Tragedias Victor Balaguer, 2024-04-07 Reprint of the original first published in 1882 Autofiction, Emotions, and Humour Alexandra Effe, Arnaud Schmitt, 2022-12-26 Autofiction is often associated with humour irony and play Moreover authors of autofictional texts are frequently criticised for a lack of seriousness or for failing to straightforwardly and in their own voice engage with a given topic Yet very few autofictional texts are exclusively or even primarily playful Many employ humour and irony to address very serious subject matter This volume explores how these seemingly opposed characteristics of autofictional texts in fact work together The contributions in this volume show that autofictional texts often make use of humour and play in a productive and meaningful way tackling issues such as human rights violations historical and collective as well as personal trauma and struggle with psychological or physical illness and abuse On the basis of geographically wide ranging case studies including texts from South America South Africa the United States and Europe this book explores how in which contexts and to which effects autofictional texts reveal their authors complex and often painful psychological experiences and engage the emotions of their readers This book was originally published as a special issue of the journal *Life Writing*

A mão de Deus ao leme Enoch de Oliveira, O movimento adventista no oceano da história A igreja nasceu pequena Surgiu dos escombros de uma grande decepção Desde seu início e ao longo do tempo alguns previram seu fracasso e até mesmo torceram por isso No entanto outros acreditaram em seu triunfo e trabalharam para concretizá-lo

Confiantes na direção divina homens e mulheres investiram nessa causa tudo o que possuíam tempo bens e até a própria vida. Se em algum momento a embarcação do adventista pareceu vacilar no mar da incerteza que assolava o mundo por outro lado pairou sobre todos a certeza de que a Moisés estava ao leme conduzindo a ao rumo seguro. A igreja cresceu e se estendeu pelo mundo. Por isso não podemos ignorar suas origens e história. Vale a pena conhecer as dificuldades do passado e extrair lições para o futuro com a certeza de que a missão de Deus continua ao leme.

Criminal law between war and peace Stefano Manacorda, Adán Nieto Martín, 2009. If subjecting war to law is one of the most important legal achievements of the 20th century progressing further in that direction is one of the most important challenges for the 21st century. The problems it poses are many: the term war has formally fallen into disuse and we talk about peacekeeping armies; are today the product of cooperation between states and international organizations; private contractors increasingly participate in warlike activities as the case of the Iraq war demonstrates; and the lines between war and very serious forms of crime: terrorism, organized crime are increasingly blurred. This volume compiles the contributions presented at XVth International Congress on Social Defence and tackle the criminal legal issues raised by these new scenarios. It constitutes an innovative volume gathering together the work of both academic and military authors who have drawn on their theoretical and practical experience.
