Duncan Sr. D.D. D.Re. Ph.D, 2015-09-02 In light of the new wave of Pseudo religion Ideology it is necessary to give a concrete response to it Same Sex marriages have been put forth as a new civil rights issue Which it must be determined whether it is Civil or Right Should credence be given to Homosexuality to be recognized by religion or government as a new moral or immoral privilege Only Species have the rights to exist When this lifestyle cannot produce offspring it does not exist The concept is pseudo philosophy or pseudo religious It must be governed by the same law and principles of other species Homosexuals should be restricted to the species of the human family Homo Sapiens Male and Female This then will destroy the idea of it

Rummo, 2010-04 Confidently recommended reading The View from the Grass Roots is filled from cover to cover with keen insights profound thoughts and a deep and diverse understanding of the human condition Midwest Book Review Rummo is uniquely qualified It is clear from the quality of his writing that he has been at this for quite a while Plenty of exercise for the mind and soul Willard Samuel Adjunct Scholar at Frontiers of Freedom Greg Rummo is a great writer and a great human being facts that shine like precious stones in his prolific output I have trouble not hating him for his talent and energy Joe Klock Sr Author and Syndicated Columnist Greg Rummo is one of my heroes His book masterfully gives a cohesive view of liberal politics and biased media and the impact they have on the American culture And he does it with engaging evidence Thomas Ciesielka TC Public Relations By approaching the latest public issues from the angle of religion informed by Christianity Gregory Rummo offers an attractive corrective to the assumptions often underlying coverage of stories in mainstream print media His unashamed point of view can be infuriating for example to state his case he often sets up so called liberals as targets then dismantles them by his arguments it is a facile device But there is much merit to what he says And he is never mean Which is high praise indeed Charles Saydah Letters to the Editor The Record **ANOTHER LOOK AT THE BEGINNING** Anthony Male, 2014 The Creation Story in the Bible is often dismissed as being some form of fairy story I wanted to have a closer look at what the first eight chapters of Genesis really said **Another Look at St John's Gospel** Ivan Clutterbuck, 2006-12 This popular companion to St John's Gospel is now available again It provides a clear path

Introduction to the Mystery of the Church Benoit-Dominique de La Soujeole, OP, 2014 Introduction to the Mystery of the Church is an ecclesiological survey presenting a doctrinal synthesis of the Church The author s intention is to propose an overview of this mystery in connection with the entirety of the Christian mystery The book is divided into two major parts the first presenting the foundations in the Bible and the tradition up to our day and the second being an explanatory proposal introducing the reader to the Church s definition and personality and concluding with an exposition of the four properties enunciated in the Creed one holy catholic and apostolic The value of this way of proceeding is first and foremost in the proposal of a synthesis that allows one to situate each question in its rightful place such study being oriented toward a better overall grasp of the subject As the title suggests the book is an introduction that should allow the reader to apprehend the mystery in its internal coherence in order subsequently with the aid of other texts to be able to enter more deeply into the study of one or other specific point While this ecclesiology treatise is written from a Catholic point of view an ecumenical perspective is often present either through the presentation of divergent views from other Christian confessions or through the proposal for a theological convergence

Humphrey,Peter Cordella,2013-10-24 This book provides the most current thinking on effective interventions in the lives of criminal offenders Original articles by leading criminologists provide in depth analyses of turning points in the desistance process experienced by criminal offenders An understanding of the sources of turning points or interventions across the life course is vital to assessing their impact on criminal behavior Three sources of interventions in criminal careers are identified in the literature structural location human agency and situated choice Structural location refers to the social place occupied by an individual in the social structure including marital and occupational status education and income and so on Human agency means the active will of an individual to change his or her behavior that is the decision to stop engaging in criminal activities In addition situated choice coordinates the offender s willingness to end a life of crime with the social structural supports that increase the odds of criminal desistance This comprehensive book considers all three sources of turning points structural location human agency and situated choice across the life course of criminal offenders The book also provides a section on cross cultural perspectives on the
