Contact Michael Brumfield, 2004-07 Indigo -- E. T. Connection Marshall Masters, 2004-12 Indigos are awaking in great numbers to the gentle call of a living universe Some are cherished and nurtured but most are forced to struggle with the emotional pain of misunderstanding Yet each will feel the same need to explore their own Indigo ness and their own destiny of evolution and contact Indigos are here to help humanity achieve its oldest dream universal harmony They will do it by living in service to others in the hope of seeing humanity overcome its service to self failings When that happens our civilizations will no longer grow quickly erode slowly and then die suddenly Rather they will last and they will know love As we evolve off world races will freely contract us and Indigos will become our honest liaisons for they will instinctively know

friend from foe All are born to this role but not all are destined to fulfill it This book is dedicated to those who do and it offers helpful suggestions for future encounters Are You an Indigo The term Indigo describes the hue of the aura life energy color that surrounds an Indigo according to psychic Nancy Ann Tappe but this is not the only measure An Indigo will also possess a high IQ an indomitable sense of self and a strong psychic intuition Born to a natural knowing of things they quickly sense goodness compassion evil intent and crisis in others How do true Indigos define themselves Through their feelings Do these questions sound familiar Am I a recent genetic freak of nature as the experts suggest Why am I so out of sync with this materialistic consumption driven society about me Why when all I crave is oneness with the universe do others subjugate me with emotional abuse and drugs Is there any purpose to my life that can possibly justify all this emotional pain The true Indigo instinctively knows that the answers to such questions are found within Only in this way can they resonate completely Regrettably the quest within is all too often marked by the loneliness and emotional pain caused by those who do not understand Indigos or worse yet fear them Still each Indigo must eventually accept the responsibility of his or her own knowledge quest as no two are exactly alike For this reason the author wrote this book in the hope of giving comfort to young Indigos by sharing knowledge gained through his own quest It is also to say to every Indigo Each of us follows a different quest but we all feel and understand your pain Put it aside and revel in your Indigo ness and know that you are not alone

2012 Gold's History Solves Mankind's Mystery Michael Brumfield, Mike Brumfield, 2005-06 A fascinating story of two men researching the origins of religion Their journey takes them down THE ROAD of shocking scientific discoveries in our ancient past Primitive man's

heaven is irrefutably up in all religions and yet Michael's buddy remains steadfast in his belief of a spirit world. However, Michael sees the matching evidence provided by science today. We are going up, need gold to do it, and last but not least, are creating robots to assist us with the obvious. He presents the evidence to prove religion's story is today's science. Up and space is religion's heaven, and our logical goal in achieving the immortality of our own species. We have come full circle. Religion matches today's science. What they look like and why they stay away is the climax of his research. Religion's universal up theme proves space is inhabited by flesh and blood scientific beings. We are going up space, the final frontier.

The "Nonsense" Papers James W. Astrada, 2013-10 In the first volume of his Nonsense Papers series, James W. Astrada explored the controversial discussion of extraterrestrial influence on the human species and planet Earth. Now on the precipice of the Digital Age, humanity is evolving at an astonishing rate, but are we evolving quickly enough to be entrusted with our advances? As we face the estimate that the human population may swell to ten billion by 2050, we must demand debate on how this finite planet can handle humanity's uncontrolled growth. This second installment of Astrada's series continues to focus on humanity's perilous journey to connect with the power cosmic and abandon our primitive and ignorant beliefs of the paranormal and the mystic. It also looks at the origins of humanity, Darwinism, geo-engineering, the dangers inherent as humans try to control the weather, and more. The race is on for the individual to ascend this reality we live in to finally reconnect with the galactic families of sentient beings that await us if we try to master our humanity and all of its obstacles. Are we the greatest threat to our own existence? Are we ready for contact from another world?

Aliens Gold Tenth Planet Michael Brumfield, 2003-06 *Something Happened on the Way to Heaven* Nish Gunawardena, 2011-05-26 Raye is in love. His life on the East Coast is unfulfilled without her. She lives in another country. He takes a summer off from his busy graduate school life to be with her, but his journey to get out of his trap is interrupted by a mysterious messenger in the most unlikely of places. Raye is taken off his planned course and taken unwittingly on a path of his initiation and preparation for the girl of his dreams who had previously rejected him for his incompatibility. He is stunned by the messenger's down-to-earth delivery of unearthly intelligence and the message of timely incisive magic with seductive mystery. Raye is mesmerized by the messenger's golden arm bracelet of Uraeus, which epitomizes the potency of the revelation he receives. There is a battle in his heart.
