renunciation of the so called American values arriving in the Oriental world of the East he presents himself essentially as a man without a country The narrator finds the world of the East to be mysterious seductive and populated by warm and open people A yearlong sojourn ensues It is a world that he becomes intimately one with The warm balmy tropical island of Okinawa is tailor made for him Likened to a fantasy island it is also one ideally suited for the raucous and outrageous times of that era He finds Okinawa to be a place that caters to the desires and appetites of those who would dare pursue them It s a place where eroticism and mysticism meet Into this Wild West like cauldron much like the biblical prodigal son the author submerses himself With his old self disintegrating barriers that hinder total interaction in the moment for him no longer exist Along with a band of associates often fueled by psychedelics and other contraband he and they plow fearlessly into the nights and heights of exhilarating extremes and thus comes Wild Tales from the East The narrator s nights and days are relentlessly driven by a deeper inner longing created by his ill fated but defining love affair His personal search for unification and fulfillment is haunted by that ever present undertow Often tortuously painful his search for redemption is played out against the backdrop of an ancient culture that is also confronting the arrival of a new age A walking wayfarer in a strange land he uncovers hidden mysteries and secrets of the universe from unanticipated sources Along his path varied individuals present themselves and their individual struggles for survival En route he also stumbles across travelers of the night and casting his lot among these sojourners and seekers of truth he severs ties with his land of birth Aside from his bosom buddy RL a Southern white kid he lives deeply inside his own head He discovers that in many ways the Okinawan people are also oppressed Aided by cross cultural relationships that he establishes he identifies deeply with them and their circumstance Unaware in the process he is gradually immersed in the Okinawan way of life In the hazy aftermath of self medicating the narrator descends into a harrowing self destructive vortex As the accumulated road fatigue takes
