Pillow book of a Manic Depressive Anthony Peck, 2011-06-01 Description Pillow book of a Manic Depressive follows the style of medieval Japanese writers who would keep a record of courtly life through their daily impressions which they would

then keep under their pillows Taking a modern approach the Pillow book follows the impressions of the author in the year following an extreme manic episode which saw him leap four floors and only barely survive While his body repaired he was forced to slow down take in all that was immediately around him and come to a place of peace and gratitude Unknowingly using the technique of Mindfulness he was able to reflect on all the many facets of his life and life in general Written in a very simple way each impression invites the reader to slow down and examine his or her own thoughts While as a whole the collection is a story of survival and recovery as the author's momentum towards good health becomes increasingly if subtly apparent From the stain left on a page by a bookmark to the author's catastrophic manic leap to an old radio the breadth of recollection is vast And time to time sprinkled throughout the book are lists of things you can break things you can't hide things that you do but don't know if they work which pause to make you think what you as a reader might add or subtract And to capture some of the deepest emotions poetry is used There is also humour and lots of it Life is many things and to someone suffering a mental illness the comfort of laughter is one of the richest This is not slapstick but the warm recognition of truth and the joy of a new perspective on old troubles Ultimately Pillow book of a Manic Depressive is a window into one person's recovery and mind But it also attempts to open hope to all through its portrayal of the human spirit About the Author Anthony Peck is a lifelong sufferer of Manic Depression which wasn't diagnosed until an extreme manic episode led to him leaping four floors from a building at the age of forty five Prior to that he had a very successful Advertising career which saw him working in eight cities across four continents creating work for some of the world's most famous brands He is a published poet and short story writer And continues to take an interest in the Advertising world Born in 1962 Anthony's passions are writing presenting and surfing Since his diagnosis and its subsequent treatment he has taken a deep interest in all aspects of mental health from different types of therapy to the mental health service itself As a patient he brings a unique perspective and voice to the ongoing issues that face those with mental illness And he looks forward to the time when all sufferers receive the treatment that will serve them best

Lawrence Durrell's Major Novels, Or, The Kingdom of the Imagination Donald P. Kaczvinsky, 1997 Through his use of Gnostic beliefs Durrell destabilizes our notions of the real and suggests that the civilization to emerge out of the ruins of a devastated Europe will not be Christian but Quincunxial Durrell's aesthetic and thematic concerns establish him as a significant indeed central voice in twentieth century British literature His career which spans over five decades links the British High Modernists with the Postmodernists

A Smile in His Mind's Eye Ray Morrison, 2005-01-01 Durrell's best known work fused Western notions of time and space with Eastern metaphysics Very little has been written about Durrell's work before the Second World War With *A Smile in His Mind's Eye* Ray Morrison seeks to redress this neglect

Indian Metaphysics in Lawrence Durrell's Novels Ravindran Nambiar, 2014-01-08 In this study of the influence of Indian metaphysics on Lawrence Durrell's novels Professor Nambiar offers a unique milestone in the history of Durrellian criticism Embracing Durrell's search for universal awareness through Western and Indian metaphysics

the book presents a new metaphysical reading of the writer's prose that has remained untapped until now Exploring Durrell's quest for a new reality through fiction Nambiar focuses in depth on *The Avignon Quintet* and questions the complex symbolic patterns that shape the polymorphous characters' peregrinations through space and time With much subtlety, modesty and wit *Indian Metaphysics in Lawrence Durrell's Novels* opens up the mysterious doors of the kingdom of the imagination

