Teachings from the Heart S. L. Waldie,2008-07-23 The word channel means a conduit for something to move from one destination to another When I first heard the term to channel or channeler I didnt really understand what it meant I soon found out that a channel is someone who allows himself or herself to be that conduit from one realm of the vast universe or universes to another This person or channel is usually carrying messages from others beyond our vibrational frequency here on earth These beings are unable to make contact without the use of this channels voice As I researched this I understood it better but could NEVER imagine myself to be one such person My life has always been one of spirit I have always been very intuitive what some have called psychic since I was a very small child This has never presented a problem for me I just accept it as who I am I have been doing readings since I was in my teens and began to know that the things I

saw or felt were most often able to bring peace to others It was and is the greatest desire of my heart To bring and give peace joy and happiness to other people I guess to properly tell this story of how I began doing readings I need to take you back to around the age of three I spent a lot of time with my grandmother whom the family called crazy or out there somewhere but to me she was just a whole lot of love The family was restricted by their own beliefs and unable to really see her for who she truly was When I began to see people who werent there or hear voices from out of nowhere it was Grams who explained that I had the gift At three of course this meant absolutely nothing to me but the fact that she took it in stride and was even proud of me a chip off her block made me simply accept what went on around me Never was I frightened by the souls I saw or the voices I heard As you can see it just came naturally to me this ability to somehow know things Throughout my life I have used this gift for others I have been able to bring them peace about a loved ones passing enabled people to connect with their personal guides and hopefully brought a sense of understanding about the wonders of the spiritual world This way of being has brought me to this time of a new awakening for me Why it waited to occur until I was in my fifties will be understood later Now let me share with you a new growth along my journey In 2007 while in Happy Camp California doing some gold mining with my husband Bruce I met a remarkable woman named Annie She is undoubtedly one of the most spiritually balanced people I have ever known and she has led an amazing life That is her story to tell After speaking together she requested a reading from me and during this reading she told me that she had gotten a hit as she called her own spiritual inspirations This inspiration told her that I was to be a channel Of course I looked at her like she was out of her mind ME No there had to be some mistake I had never even had a thought to being any more than what I already was and this had served me and others for many many years As I said I was able to bring a sense of closure or understanding to many with the messages I carried from loved ones who had passed on or from their own spiritual guides When Annie told me that she thought I would be a wonderful channel for those entities from other planets and universes I was very taken aback I guess it really wasnt a whole lot different than speaking with the deceased or peoples personal guides except in the manner it occurred While doing a reading I was given images and feelings that helped me to understand the message that was to be given In Channeling your voice is actually used to give these messages and you truly become that conduit from one place in time to another At first I struggled with this When I went into my meditations I asked if this was truly to be my calling If it was I on *The Way, the Truth and the Life* John Hamlin Dewey,1888 *An Exciting Journey to Awakening* Mariah Brooks,2014-01-27 In December 2012 Mariah Brooks was guided by Divine beings to write *An Exciting Journey to Awakening* Her book consists of simple tools resources and inspirational messages from Divine beings that empower you and assist you in remembering who you truly are By taking these messages into your heart letting go of old beliefs and applying these tools to your everyday life you will begin to live a life of love joy and peace The book includes Messages from Divine beings about the truth of who you are and how much you are loved by the Divine Simple empowering tools that will help you

begin living the abundant life you were created to live Affirmations and exercises that will guide you on an exciting journey of shedding old limiting beliefs and awakening to your truth Wonderful resources that will assist you in your awakening process
