bringing light to darkness is a moving and meaningful way to create sacred space celebrate joyous occasions and find solace in times of loss Candle rites are also a time honored way to bestow blessings upon loved ones or focus energy on any wish or intention that you may have Warm and wise By Candlelight is the most complete guidebook to candle rituals available Within these pages are eighty seven beautifully crafted rites for a wide variety of common concerns large and small From a rite for evoking the good in others to summoning personal willpower there are rituals for both the public and private spheres of life along with prayers blessings meditations affirmations visualizations and ceremonial actions Suggestions are included for using color and fragrance home altars and other approaches to enhance and personalize your candle rites New Age Capitalism Kimberly J. Lau,2015-11-10 The pursuit of health and wellness has become a fundamental and familiar part of everyday life in America We are surrounded by an enticing world of products practices and promotions assuring health and happiness cereal boxes claim that their contents can reduce the risk of heart disease bars of aromatherapy soap seek to wash away our stresses newspapers celebrate the wonders of the latest superfoods and herbal remedies No longer confined to the domain of Western medicine suggestions for healthy living often turn to alternatives originating in distant times and places in cultures very different from our own Diets from ancient or remote groups are presented as cures for everything from colds to cancer exercise regimens based on Eastern philosophies are heralded as paths to physical health and spiritual wellbeing In New Age Capitalism Kimberly Lau examines the ideological work that has created this billion dollar business and allowed Eastern and other non Western traditions to be coopted by Western capitalism Extending the orientalist logic to the business of health and wellness American companies have created a lucrative and competitive market for their products encouraging consumers to believe that they are making the right choices for personal as well as planetary health In reality alternative health practices have been commodified for an American public longing not only for health and wellness but also for authenticity tradition and a connection to the cultures of an imagined Edenic past Although consumers might prefer to buy into authentic non Western therapies New Age Capitalism argues that the market economy makes this goal unattainable

Profits and Sustainability Geoffrey Jones,2018-01-26 Are profits and sustainability compatible This book brings unique perspectives to this key debate by exploring the history of green entrepreneurship since the nineteenth century and its spread globally in industries including renewable energy organic food natural beauty ecotourism recycling architecture and finance The book uses the lens of the extraordinary and often eccentric men and women who defied convention and imagined that business could help save the planet rather than consume it The social and religious beliefs that drove many of these individuals are explored as the book looks at how they overcame huge obstacles to execute their strategies The green entrepreneurs seen here are shown to have created new markets and industries and driven innovations in sustainable practices even at times when most consumers and governments marginalized the entire subject The struggles of early pioneers appear to have been rewarded by the growth of environmental awareness among consumers business leaders and

others in recent years but the Earth's environmental health continues to deteriorate. If profits and sustainability have proved challenging to reconcile, the book argues that one reason was how they were both defined.

The Environmental Communication Yearbook Stephen P. Depoe, 2014-04-08 First Published in 2006 For scholars and students in environmental communications, journalism, rhetoric, PR, mass communication and other related areas. *Radiant Body, Restful Mind* Shubhra Krishan, 2011-02-08 Shubhra Krishan firmly believes that a pampered body is a healthy body. In *Radiant Body Restful Mind*, she divides the elements of a woman's life into such subjects as home cooking, bath relaxation, bedroom beauty, relationships and retreats, offering special indulgences for each. Designed to enliven and enrich one's life, the book includes tips on clearing clutter, expressing creativity, preparing facials and scrubs, enjoying the natural world, nurturing relationships with friends and spouses, and creating personal sacred space in one's home and life.

Peribology Bryan Sisson, 2013-11-22 Peribology seeks to discover the etymology of symbolism. If a gift is given in a distant future and no one knows how to interpret the secret message, does the traditional meaning carry over subconsciously? Furthermore, does this symbolism unfold in the human experience in other ways? Peribology seeks to uncover secrets from bygone eras and encourage those who are willing to breathe life again into yesteryear's old, archaic Floriography. Peribology will set the stage for modern flower talk from these gathered sources and on-going research. Since scientific inquiry admonishes the old flower language, Peribology rationalizes meaning not on poetry but on the natural effects nature's treasures have on the five senses and the human psyche. If you want to join the cause, we welcome you into the restoration movement we call Peribology, the modern flower tongue. Please visit us online at www.peribology.com, like our page on Facebook, and even follow us on Peribology.

PTSD Self Help A. E. Huppert, 2014-08-11 Post-Traumatic Stress Disorder doesn't have to be a lifetime sentence; mere survival is optional. Have you lost someone you know to suicide, war, or natural disaster? Experienced something you just can't get over? Tried counseling, talk therapy, or support groups without success? Need help explaining PTSD to others? Getting your spouse/family on board? Understanding what's happening, why? For the first time, A. E. Huppert, co-founder of 343 Solutions, reveals details about why she struggled for 30 years as a PTSD survivor, the three years it took to find freedom, and what it's like to savor living 100% symptom-free for almost nine years. She's helped hundreds of people discover their passion and change their lives through her life-coaching business. Today she brings it all together to help you find a personal pathway to healing PTSD. Now it's your turn. Is it possible to walk away from PTSD forever? The answer just might surprise you.
