## **Averroes Middle Commentary On Aristotles Poetics:**

Averroes' Middle Commentary on Aristotle's Poetics Averroës, 2000 This volume contains a translation into English of Averroes' s Middle Commentary on Aristotle s Poetics an introduction to the translation in which the arguments of both Averroes and Aristotle are sketch out and their differences from Plato and other important thinkers explored an outline analysis of the order of Averroes s commentary annotations to the text a bibliography and a glossary of important terms with their English translations Heretofore non Arabic readers have had to depend upon Hermannus Alemannus s Latin translation of Averroes s Middle Commentary or on its English version Both are inadequate They incorrectly render Averroes s various arguments and make his beautiful poetic citations read like doggerel Moreover they provide inaccurate and incomplete information about the sources of those citations and consequently portray Averroes s text as a curious compilation of relics from some exotic but not very learned horde The present translation is based on a sound critical Arabic edition prepared by the translator Not only is it the first English translation from the Arabic original but also the first translation of the Arabic text into any language other than medieval Hebrew or Latin The translation is literal and eloquent albeit more literal when eloquent when sense demands such a sacrifice Throughout the commentary the same English word is used for the same Arabic word unless an exception is noted The renditions of the poetic citations are somewhat freer without reaching to unwarranted innovations

### **Brill's Companion to the Reception of Aristotle's Poetics**

,2024-12-16 It is hardly possible to read Aristotle's Poetics today without acknowledging the influence of its reception history our understanding of Aristotle's poetical theory has been reshaped in past decades thanks to a reappraisal of long held prejudices whose history may be no less fascinating to explore than the text of the Poetics itself To grasp what the Poetics has to say therefore involves questioning what its many readers have been looking after What was the Poetics used for And what are we using it for now Into which bodies of texts has it been incorporated and put into perspective How have these uses and contexts influenced past readings of the Poetics and how do they still inform the way we read it

**The Idea of the Theater in Latin Christian Thought** Donnalee Dox,2009-12-18 Through well informed and nuanced readings of key documents from the fourth through fourteenth centuries this book challenges historians long held beliefs about how concepts of Greco Roman theater survived the fall of Rome and the Middle Ages and contributed to the dramatic triumphs of the Renaissance Dox's work is a significant contribution to the history of ideas that will change forever the standard narrative of the birth and development of theatrical activity in medieval Europe Margaret Knapp Arizona State University an elegantly concise survey of the way classical notions of theater have been interpreted in the Latin Middle Ages Dox convincingly demonstrates that far from there being a single medieval attitude towards theater there was in fact much debate about how theater could be understood to function within Christian tradition even in the so called dark ages of Western culture This book makes an innovative contribution to studies of the history of the theater seen in terms of the history of ideas rather than of practice Constant Mews Director Centre for the Study of Religion Theology University of Monash Australia In the centuries between St Augustine and Bartholomew of Bruges Christian thought gradually moved from a brusque rejection of classical theater to a progressively nuanced and positive assessment of its value In this lucidly written study Donnalee Dox adds an important facet to our understanding of the Christian reaction to and adaptation of classical culture in the centuries between the Church Fathers and the rediscovery of Aristotle Philipp W Rosemann University of Dallas This book considers medieval texts that deal with ancient theater as documents of Latin Christianity's intellectual history As an exercise in medieval historiography this study also examines biases in modern scholarship that seek links between these texts and performance practices The effort to bring these texts together and place them in their intellectual contexts reveals a much more nuanced and contested discourse on Greco Roman theater and medieval theatrical practice than has been acknowledged The book is arranged chronologically and shows the medieval foundations for the Early Modern integration of

