The Story of the B-52s Scott Creney,Brigette Adair Herron,2023-05-05 The Story of the B 52s Neon Side of Town is the first critical history of one of the most legendary and influential bands in American popular music Locating The B 52s in the intellectual climate of their hometown of Athens GA and following the band from New York s downtown scene in the early 1980s to their upcoming farewell tour the book argues that The B 52s are much more significant political and musical influences on American society than their reputation as a silly party band suggests and that their ongoing commitment to values including cooperation mutual support and using disruptive fun as a form of social change are an antidote to the neoliberalization sweeping both Athens and the rest of the Western world For example the book shows how the band synthesized influences from the modern artists displayed at the University of Georgia art museum early queer activism on campus in the 1970s and their experiences as queer people living through the AIDS crisis to create music that continues to be artistically and politically influential today The authors are active members of the Athens GA music scene and the book includes original interviews with a range of number close to the band

Boeing B-52 Stratofortress Jeanette Remak ,2017-03-13 **Boeing B-52 Stratofortress** Ben Skipper,2024-08-30 Skipper has an open narrative style and has conducted thorough research on B 52 evolution His book provides an excellent overview of this aircraft valuable to aviation enthusiasts military historians and general readers interested in the role of strategic airpower in modern conflict The Journal of the Air Force Historical Foundation First flown in 1952 the Boeing B 52 Stratofortress became the ultimate expression of Cold War very heavy bomber design The last of the famous Fortress series of aircraft produced by the legendary Seattle based company the B 52 was created over a weekend in a hotel suite in Ohio resulting in a design that gave America s post war Strategic Air Command led by General Curtis Le May an additional nuclear capable edge The B 52 was almost as big as Convair s B 36 Peacemaker the largest serial produced piston powered aircraft ever built The B 52 could carry a very similar bomb load but flew it further higher and faster The turbojet powered B 52 utilized techniques Boeing had learned from the Model 450 B 47 Stratojet and was designed to meet the Strategic Air Command s ever changing needs in the nuclear age Like its predecessors Boeing s B 52 proved to be a highly flexible aircraft capable of carrying increasing payloads meaning it has remained in service well beyond its expected lifespan Over the decades the B 52 gradually become a strategic and tactical airborne platform capable of delivering evermore deadly attacks against targets in various environments from jungle to arid mountains The B 52 had become the universal tool for commanders on the ground and a symbol of American military power capable of striking a target anywhere in the world as evidenced by its deployment in for example the Vietnam War and the Gulf War Such was its potency that the USAF and Boeing had developed an aeroplane of such importance that it now seems impossible to discuss conventional air power without including the B 52 This Flight Craft title offers the aviation enthusiast historian and modeller an exciting selection of B 52 related resources through photographs illustrations and

excellent showcase examples to help build their own versions of this fearsome military aircraft

The B-52s' Cosmic Thing Pete Crighton, 2025-07-24 The B 52s were always queer though not overtly and this book dissects the coded queer messaging in their music using 1989 s Cosmic Thing as a focal point Alongside the author s own queer awakening Crighton investigates the band s history and recorded work to date providing cultural context along the way and proves what was obvious all along the B 52s aren t just pop culture icons they are queer history Cosmic Thing took the world by storm in 1989 in the wake of the band s single greatest tragedy losing guitarist Ricky Wilson to complications from AIDS in 1985 Cosmic Thing is a celebration of queer joy in the face of that seismic setback Not only did the B 52s have to fight through their pain and grief to make their fifth full length record the band was also up against a conservative government under Reagan then Bush a misunderstood virus still ravaging the queer community and an indifferent public after years out of the spotlight Watching the band enjoy their greatest success in the face of adversity was part of what made Cosmic Thing such a marvel to behold as miraculous as the B 52s entire career

Close Air Support And The Battle For Khe Sanh [Illustrated Edition] Lt.-Col Shawn Callahan USMC, 2014-08-15 Includes 7 maps 3 tables and more than 80 photo illustrations In the 77 days from 20 Jan to 18 March of 1968 two divisions of the North Vietnamese Army NVA surrounded a regiment of U S Marines on a mountain plateau in the northwest corner of South Vietnam known as Khe Sanh The episode was no accident it was in fact a carefully orchestrated meeting in which both sides got what they wanted The North Vietnamese succeeded in surrounding the Marines in a situation in many ways similar to Dien Bien Phu and may have been seeking similar tactical operational and strategic results General William C Westmoreland the commander of the joint U S Military Assistance Command Vietnam COMUSMACV meanwhile sought to lure the NVA into the unpopulated terrain

around the 26th Marines in order to wage a battle of annihilation with air power In this respect Khe Sanh has been lauded as a great victory of air power a military instrument of dubious suitability to much of the Vietnam conflict The facts support the assessment that air power was the decisive element at Khe Sanh delivering more than 96 percent of the ordnance used against the NVA Most histories of the battle however do not delve much deeper than this Comprehensive histories like John Prados and Ray Stubbs's Valley of Decision Robert Pisor's End of the Line and Eric Hammel's Siege in the Clouds provide excellent accounts of the battle supported by detailed analyses of its strategic and operational background but tend to focus on the ground battle and treat the application of air power in general terms They do not however make significant distinction between the contributions of the two primary air combat elements in this air land battle the 7th Air Force and the 1st Marine Air Wing An analysis of their respective contributions to the campaign reveals that they each made very different contributions that reflected very different approaches to the application of air power *Air University Review* ,1986

