Jerome J. McLaughlin, 2016-07-13 The arrival of the WWII B 17 bomber at the National Museum of the Mighty Eighth Air Force in January of 2009 initiated a great adventure for a group of warbird lovers from the nearby communities as they united to restore that B 17 The dream of the volunteers was to honor the WWII veterans of the Eighth Air Force some of whom were literally their fathers by restoring the B 17 to its original pristine condition The group was challenged by the fact that the airplane had been in storage for more than two decades following a long working life and was far from the gleaming symbol of power that it had been in 1945 This book is the story of the six year effort by a team of volunteers to overcome the challenges they faced and to fulfill their dream to create a lasting symbol to honor their fathers and grandfathers and all of the veterans who served in the Mighty Eighth during WWII      *The B-17 - The Flying Forts* Martin Caidin, 2010-09-15 There

is no such thunder in history nor ever will be again as the deep throated roar of the mighty four engined B 17s that streamed across the skies in World War II The long runways are silent now the men and planes are gone But out of the massive files of records available and the memories of the men who flew Martin Caidin has assembled this dramatic portrait of America's most formidable heavy bomber of the war The B 17 The Flying Forts recreates a vanished era and a great and gallant plane a plane that could absorb three thousand enemy bullets fly with no rudder and complete its mission on two engines A plane that American pilots flew at Pearl Harbor Tunis Midway Palermo Schweinfurt Regensburg Normandy and Berlin in thousands of missions and through hundreds of thousands of miles of flak filled skies A plane that proved itself in every combat theater as the greatest heavy bomber of World War II      **Pilot's Manual for the Boeing B-17 Flying Fortress** Michael S.

**THE EIGHTH AIR FORCE DURING WWII** Anthony Cardo, 2025-02-21 The Physiological and Psychological Effects of Combat Stress Experienced by the Heavy Bombardment Crews of the Eighth Air Force during WWII offers a unique window into the effects of combat stress as experienced by a select number of men in a select moment of time and one that is unlikely to be experienced again by mankind This is not to say that future combat aviators will not experience the unique effects of combat stress as this is nearly a given as the record of man s wartime experiences shows but that the unique environment the men of the Eighth Air Force experienced will likely not be repeated to the same degree going forward With that being the most likely case author and military historian Anthony Cardo seeks to also explore what the experiences of the heavy bombardment crews of the Eighth Air Force with the physiological and psychological effects of combat stress have to offer posterity and aims to inspire the reader to ask for themselves what these experiences have to offer posterity What this work is not is a clinical study on the bomber crewmen nor is it meant to be an exhaustive study on the subject Instead it is meant to add to the historical discussion by categorizing some of the various physiological and psychological symptoms of combat induced fear and providing commentary on its significance and relation to the wider literature on the effects of combat stress on human beings If the work succeeds in fueling your interest or curiosity on the topic and propels you into further research then it has at least succeeded in its overall goal to both raise awareness and the discussion on the topic I hope you enjoy it as I enjoyed both researching and drafting this work      *Rain, Rain, Go Away...* Hutchison, Mary, 2015-03-13 To those who labor in the judiciary and law enforcement two things are well known time is of the essence there s one thing in the knowing another in the proving It s implicit that no matter their vocation what they do after hours must be something that will shatter the images of what they consistently see and hear      *Letters Home from a B-17 Bomber Pilot in World War II* Diane Robinson, 2020-08-13 Letters Home from a B 17 Bomber Pilot in World War II By Diane Robinson Letters Home from a World War II B 17 Bomber Pilot is a collection of letters written by author Diane Robinson s uncle before he perished in a bombing raid over Brux Czechoslovakia His writings demonstrate the courage and bravery of those fighting for our country Anyone with an interest in World War II will enjoy a personal look into the life of John J Cunningham as he enters pilot training his feelings on being a soldier and his allegiance to his country      *B-17 Memories* T/Sgt.
