Another Gospel A Confrontation With Liberation Theology:

Another Gospel Paul McGlasson, 1994 *Reaping the Whirlwind* John R. Pottenger, 2007-07-05 As early as the sixteenth century the liberal democratic state has been forced to confront the question of religion in politics The result has been a tense and uncomfortable balancing act Today in the public square of liberal democracy a number of religious confessions and beliefs compete for attention In the American experience some sense of religious pluralism and relative social harmony has been maintained However for this relationship to prevail a tension must continue to exist one that balances the political and social pursuits of self interest with meeting the objectives of the common good In *Reaping the Whirlwind* John R Pottenger shows how this process began in the modern world and how societies attempt to manage this ongoing conflict The first part of the book lays the groundwork of his analysis by using examples from history to demonstrate the genesis of political and religious whirlwinds It goes on to explore contemporary case studies such as conflicts between Mormons and Evangelicals in the United States liberation theology in Latin America Islam and the state in Uzbekistan and radical Christian reconstructionism Pottenger believes that the formal institutions of liberal democracy should maintain this turbulence even as religious activism threatens to upset the balance He concludes by advocating religious liberty and recognizing the individual and social need for expression At the same time he maintains that the survival of liberal democracy requires that these religious traditions not dominate the public sphere **The Hermeneutical Spirit** Amos Yong, 2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author's previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The *Hermeneutical Spirit* thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context *The Futures of Evangelicalism* Craig G. Bartholomew, Robin Parry, Andrew West, 2004 An insightful assessment of the current state of evangelical affairs and the varied directions evangelicalism is poised to take Contributors include Alister McGrath Eugene Peterson I Howard Marshall Gregory J Laughery Stephen Lazarus Robin Parry and Andrew West *The Schwarz Report* , 1998 *Encounter God* Steve Curtis, 2009-07-09 Everyone must respond to the Divine

Imperative Ultimately everyone answers God with a yes or a no This book explores the ways in which we submit our response An Absent faith is agnosticism as regards biblical Truth Every person begins at this stage Everyone who hears the gospel must then respond to it And once one has been presented with the gospel there are but two possible responses yes or no If the response is no there are two general options a Belligerent opposition to God i e atheism or an acceptance of a Counterfeit religion If the response is yes there are likewise two variations a poorly understood and Defeated faith that constricts more than it delivers or optimally an Examined faith that exalts in the grace of God delights in His promises and worships Him in the beauty of His holiness This book is intended to lead the readers to this final response through a reasonable and thoughtful consideration of the truths that challenge such a faith The Arab-Israeli Conflict in American Political Culture

Jonathan Rynhold,2015-02-23 This book surveys discourse and opinion in the United States toward the Arab Israeli conflict since 1991 Contrary to popular myth it demonstrates that U S support for Israel is not based on the pro Israel lobby but rather is deeply rooted in American political culture That support has increased since 9 11 However the bulk of this increase has been among Republicans conservatives evangelicals and Orthodox Jews Meanwhile among Democrats liberals the Mainline Protestant Church and non Orthodox Jews criticism of Israeli policies toward the Palestinians has become more vociferous This book works to explain this paradox **Postmodern Christianity** John W. Riggs,2003-04-01 John Riggs

argues for a common ground between postmodernism and Christianity focusing on how this applies to issues such as reproductive rights and the ordination of women gay men and lesbians and suggest that Christianity avoid the extreme positions of either completely accommodating itself to or completely rejecting postmodern culture *Women Caught in the Conflict* Rebecca M. Groothuis,1997-07-16 The goal of this book is not to analyze the competing viewpoints women s equality versus traditional family values in any depth but simply to step outside the familiar rhetoric in an attempt to obtain a view of the Big Picture The aim of this inquiry is a clearing of the conceptual atmosphere **Religion, Conflict and Military Intervention**

Rosemary Durward,2016-04-08 For many years religion has been the neglected component of international relations and yet in an age of globalization and terrorism religious identity has become increasingly important in the lives of people in the West as well as the developing world The secularization thesis has been overtaken by an increased desire to understand how religious actors contribute to both conflict and the resolution of conflict This volume brings an exciting new perspective with fresh ideas and analyses of the events shaping conflict and conflict resolution today The book uniquely combines chapters highlighting Christian and Islamist theological approaches to understanding and interpreting conflict as well as case studies on the role of religion in US foreign policy and the Iraq war with religious perspectives on building peace once conflicts are resolved The volume provides an ideal starting point for anyone wishing to gain a deeper understanding of the religious character of conflict in the twenty first century and how such conflict could be resolved **Catholic Social Teaching and Movements**

Marvin L. Krier Mich,1998 This introductory book to Catholic social teaching covers not only the

official documents and encyclicals but also gives a sense of the movements and people who embodied the struggle for social justice in the last 100 years **Missiology** ,1995 An international review **How Catholics Encounter the Bible**

Michael Peppard,2024 In *How Catholics Encounter the Bible* award winning biblical scholar and historian Michael Peppard explores the paradoxical role of the Bible for Catholics a book central to their tradition but one which Catholics rarely read Instead as Peppard shows biblical ideas influence Catholics through diverse modes of storytelling artistic imagination and ritual Through examples of pilgrimage visual arts poetry music and even on Netflix Peppard shows how the Bible thrives among Catholics even if its printed text may be missing **Christian Realism and Liberation Theology** Dennis P.

