anna Julia Cooper Margaret Sanger and Audre Lorde also join the discourse But Available Means searches for rhetorical tradition in less obvious places too Letters journals speeches newspaper columns diaries meditations and a fable Rachel Carson's introduction to *Silent Spring* also find places in this room Such unconventional documents challenge traditional notions of invention arrangement style and delivery and blur the boundaries between public and private discourse Included too are writers whose voices have not been heard in any tradition Ritchie and Ronald seek to unsettle as they expand the women's rhetorical canon Arranged chronologically Available Means is designed as a classroom text that will allow students to hear women speaking to each other across centuries and to see how women have added new places from which arguments can be made Each selection is accompanied by an extensive headnote which sets the reading in context The breadth of material will allow students to ask such questions as How might we define women's rhetoric How have women used and subverted traditional rhetoric A topical index at the end of the book provides teachers a guide through the rhetorical riches Available Means will be an invaluable text for rhetoric courses of all levels as well as for women's studies courses