Manekin,2012-12-06 In the great libraries of Europe and the United States hidden in fading manuscripts on forgotten shelves lie the works of medieval Hebrew logic From the end of the twelfth century through the Renaissance Jews wrote and translated commentaries and original compositions in Aristotelian logic One can say without exaggeration that wherever Jews studied philosophy Spain France Northern Africa Germany Palestine they began their studies with logic Yet with few exceptions the manuscripts that were catalogued in the last century have failed to arouse the interest of modern scholars While the history of logic is now an established sub discipline of the history of philosophy the history of Hebrew logic is only in its infancy The present work contains a translation and commentary of what is arguably the greatest work of Hebrew logic the Sefer ha Heqqesh ha Yashar The Book of the Correct Syllogism of Levi ben Gershom Gersonides 1288 1344 Gersonides is well known today as a philosopher astronomer mathematician and biblical exegete But in the Middle Ages he was also famous for his prowess as a logician The Correct Syllogism is his attempt to construct a theory of the syllogism that is free of what he considers to be the mistakes of Aristotle as interpreted by the Moslem commentator Averroes It is an absorbing challenging work first written by Gersonides when he was merely thirty one years old then significantly revised by him The translation presented here is of the revised version *Empire and Poetic Voice* Patrick Colm Hogan,2012-02-01 In *Empire and Poetic Voice* Patrick Colm Hogan draws on a broad and detailed knowledge of Indian African and European literary cultures to explore the way colonized writers respond to the subtle and contradictory pressures of both metropolitan and indigenous traditions He examines the work of two influential theorists of identity Judith

Butler and Homi Bhabha and presents a revised evaluation of the important Nigerian critics Chinweizu Jemie and Madubuike In the process he presents a novel theory of literary identity based equally on recent work in cognitive science and culture studies This theory argues that literary and cultural traditions like languages are entirely personal and only appear to be a matter of groups due to our assertions of categorical identity which are ultimately both false and dangerous *Moritz Steinschneider. The Hebrew Translations of the Middle Ages and the Jews as Transmitters* Charles H. Manekin, Hans Hinrich Biesterfeldt, 2022-10-17 This book surveys Hebrew manuscripts of Aristotelian philosophy and logic It presents a translation and revision of part of Moritz Steinschneider s monumental *Die Hebraeischen bersetzungen des Mittelalters und die Juden als Dolmetscher* The Hebrew Translations of the Middle Ages and the Jews as Interpreters This resource was first published in 1893 It remains to this day the authoritative account of the transmission and development of Arabic and Latin and by way of those languages Greek culture to medieval and renaissance Jews The editors have updated Steinschneider s bibliography They have also judiciously revised some of his scholarly judgments In addition the volume provides an exhaustive listing of pertinent Hebrew manuscripts and their whereabouts The section on logic including texts hitherto unknown represents the latest research in the history of medieval logic in Hebrew This publication is the second in a series of volumes that translates updates and where necessary revises parts of Steinschneider s bio bibliographical classic work on Hebrew manuscripts of philosophical encyclopedias manuals and logical writings Historians of medieval culture and philosophy and also scholars of the transmission of classical culture to Muslims Christians and Jews will find this volume indispensable *Aristotle Poetics* Leonardo Tarán, Dimitri Gutas, 2012-03-19 This important new editio maior of Aristotle s *Poetics* based on all the primary sources is a major contribution to scholarship The introductory chapters provide important new insights about the transmission of the text to the present day and especially the significance of the Syro Arabic tradition The Greek text is accompanied by a detailed critical apparatus as well as Notes to the Text in addition there is a Graeco Arabic critical apparatus and commentary An Index of Greek Words Indices and a Bibliography complement the work This publication will be an indispensable tool for all Aristotelian scholars historians of Greek literature and criticism and specialists of the transmission and reception of classical works **Logic and Aristotle's Rhetoric and Poetics in Medieval Arabic Philosophy** Black, 2022-07-04 This book examines a widespread and often misunderstood doctrine within the medieval Aristotelian tradition namely the inclusion of Aristotle s *Rhetoric* and *Poetics* within the scope of the *Organon* It studies this doctrine as presented by the Islamic philosophers Al F r b Avicenna and Averroes from a purely philosophical perspective and argues that the logical construal of the arts of rhetoric and poetics is both interesting and illuminating The book begins by examining some prevalent misconceptions regarding the logical interpretation of the *Rhetoric* and *Poetics* Chapter two considers the Greek background of the doctrine first through an examination of the Aristotelian divisions of the sciences and then through an examination of the beginnings of the logical classification of the *Rhetoric* and *Poetics* among the Greek

commentators from the school of Alexandria The remainder of the work is devoted to a detailed consideration of the Arabic philosophers development of the doctrine both their understanding of its general epistemological and logical underpinnings and their elaboration of the specific logical structures upon which poetical and rhetorical discourse is based Consideration is also given to the relationship between contemporary philosophical views of rhetoric and poetics and the views of these medieval authors
