**Stormy Monday** Helen Oakley Dance, 1999-03-01 The most significant factor in the career of Aaron T Bone Walker was his ability to bridge the worlds of blues and jazz The guitar artistry of this early exponent of urban blues was not only admired by blues musicians like B B King Gatemouth Brown Albert King and Albert Collins and rock guitarists such as Eric Clapton Jimi Hendrix Duane Allman and Stevie Ray Vaughan but by such jazz greats as Billie Holiday Dizzy Gillespie Lester Young and many others with whom he recorded Stormy Monday is the first biography of T Bone Walker to be published Using dozens of interviews with Walker as well as with members of his family close friends fellow musicians and business associates the book offers a remarkable frank insider's account of the life of a blues musician and compulsive gambler from the wild living and hard drinking on the road to a solid and contented family life at home In a very real sense the modern blues is largely his creation blues authority Pete Welding has written about T Bone Walker The blues was different before he came on the scene and it hasn't been the same since and few men can lay claim to that kind of distinction No one has contributed as much as long or as variously to the blues

Starting Monday Karen, 2013-10-21 Starting Monday is based on the simple premise that when our behaviors don't align with our expressed intentions we've got a conflict going on often outside of our awareness The book helps readers dig deeply into their psyches to figure out what mistaken beliefs and needless fears are holding them back from achieving their health and fitness goals The polarized feelings for disregulated eaters to identify and resolve fall within these 7 key areas 1 create lasting change 2 making conscious choices 3 feel deserving 4 how to comfort themselves 5 know what's enough 6 manage intimacy and 7 developing a healthy identity Starting Monday first helps readers unearth their mixed feelings in these seven areas then teaches them how to change their beliefs and behaviors to resolve them Using humor plain talk examples from her clinical experience reflection exercises case studies and homework Koenig lets troubled eaters know that their yo yo patterns of eating and self care are due to conflicts She shies away from easy answers and instead provides hope and concrete actions to developing a permanent positive relationship with food