McCann,2001-08-30 *Christian Realism and Liberation Theology* provides the best interpretation and critique we have of liberation theology Equally important however is McCann s interpretation of Reinhold Niebuhr For it is McCann s contention that Niebuhr is best appreciated as attempting to provide a form of spirituality sufficient to sustain the frustrations of political struggle By bringing Niebuhr and liberation theology into creative contrast McCann not only illuminates the contributions and shortcomings of each but helps us better understand the issues confronting the development of an adequate Christian social ethic This is a book that has needed writing for some time We are in McCann s debt Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Divinity School Duke University **Revolution, Revival, and Religious Conflict in Sandinista Nicaragua** Calvin L. Smith,2007-03-31 This interdisciplinary study breaks new ground by exploring relations between Protestants mainly Pentecostals and the Sandinistas in revolutionary Nicaragua which to date have received scant attention It challenges the view that most Protestants supported the Sandinistas in fact the majority vigorously opposed them and establishes why many believed Nicaragua was heading towards communism or totalitarianism Meanwhile the Sandinistas expressed irritation with Pentecostalism s otherworldliness and support for Israel Pentecostals were harassed even brutally repressed in the northern highlands leading many to join the Contras That a minority of Protestants supported the Sandinistas caused further problems Pentecostals and Sandinistas were ideological rivals offering an alternative vision to the poor revolution or revival As Pentecostalism exploded a collision between the two was inevitable

Rowan Williams Rupert Shortt,2003-09-01 The first occupant of Lambeth Palace in several generations with an international reputation as a theologian he is nevertheless often considered a difficult writer more admired than read and understood Many people remain puzzled by how his social radicalism can coexist with a reputation for orthodoxy in doctrine Rowan Williams *An Introduction* is the first thorough account of the Archbishop s career and evolution as a thinker A long biographical chapter is followed by three further sections on key aspects of Williams s theology spirituality and politics The result is a sympathetic but not uncritical profile of a leader with unmatched talents for enhancing dialogue between Christianity and secular culture *Rediscovering Jesus in Our Places* Elia Shabani Mligo,2020-05-28 The question of contextual theology and its relevance to Africa in this time of globalization whereby there are rampant uncontrolled changes

in cultures technologies economic policies and even people s religious lives is very urgent How is contextual theology relevant in the ever changing contexts of the church in Africa Indeed there are a number of challenges which contextual theology faces within the church in Africa which need to be addressed contextually Some such challenges include poverty rampant violence homosexuality alcoholism the resurgence of prosperity gospel materialistic prophets and incurable illnesses like Ebola HIV and AIDS and the current coronavirus COVID 19 However which context in Africa Context in Africa as in other parts of the world is always in flux it is complex and fluid There is no permanent context The experience of Jesus in such a changing context needs to be rediscovered depending on what transpires in each particular place at a particular time This book addresses some of the overarching challenges that face contextual theology and how such challenges should be addressed by the church in Africa in contemporary ever changing context for it to be relevant in Africa It also highlights the need to move from liberation and inculturation theologies to reconstruction theology in dealing with the challenges of the current church Hence the book is important to students and scholars engaging in practical systematic biblical and contextual theologies in all their branches *Empowering People through Encounter* Erin Bringham, Maureen H. O'Connell, 2025-10-11

A useful and enriching resource for empowering organizers rooted in Catholic Social Thought to engage the church on all levels and mobilize Catholics and other people of faith to enact social change *Empowering People through Encounter* presents the Catholic Social Tradition as an embodied practical and inspiring way to connect faith and action It highlights the dispositions skills and methods of faith based community organizing through a combination of interviews with Catholic organizers in the field and case studies of campaigns from a variety of national contexts Focusing on the relational praxis of organizing provides an opportunity for readers to encounter Catholic Social Thought as an integrated vision that gets lived on the ground by those closest to the pain of injustices rather than a set of abstract principles invoked by those at a distance Students and practitioners of Catholic Social Thought in a variety of contexts from the classroom and the pulpit to the one to one meeting and the public action will appreciate the introduction to the concrete skills of community organizing to encounter the Catholic Social Tradition with particular emphasis on the social teachings and synodal vision of Pope Francis For those who use this resource within the context of a university classroom or parish *Empowering People through Encounter* will nourish faith formation and vocation development by presenting community organizing as an expression of Catholic Social Thought and a way people of faith have been architects of Catholicism **Empowering People through Encounter** Erin Bringham, Maureen H. Heaven in the American Imagination Gary Scott Smith, 2011-06-01 Does heaven exist If so what is it like And how does one get in Throughout history painters poets philosophers pastors and many ordinary people have pondered these questions Perhaps no other topic captures the popular imagination quite like heaven Gary Scott Smith examines how Americans from the Puritans to the present have imagined heaven He argues that whether Americans have perceived heaven as reality or fantasy as God's home or a human invention as a source of inspiration and comfort or an opiate that distracts from earthly life or as a place of worship or a perpetual playground has varied largely according to the spirit of the age In the colonial era conceptions of heaven focused primarily on the glory of God For the Victorians heaven was a warm comfortable home where people would live forever with their family and friends Today heaven is often less distinctively Christian and more of a celestial entertainment center or a paradise where everyone can reach his full potential Drawing on an astounding array of sources including works of art music sociology psychology folklore liturgy sermons poetry fiction jokes and devotional books Smith paints a sweeping provocative portrait of what Americans from Jonathan Edwards to Mitch Albom have thought about heaven
