## **Avant Guardian 1965 1990 A Theater Foundation Directors 25 Years Off Broadway:**

Avant-guardian, 1965-1990 Donn Russell, 1996 The first important experimental theater movement in the United States had its origins in the coffee houses of New York City's Greenwich Village in the early 1960s. It developed into the phenomena known as Off and Off Off Broadway and redefined American theatrical experience for decades. Avant Guardian is an informal, often irreverent account of this theater movement's evolution by one involved with it since 1965. Donn Russell served as co-creator and director of a foundation that funded many of the movement's most adventurous undertakings. Russell presents a series of biographical sketches of some of the leading and misleading participants, the companies they formed, and the bizarre locations they occupied, laced with his own observations and recollections. It is also a paean to the city that harbored and nurtured these gifted ones, probably the greatest theatrical experience of all. This book, like the foundation, is all about beginnings: how now famous performers like Dustin Hoffman, Faye Dunaway, Judd Hirsch, Olympia Dukakis, Al Pacino, Tim Robbins, and William Hurt got their starts in then obscure companies like the American Place, Caffe Cino, La MaMa, Chelsea Theater Center, and Circle Repertory; how directors like Joseph Chaikin and Robert Wilson formed the Open Theater and the Byrd Hoffman School of Byrds; how playwrights like Sam Shepard and Pulitzer Prize winner Lanford Wilson got their first works performed, along with many others. There are vignettes of the author's encounters with established personalities like Cary Grant, Ida Lupino, Robert Redford, and Tennessee Williams, and affecting portraits of Ellen Stewart, the legendary doyenne of Off Off Broadway, and of Mabou Mines, the extraordinary collective that defined the avant garde esthetic for the 1970s. But Avant Guardian also celebrates the less heralded working stiffs of the theater who chose to dedicate their careers to making small magic on unlikely stages, in relative anonymity, to continually challenge and expand the boundaries of their profession for their own edification and ultimately ours. *Ethical Exchanges in Translation, Adaptation and Dramaturgy*, 2017-06-06 Ethical Exchanges in Translation, Adaptation and Dramaturgy examines compelling ethical issues that concern practitioners and scholars in the fields of translation, adaptation, and dramaturgy. Its 11 essays, written by academic theorists as well as scholar practitioners, represent a rich diversity of philosophies and perspectives and reflect a broad international frame of reference: Asia, Europe, North America, and Australasia. They also traverse a wide range of theatrical forms: classic and contemporary playwrights from Shakespeare to Ibsen, immersive and interactive theatre, verbatim theatre, devised and community theatre, and postdramatic theatre. In examining the ethics of specific artistic practices, the book highlights the significant continuities between translation, adaptation, and dramaturgy; it considers the ethics of spectatorship and identifies the tightly interwoven relationship between ethics and politics. Publishers' Trade List Annual, 1999 R. R. Bowker Publishing, Bowker, 1999-09
