One Gospel - Many Cultures, 2021-08-04 The gospel is directed to people in the concreteness of their lives For this reason the understanding of the gospel is always of

a contextual nature i.e. is at all times related to the situations in which people live and is therefore influenced by various cultures. The one gospel is understood in and shaped by many cultures. In *One Gospel Many Cultures* authors from various parts of the world describe examples of such contextual understandings of the gospel message. The volume contains accounts of Jesus as rice in a Korean and as guru in a South Indian setting; churches in secular and individualistic societies on both sides of the Atlantic struggling to understand the gospel anew; Christians in East Asian megalopolises trying to inculturate faith in their local cultures; poverty-stricken people in massive urban areas in Latin America who cannot read; eating fragments of the Psalms; women in African countries suffering poverty and threatened by the spread of diseases raising the question whether the churches should stick to monogamy or make room for polygamy. These examples entail serious questions for the churches. In what does the unity of the worldwide church consist and how strong is its witness if various contexts yield different interpretations of the gospel? Is cross-cultural understanding in the church possible? Is the World's Day of Women's Prayer perhaps a better example of cross-cultural sharing and unity: women listening to women from parts of the world other than their own, praying together, sharing songs and if needed money and thereby demonstrating one faith, one gospel, one God? And to take another completely different case: was apartheid not a cruel form of contextualization, a parody of the gospel of liberation, a negation of the gospel that calls for and makes possible the breaking down of existing walls of separation between people of different races, colours, nations and genders? The contributors to the work in hand do not merely present case studies of attempts to bring the gospel into rapport with diverse cultural and human situations but also discuss the pros and cons of the examples of contextualization they describe. The papers included in the present work are the fruit of a study project which forms part of the larger, long-standing and ongoing program of theological reflection undertaken by the World Alliance of Reformed Churches. With its fascinating cases, studies and thorough discussions of the problems and issues involved in contextualization, this volume will be recognized as an important textbook for academic courses in intercultural theology, ecumenical studies and theological hermeneutics.

The Essence of Shreemad Bhagavatam Paramahansa Sri Swami Vishwananda, 2016-03-07

The *Shreemad Bhagavatam* is a scripture unlike any other. It is the last and greatest work of the great sage Sri Vedavyasa and serves as the culmination of all the Vedas and Puranas. Above all the many things it accomplishes, it tells us that God has and continues to incarnate in many forms to make Himself known to His children. He walks with them, talks with them, laughs with them. He lives with them. So how can we come to know Him? This is why we have the *Shreemad Bhagavatam*, the crown jewel of Hindu holy scripture. When it is expounded to us by a true living embodiment of the Divine like Paramahansa Sri Swami Vishwananda, we have something incomparable to anything else: we have a firsthand experience of God Himself. Do not simply read this book. Relive every experience, every word in the core of your heart, and you will find that God doesn't exist in some

far away plane nor is He confined to the scriptures of yesteryear He lives in the heart of every living being today Find Him love Him and be free
