Awakening Mystical Consciousness Joel S. Goldsmith, 1980 *Living as Light* Brent M. Baum, 2006 **Kabbalah**

Mysticism for Spiritual Awakening Guy Berchik, 2024-03-07 Kabbalah means a receiving and in our context a receiving of a higher conscious experience that ultimately leads to spiritual awakening which is a permanent state of mind where the emotions awaken to a higher experience of consciousness while the fabricated self that the mind creates surrenders as a consequence. Along with a discussion about what happens in enlightenment or spiritual awakening and how to develop the mind using the path of Kabbalah, this book also discusses the meaning of God, an explanation of the Infinite as it applies to one's own personal experience, the question of Will, and the Male and Female parts of the Godhead, along with elucidating some difficult concepts and stories of the Bible and applying them to the Sphiroth of the Kabbalistic Tree of Life. Lastly, this book provides some advice on how to raise children to be mystics and how to recognize a suitable mate or Shiduch using the Sphiroth system of the Tree of Life of Kabbalah.

Six Stages on the Spiritual Path Ruth Whitney, 2021-05-21 In *Six Stages on the Spiritual Path* we learn about spirituality and its stages as well as how spirituality helps to reduce our suffering and create more love. Writings from ancient to contemporary mystics across the world provide us with practical and spiritual wisdom that will make our lives happier and more loving. In the first stage on the mystic way, children experience awe and wonder but they do not realize that this is a spiritual experience. While all indigenous people recognize awe as a mystical experience, only some adults and most artists do. When parents and religious leaders teach children about God, they cause their spiritual growth to flourish or to become stunted at an elementary school level. Awakening is an experience of the Divine that helps us realize that the Sacred Spirit is within us and loves us. Awakening produces love for our neighbors and ourselves. Then love nurtures more awakenings. Illumination and union are deeper mystical experiences that the Holy One is not only within all of us and all of creation but also that we are within the ONE. Illumination creates more love for all people and all the universe.

Zen Koans, Paradoxical Awakening Norman McClelland, 2021-04-25 What comes to mind when you hear the word koan? You probably know koans as paradoxes and you may believe that they are therefore illogical or intellectually inscrutable and therefore not useful to the average person. *Zen Koans, Paradoxical Awakenings* is the tool you need to correct your perceptions of koans and become aware of the benefits of koan practice. Embracing the paradox of the koan can give deeper meaning to life as well as leading to the Buddhist awakening to your real non-dual nature. With an experienced Zen teacher as your guide, you can enter more deeply into the three essentials of Zen: great faith, great doubt, and great determination.
