Bailey,2023-11-01 This compilation from the books of Alice Bailey seeks to increase understanding of the immortal soul addressing many aspects under sixty two headings The creative nature of the Soul On its own plane the soul knows no separation and the factor of synthesis governs all soul relations The soul is occupied not only with the form that the vision of

its objective may take but with the quality or the meaning which that vision veils or hides The soul knows the Plan its form outline methods and objective are known Through the use of the creative imagination the soul creates it builds thought forms on the mental plane and objectifies desire on the astral plane It proceeds then to externalise its thought and its desire upon the physical plane through applied force creatively actuated by the imagination of the etheric or vital vehicle Yet because the soul intelligence motivated by love it can within the realised synthesis which governs its activities analyse discriminate and divide The soul likewise aspires to that which is greater than itself and reaches out to the world of divine ideas and thus itself occupies a midway position between the world of ideation and the world of forms This is its difficulty and its opportunity

**Understanding Humanity - The Alignment** MIHAI ILIOI, 2025-06-18

*Understanding Humanity The Alignment* Humanity s relentless quest for meaning and purpose stretches far beyond individual beliefs or the prevailing opinions of society This journey is rooted in a profound paradox one that is anchored in the timeless fabric of eternity At its core lies an unseen uncreated force an essential energy that underpins every facet of our existence Within the chambers of our human complete consciousness lies the ongoing battle of influence The heart may send impulses of emotion desire or pain to the mind seeking immediate action The spirit on the other hand seeks alignment discernment and divine timing This creates tension within the self consciousness the interface where action is initiated If the mind is not attuned to the spirit it may default to fulfilling the heart s own demands and in doing so is bypassing the voice of divine wisdom As sojourners in this temporary manifestation of existence traversing the vast and majestic landscape of life we are often confronted with profound questions Who are we Why are we here What is the true meaning and purpose of our existence Some of these questions may remain unanswered in our lifetimes yet the journey itself the search the wonder and the mysteries of life should never cease to inspire us to awaken our curiosity and to fuel our deepest desires to seek and

uncover truth The power to freely express one's thoughts is a real transformative force one that shapes history ignites change and empowers humanity It is the catalyst for innovation the foundation of wisdom and the resounding voice of the human spirit yearning to be heard This book stands as a testament to the courage required to voice one's innermost beliefs to challenge the status quo and to inspire others to seek their own truths To all who embark on the journey of understanding humanity this book is yours With heartfelt gratitude to all my readers your reflections insights and feedback are deeply valued and appreciated Sincerely Mihai Ilioi

**The Sufi Message of Hazrat Inayat Khan: The Smiling Forehead** Hazrat Inayat Khan, 2020-09-28 By forehead is meant man's expression The smiling forehead is the pleasant expression it depends solely upon man's attitude to life Life is the same for the saint and for Satan and if men are different it is because of their outlook on life The same life is turned by the one into heaven and by the other into hell There are two attitudes to one all is wrong to the other all is right Our life in the world from morning to evening is full of experiences good and bad which can be distinguished according to their degree And the more we study the mystery of good and bad the more we see that there really is no such thing as good and bad It is because of our attitude and the conditions that things seem good or bad It is easy for an ordinary person to say what is good or bad just or unjust it is very difficult for a wise man Although everyone according to his outlook on life turns things from bad to good and from good to bad everyone has his own grade of evolution and reasons accordingly Sometimes one thing is subtler than others and then it is difficult to judge There was a time when Wagner's music was not understood and another time when he was considered the greatest of musicians Sometimes things are good but our own evolution makes them less good for us What we considered good a few years ago may not seem good at a later degree of evolution At one time a child appreciates a doll most later it will prefer the work of great sculptors This proves that at every step and degree of evolution man's idea of good and bad changes Therefore a thinker will understand that there is no such thing as right or wrong If there is wrong all is wrong if there is right all is right

**The Psychology of the Soul** Gunda Scholdt, 2023-08-02 This book is an introduction to Spiritual Psychology which is based on the Seven Rays It is an in depth and comprehensive presentation of the path of the soul and the true nature of the human being The special feature is the synthetic view of the different aspects of human life such as the monad the soul the personality the seven chakras the seven planes the path of initiation the causal body but also the practice of spiritual therapy and meditation The author describes in a clear and easily comprehensible language the basics of Ageless Wisdom and the complex relationship between the spiritual and material worlds in the duality of which soul development takes place Complete with many diagrams and tables it is a valuable textbook for astrologers and people in psychological pedagogical counselling and healing professions who wish to expand their view of humanity and assist those who are seeking advice on their spiritual path of development

**The Great Mission of Jesus Christ on Earth** John Entsuh, 2022-11-03 On earth today many Christians and humanity have now reached a stage where they must make a shift into the next level of their consciousness to enable

them to communicate with Jesus Christ through prayer meditation and fasting to receive the baptism of the holy spirit to complete their rapture or ascension In his book The Great Mission of Jesus Christ John Entsuah explains the most important key points The first key point are the hidden teachings of Jesus Christ which is also known as the spiritual gospel of Jesus Christ where many teachings of Jesus Christ were rejected by the Christian council organized by King Constantine during his reign as the Roman emperor in the second century The second key point is the great mission of Jesus Christ where he came to give humanity the power of the Holy Spirit to awaken their Christ consciousness to conquer sin and death In the third key point John Entsuah explains the second coming of Christ which is about Christ conception and Christ consciousness awakening in the heart of every soul on earth through prayer meditation and fasting to connect directly with Jesus Christ to receive the atonement power as the grace Last of all he explains that the human consciousness separates us from God because of the spiritual fall of Adam and Eve caused by Satan Christ consciousness reconnects us back to God through Jesus Christ by receiving the atonement power through the baptism of the Holy Spirit and the light of Christ in the heart of our souls This transform us all into Christ like beings with Christ body Christ blood and Christ consciousness to inherit the kingdom of God
