Another Dimension:

Another Dimension! Judy Turnbull, 2008-02 Turnbull discusses ways to experience God's glory and fullness of joy. She identifies key areas that will assist worshipers in positioning themselves to progressively grow and experience the manifested presence of the Lord. Practical Life M-Could You Be on Another Dimension? Alfonso Borello, 2013 COULD YOUR DOUBLE live somewhere on another universe. Could you live a slightly different life at this very moment? Could another world truly exist? Experts believe there are a myriad of things out there more than our eyes can see. Have you ever heard the term parallel universe? At least four types could dwell and one is just around us. More are believed to float around the cosmos like bubbles with no sense of direction. They occupy the same time on different dimensions and are totally invisible to our eyes. Where's my time machine and how soon can I get it? Finding Love in Another Dimension Casper Graham, Siren Menage Amour Erotic Romance Futuristic Alternative Menage MMM HEA Darryl Long is a weak dimension explorer. Exploring dimensions is risky so it isn't easy for him to find assignments to earn money. When he discovers that Leofric Spencer and Titus Cooke, two of the most famous and strongest dimension explorers, need someone who can create a pocket dimension to carry their things, he signs up for the assignment because he has that ability. It's nothing more than a glorified porter, but he needs the money. Leofric and Titus are boyfriends. They're both attracted to Darryl. Leofric prefers to be more direct, but Titus doesn't agree because he's afraid they may end up scaring Darryl away. After spending time together in another dimension, the three men grow closer. Unfortunately, they encounter a ferocious group of demonic dragons. They must defeat the dragons while working on their relationship, but that's easier said than done. Will the three men survive and return home as lovers? Another Dimension- Journey into the Unknown Kathleen Bell, 2017 Life for Katy was dull, dull, dull. Nothing exciting ever seemed to happen to her. Little did she know that things were about to change and her life was about to become more exciting than she could ever have imagined. After discovering a strange object whilst digging in the garden, Katy finds herself able to travel to other worlds and dimensions and even through time, but disaster seems to follow her everywhere she goes and she often finds herself in some dangerous situations. Along the way, she befriends a fellow traveller, a boy called Lee, who quickly gains her trust and her heart and helps her out of some sticky situations. However, keeping their secret from friends and family and the most popular girl in school, Judy, whose sole ambition seems to be making Katy's life miserable, might not be so easy.

Celtic Mysteries Windows to Another Dimension in America's Northeast Philip Imbrogno, Marianne Horrigan, 2005-09-01 Centered in New York's Hudson River Valley are a series of mysterious stone chambers and carved standing megaliths that have perplexed researchers of the paranormal and archaeologists for decades. What are the strange carvings and language written on the chambers' walls? Why are these structures built over areas of negative magnetic anomalies? Scientists and historians tend to write off these structures as colonial root cellars, but authors Philip Imbrogno and Marianne Horrigan, who have researched and studied the chambers for more than ten years, believe they are evidence that

the East Coast of North America was explored by people from Europe centuries before Columbus The ancient people who constructed these chambers may have been Druids who came to the new world in search of a gateway to the world of the gods The paranormal and UFO phenomena associated with these stone chambers suggest they may indeed be windows to another reality The book is a must read for anyone who is interested in the paranormal UFOs and ancient archeology If you like a real life mystery then this book will keep you enthralled from cover to cover Greenwich Time Philip Imbrogno has been investigating and researching paranormal phenomena for more than thirty years He has a BS degree in astronomy from the University of Texas a BS degree in Earth Science from Northeastern Boston College and a Masters degree in chemistry from M I T He is has been a science educator for the past 25 years and has authored countless magazine articles numerous newspaper columns and several books on science and the paranormal Marianne Horrigan is a paranormal researcher whose articles have appeared in Fate and UFO Universe She has been involved in research projects at the Bowman Observatory in Greenwich Connecticut and has co authored several books with Philip Imbrogno [Prayer in Another Dimension](#) Sue Curran,2006-04 [Ethereal Revelations - Volume I: Access to Another Dimension](#) Lizelle DuPlessis,2015-12-26 Ethereal Revelations Volume I is a moving account of how Lizelle at the end of pregnancy discovered another side to sex a spiritual side By starting to see the heavenly results of sex set off the ability to see a privilege with a cost the entire spiritual realm as contained in forthcoming volumes In Ethereal Revelations Vol I Access to Another Dimension the cost is prepaid via a traumatizing infidelity incident with devastating protracted aftermath causing a bizarre soul position that makes susceptibility to peculiar spiritual occurrences possible Undesirable ethereal revelations surface Many poignant discussions on appropriate sexual behavior re social implication secrets as evoked follow contributing to opening more channels Volume I starts this extraordinary journey in giving access to another dimension Patient open minded and enlightened readers in search of a different kind of spirituality the truth about the incorporeal world and supreme spirituality will be overawed
