Awakened From Within:

An Awakening Within Jeffrey Alan Hall, 2002-02-11 If there is to be an awakening it must be within each of our souls for that is the only place that true and lasting change can occur We must awaken to the wonderful possibilities of what we can become as one world and not focus on what we have been as separate nations We must awaken to the things we are for the things that unite us as a planet and not dwell on what we are against by drawing lines in the sand We must awaken to the power of the God force and allow it to lead our collective consciousness to a new and higher way of being We must awaken to the power of love Jeffrey Alan Hall From *An Awakening Within* *An Awakening Within* Joseph Mattioli, 2003 *An Awakening Within* is an unconventional fifteen chapter short novel that takes the reader on a captivating spiritual journey to the Holy Land and back Though the characters and many of the events are fictitious and the dialogue is Christian based it is universal in nature The main character through strange encounters in a land far from his normal sheltered existence is faced with supernatural encounters that question and challenge many of his own basic Christian teachings universally known as the Story A continuing strange turn of events and struggle make a captivating read while providing an insight richness and vitality to the searching spirit It is a story of acceptance and rejection it is a story of faith a story of Truth and fables the questions of life On a deeper level it is a journey The story is a journey in pursuit of the true that is filled with people Yet it is a journey we must all travel alone Interaction between characters encourages the reader to think out and question things he has been taught by humans and instead seek God's revelation directly The reader is challenged not to be a conformist but rather to uncover the simplicity of God's church and knowing Him It brings one back to the very foundation of the New Testament Church And that foundation is hearing directly from the Father himself by seeking our hope in knowing God through the universal Truth that God exists within each of us It points to Christ or the anointing of the Spirit of God as the true teacher of all truth rather than a man or a book Being a novel it is a non threatening story for the world of religion for the 21st century **Awakening Within** Lori Bradford, 2014-02 *Awakening Within* is the story of a young woman Julia who is haunted by her past Tragedy and recurring nightmares mark the last few years of her life Two men a psychiatrist and a priest are helping her work through her grief in order to help her move on with her life Neither is who they seem In the small town near Branson Missouri where Julia lives a serial rapist and murderer takes the lives of two young women The town grows fearful the longer the crimes go unsolved Locked in a makeshift prison Julia ends up facing the demon in the middle of the woods where no one can hear her scream *Alone, The Spiritual Awakening Within* Sonia Sabharwal, 2015-03-18 *Alone The Spiritual Awakening Within* reveals the hidden truth of the Infinite which has not been written before It explains the mystery and the purest relationship between the Infinite the existence of the soul as a spark of energy which is a white light within the DNA and the human body Just like déjà vu what has happened in the past is happening now and it may happen in the future It could be all in one In the world of doom and gloom there is a ray of hope This ray of hope emits from human

beings In the past present and in the future human beings as a spiritual being have and will replay and reclaim their uniqueness over and over There is a Trinity in all of us in our soul In the Trinity Father Son and Holy Spirit the Father resides in the head chakra which means have faith and believe in him The son resides in the heart chakra which means love and forgiveness is asked from here The soul in the solar plexus has the intuitive knowing from there When all three are combined as faith emotion and love one realizes that everyone has this element This is the Infinite within us Do you feel alone and feel that there is an invisible energy on the other side observing you Are there souls beyond this universe or in different planets gathering information on you Do you feel you are in control or out of control of your life Do you feel your life is insignificant or meaningless because of the blindfold before you The true stories in Alone The Spiritual Awakening Within explains that each journey is hidden so deep in our soul that can only be recaptured through the Infinite spirit which exists in us There is nothing written Time and space explains it all Each soul can only experience this in each lifetime That s why we keep coming over and over for this experience The stories further reveal another truth Ignorance is bliss Life has limited information we live in Humans accept what they are acquainted with Fortunately these stories further reveal that there is much more in the space where the information is limitless This truth is not only insightful for mankind it is also riveting to the world of science
