carolromine.com Cover artwork Aurenas Copyright 2011 by Carol Romine **MY EGYPT STORY WITH MATIAS DE STEFANO** Grace B. Eleazar, Matias de Stefano, 2024-10-08 This book delves into the nature of our existential reality to empower us with the tools that we can use to create the life that we want in this particular dimension. It helps us to know who we are, what is our purpose in life, and how we can navigate our lives without the usual struggles that confront our day to day living. It awakens a realization that happiness is a self-created process totally independent of the external trappings of wealth and fame, of blissful relationships, and many more external dependences that make us forget our reality within. The dissertations of Matias de Stefano on life give the reader a wider understanding of why our human concepts evolved to what they are today, and by understanding their origins, the roles they played in our evolution, one can start to hinge one's knowledge on life based on the nature of the three aspects of our consciousness: spirit, soul, and body. The understanding of the twelve patterns of our lives as part of the planetary network through the individual's astrological sign and the role of the constellation's influences in our lives enhances our ability to understand ourselves, resulting in our better comprehension of our fellowmen and our world. *Available Light: Awakening Spirituality through Photography* Rev. Heaven at War II Ricky Firman, 2025-02-01 In the aftermath of the celestial upheaval chronicled in *Heaven at War A Tale* the realms of Heaven the Abyss and humanity find themselves teetering on the edge of an unprecedented crisis The Creator's silence once merely a source of doubt now becomes a defining force pushing angels mortals and rebels alike to grapple with questions of justice autonomy and survival As fractures deepen in the celestial hierarchy Michael the loyal protector of Heaven begins to question whether the rigid order they've upheld can endure the weight of the Creator's absence Samael the fallen rebel wrestles with their legacy torn between the chaos of the Abyss and a yearning to reshape it into something more meaningful Both forces must confront their differences when an ancient void entity emerges threatening to consume all realms in its path On Earth mortals become more than mere pawns in the celestial struggle Novanska a disillusioned theologian and Sarah a fearless activist lead humanity to rise as a third force bridging the divide between Heaven and the Abyss However their vision of human autonomy is challenged by Nadine a psychologist with steadfast loyalty to the Creator's plan While initially opposing Novanska's calls for reform and autonomy Nadine's role evolves as she becomes a stabilizing figure emphasizing faith and perseverance amidst the uncertainty Their unity is tested by Tiara a pragmatic trader whose neutrality is shaken when she discovers an artifact tied to the Creator's will With the artifact in her hands Tiara must make an impossible decision awaken the Creator and risk losing humanity's newfound agency or preserve the silence and force all sides to rely on their strength and unity Meanwhile Bob a battle hardened soldier seeking redemption makes the ultimate sacrifice to protect his companions leaving behind a legacy of courage that his daughter Kiera unknowingly inherits Kiera's journey becomes a continuation of her father's quest as she steps forward to fight for humanity's survival and redemption in a world reshaped by celestial and mortal choices *Heaven at War II Fractured Eternities* weaves together themes of faith freedom and the cost of choices It challenges the boundaries between loyalty and rebellion exploring the complexities of morality in a fractured cosmos As alliances form and break as doubts give way to revelations and as sacrifices illuminate paths forward the battle for creation's future reaches its most critical moment In this gripping sequel angels mortals and rebels alike must face the ultimate question Can creation endure without its Creator or is humanity destined to define its own eternity

A Call to Spiritual Awakening Uchenna Mezue, 2017-01-31 To understand ourselves and fulfill our roles on earth we need to look into the records of time for our origin and purpose Not in history books but in life itself Each individual human spirit carries within its personality as a totality of its identity all the experiences and the level of maturity it has achieved since its first incarnation in the Worlds of Matter Although we do not often tap into these for our path in life it is these unique experiences that make us who we are The capacity to weigh every experience written and unwritten exists within us and we have only ourselves to blame if we fail to recognize the Truth in any given experience This book discusses the path of development for the human spirit in the Material spheres and draws attention to the paths in the Will of God we must follow if we are to fulfill the purpose of our existence