Time, History and Cultural Spaces Jayita Sengupta, 2022-10-07 This book brings together critical essays on time, history and narrativity and the explorations of these concepts in philosophy, music, art and literature The volume provides a comprehensive introduction to narrative theories as well as philosophical discourses on time, memory and the self Drawing insights from western and eastern philosophy it discusses themes such as subjectivity and identity in historical narratives, theorization of time in cinema and other arts and the relationship between the understandings of existence, consciousness and concepts such as *Kala*, *Aion* and *yugas* The book also looks at the narrativization of history across cultures by exploring modern fiction from China and India, murals of martyrs in Northern Ireland, music and films set against the canvas of the Second World War and the Holocaust as well as diasporic cultural histories This book will be an interesting read for scholars and researchers of comparative literature, history, philosophy of history, cultural studies and post-colonial studies [From the Elephant's Back](#) Lawrence Durrell, 2015-03-06 Thirty-eight rare, out of print or previously unpublished essays and letters by Lawrence Durrell with scholarly introduction *Carnival and the Carnavalesque* Konrad Eisenbichler, Wim N. M. Hüsken, 1999 From the Fool to the Wildman, from the irate Reformer to the festive Masqueraders, this collection of articles offers a variety of topics, approaches and agendas in the study of early modern European theatre With samplings from Scandinavia, Germany, England, France, the Iberian peninsula and even the New World, this collection also spans time from the late fifteenth century to the present In the process, Carnival and the carnivalesque are examined from archival, Bakhtinian, cultural and even political points of view The articles in this collection reveal the variety and inherent vitality of scholarship in early modern theatre The thirteen essays have been selected from presentations made at the Eighth Triennial Congress of the Société Internationale pour l'Étude du Théâtre Médiéval held in Toronto 1995 under the auspices of the Records of Early English Drama project and Victoria University in the University of Toronto **The Postmodern Challenge** Bo Stråth, Nina Witoszek, 1999 This volume is designed to bridge a gap in the current theoretical debate about the nature, scope and relevance of postmodern perspectives in the humanist and social sciences in Eastern and Western Europe While the debate has been reasonably comprehensive and certainly abrasive in Western European and Anglophone countries, it has signally failed to incorporate the viewpoints of Eastern European scholars and intellectuals Even the current appropriation of Mikhail Bakhtin as a prophet of the postmodern is paradoxically a monologic engagement with his thought rather than a dialogic encounter of cultures Doubtless, different historical experiences, ideology and social aspirations go some way to account for the weariness of Eastern Europe with postmodern challenge and its glad embrace by Western scholars The volume comprises

some fifteen essays by leading historians literary theorists and social scientists from Western and Eastern Europe and America It has a threefold aim firstly to illuminate the distinctiveness of current Western and Eastern European theorizing about history and society secondly to reveal points of tension and disagreement and finally to open up a space for a meeting of seemingly incompatible worlds *Genitricksling Joyce* Sam Slote,Wim Van Mierlo,1999 Joyce s methods of composition have only recently begun to be examined in a rigorous fashion Already the work done on the genesis of Joyce s texts has fostered both new insights and new questions regarding the overall status of his oeuvre The conference Genitricksling Joyce held at Antwerp in 1997 testified to the variety and vitality of genetic investigations into Joyce s work We have tried to recreate this vitality in the present volume with a double purpose or double trick First the essays collected in Genitricksling Joyce are not only indicative of the growing body of genetic scholarship they also signify methodological and theoretical changes among its practitioners towards a more open form of discussion and understanding Second we hope that these essays will clearly demonstrate the relevance of genetic criticism to current critical and cultural concerns in Joyce studies

Literatures of War Eve Patten,Richard Pine,2020-11-09 The most terrible disaster that one group of human beings can inflict on another is war Wars cause misery on an indescribable scale Yet we go on doing it to one another generation after generation Why Warfare is a recurrent and universal characteristic of human existence The mythologies of practically all peoples abound in wars and the superhuman deeds of warriors and pre literate communities apparently delighted in the recital of stories about battles Since our species became literate a mere 5 000 years ago written history has mostly been the history of wars Thousands who knew war evidently sickened of it and dreamt of lasting peace expressing their vision in literature and art in philosophy and religion They imagined Utopias freed of martial ambition and bloodshed which harked back to the Golden Age of classical antiquity to the Christian vision of a paradise lost and to the Arcadia of Greek and Latin poetry so richly celebrated in the canvases of Claude and Poussin All these things bear eloquent testimony to the human longing for peace but they have not triumphed over our dreadfully powerful propensity to war from the Introduction by Anthony Stevens In this multi disciplinary collection of essays on the manifestations of war in poetry fiction drama music and documentaries scholars and practitioners from an international context describe the transformation of the war experience into chronicles of hope and despair from Herodotus up to the present day **Islands of the Mind** Richard Pine,2020-02-05 730 million people almost 10% of the world s population inhabit islands One quarter of the states represented at the United Nations are islands Islands constitute almost twenty percent of the total land area of Greece and exhibit more significant aspects of biodiversity than other global contexts They are both occasions of triumph and occurrences of catastrophe Islands are both open and enclosed communities points of arrival and departure Islands exert a fascination for the visitor and generate in the islander both positive and negative mindsets The romantic fallacies about self sufficiency and insularity of islands are constantly challenged This collection of essays by scholars from some of the world s most compelling islands

Jersey Ireland Tasmania Corfu Ereikousa Prince Edward Island Malta explores the psychology of islands islanders and their visitors the literatures they stimulate and the scientific ethical and biogeographical issues they present in an increasingly globalised world Corfu the home of Lawrence and Gerald Durrell in the 1930s and host to literary and scientific enquiry is the place where this collection was conceived and occupies a central place in its discussions *Quinx, Or, The Ripper's Tale*
