Awakening That Must Come:

The Quest for truth Sheikh Aly N'Daw, 2014-04-01 The Quest for Truth is a journey of self awareness and self discovery The author Sheikh Aly N Daw invites us to develop a profound understanding of our inherent Being and the factors that can interfere with our original nature True understanding can only come from the heart It is only through the profound dimension of the heart that the Being can understand the world of illusion that permeates all aspects of human life This dimension of understanding is the starting point of the awakening process According to the author there is no need to retreat to the mountains to be awakened We only need to be fully aware of the nature of illusion in order to come out of it and start living in an awakened state As the Being awakens it develops the audacity to live fully in the present moment and surpass any perceived insecurity challenges or perils The Being is then able to attain the divine state of selflessness and experience Truth as a profound inner reality as did many peacemakers who have proposed viable alternative social and economic models which respect human dignity and promote true human development