Combat in the Sky Dong Sy Hung,2023-10-15 Fought in the skies over North Vietnam the air war between Vietnamese People's Air Force VNPFAF and U S airpower lasted nearly eight years with hundreds of thousands of combat missions carried out and nearly four hundred dogfights Combat in the Sky Airpower and the Defense of North Vietnam 1965 1973 is the English edition of the definitive North Vietnamese work on Vietnam War airpower In this book ng S H ng depicts the relevant events in chronological order from the first air battles such as the one at Dragon's Jaw Bridge April 1965 to the Linebacker II Campaign or as it was known by the North Vietnamese the i n Bi n Ph in the Air Campaign December 1972 Dong then writes about the signing of the Paris Peace Accords January 1973 and the VNPFAF's attacks on T n S n Nh t Airfield April 1975 The air war in Vietnam was the first modern conflict in which the two opposing sides used jet combat aircraft equipped with air to air missiles In addition to his analysis of the strategic calculations especially by the North Vietnamese and the operations carried out the author also details the technical characteristics of the weaponry used as well as the changes in tactics applied in each phase of the war In doing so Dong provides the most unique perspective of this aspect of the conflict available in the English language *Air Force Magazine* ,2017 **Air Force and Space Digest** ,2009 Department of Defense Authorization for Appropriations for Fiscal Year 2008 United States. Department of State,2006 The Foreign Relations of the United States series presents the official documentary historical record of major foreign policy decisions and significant diplomatic activity of the United States Government This volume is part of a subseries of the Foreign Relations of the United States that documents the most issues in the foreign policy of Presidents Richard M Nixon and Gerald R Ford The subseries presents in multiple volumes a comprehensive documentary record of major foreign policy decisions and actions of the administrations of Presidents Nixon and Ford This

specific volume documents U S policy towards three important countries in Southeast Asia Thailand the Philippines and Indonesia 1969 1972 a period when the future of Southeast Asia was a major concern of American foreign policy makers This is the last print volume to document U S policy towards Southeast Asia other than those print volumes that document the Vietnam War during the Nixon Ford administrations For the January 1973 to January 1977 period U S policy towards Southeast Asia nations other than Vietnam Laos and Cambodia is covered in an electronic only volume The decision to cover Thailand the Philippines and Indonesia for 1969 1975 in detail in this print volume was based on the fact that each country was a key ally either formally or de facto of the United States during the Vietnam war and each played a specific role during the conflict Thailand sent troops to fight in Vietnam provided bases for U S airpower in Southeast Asia and secretly provided training troops and arms to support U S backed guerilla forces in Laos The Philippines sent a 2 000 man civic action group to South Vietnam and Filipinos made up many of the administrative contractors in South Vietnam Indonesia provided key arms support to the Lon Nol government at a crucial time In addition Thailand Philippines and Indonesia were important countries in their own right with key U S military and economic assistance programs large embassies and close relations with the United States In each country the United States had a considerable interest in their government s success The chapter on Thailand the largest in the volume has the most obvious and closest associations with the Vietnam War A principal theme of this chapter is U S efforts to assure the Thais that unilateral withdrawal of U S troops in South Vietnam and a projected settlement of the war did not mean a lesser U S commitment to Thailand A second key theme of the volume is the covert military role that Thailand s military forces played in supporting the anti communist forces in Laos and the potential role they could play in supporting the Lon Nol government in Cambodia The second largest chapter in this volume documents U S policy towards the Philippines The relationship between President Ferdinand Marcos and the Nixon administration is the dominant theme of this chapter U S officials had to assure Marcos that they were neutral in the 1969 Philippines presidential elections and discourage his desire for a special channel to Washington Corruption in the Marcos government Marcos s desire to revise the constitution to his benefit and his eventual declaration of martial law in September 1972 in the face of student riots caused U S officials in Manila and Washington to assess whether he was the best man to lead the Philippines from the U S point of view Other themes that are documented in the chapter are the ones that predate the Vietnam War such as preference for Philippines exports to the United States U S benefits for Filipino veterans who served in the Second World War and U S bases in the Philippines The final chapter in the volume deals with Indonesia officially a non aligned nation but under strongman General Suharto a de facto ally of the United States The principal themes of this chapter are the question of Indonesia s international debt left over from the Sukarno years and U S support for multilateral Indonesian debt relief among international lending organizations A related theme is the amount of U S bilateral aid provided to Indonesia
