Metaphysical Answers to Metaphysical Questions (Book -1) Mustafa Karnas, 2021-02-12 PRESENTATION This book covers the answers to the questions that arise during the training lessons on Becoming Metaphysics Metaphysics Noetics Religions History of Religions Esoteric Behavioral Sciences Our Behaviors Development Secrets Esoteric Occult Enoch Wisdom and many other questions asked by those who attended the training were answered by Mustafa KARNAS and this question was named as being Metaphysical with answers educational information is included in this book In the following five subjects Being metaphysical 1 Managing your own life 2 Managing the flow of events 3 leading the flow of destiny 4 Managing the future 5 Managing information Mustafa KARNAS BEING METAPHYSICAL Our topic is to manage the flow of destiny how will we manage our destiny How easy it is but hard when you don't know Let's examine the question of what is to know knowing is like opening Matryoshka dolls you go to the deepest knowing at every trench becomes a function What else is to know Knowing is holding holding is determining a space between references that is knowing is measuring The only reason we know is because we can measure what we measure is what we perceive What we perceive means something other than

references created by what we know what we know is what we learned by measuring knowing also means understanding by changing the measures With each change of measure or reference the shape of the information also changes so the knowing function continues by updating the previously known With these constantly changing references even if the information is the same with the measurements forming a different judgment on everyone the projection of everyone will be different Knowing can only happen with the approval of others so we know what we know only in others we cannot know anything in ourselves The most important of the references that tell us what we know are their projections reflections For example if we hear ringing bells in a rural area even if we do not see it he tells us that there is a sheep goat cow herd in a place we cannot see but can hear in the future with a shepherd and shepherd dogs Just a bell and a bell show that we know all these things and if we turn it on we will move away from the sound if we are afraid of the shepherd dog attack but if we need help we approach the sound and so on We know because everything we know exists on a scale if it did not exist on a measure nothing we know would be because we will never see what we see again so every we see will be what we do not know and we would never know Although never knowing is a true reality the only reason we know is that human perception violated by the law of uncertainty has created constants for itself within the existing laws of existence That is we are bodies and souls trapped in a continuous repetition of the like in a cyclical hermetic matrix Therefore the flow which is in fact uncertainty becomes a reality in a narrow space within us and the measurements we make in that area are always stable so we know or we would never have known The way we know something is influenced by the way the brain processes it the brain processes information compares the two when a new flow of information arrives and orders the motor cortex accordingly So the only reason we know is because the measurements are stored in snaps stability and stability is that the brain arranges a mess in its own way For example you go to visit someone there is a dog at the door the man says don t be afraid they won t bite You don t have this information you have it Again you go to a yacht for a guest screams coming from the upper floor at 12 at night you worry you say Don t be afraid there is nothing the man is watching a movie these are the information that everybody gets by measuring the motor cortex and snaps What else is measuring does anyone have an idea Another concept means to measure Measure means destiny We have created you on a scale that is we have created you on a fate our subject is destiny So as long as you stay within the measured your destiny is determined If the measurements change the fate also changes because the main thing is the law that is the law of measure appears as projective realities in the form of an array of possibilities in every measurement but when there is an action to change the measurement a new measurement is made subject to another law of creation Therefore the only fate determined is laws that is the rules of the laws of measurement never change but the fate of the person changes with different laws and measurements Whose destiny is the fate mentioned And let s come to the subject of death whose term is the term with whom is the agreement made *The Innovative Church of the 21St Century* Patrick Isaac,2014-10-22 We have entered the 21st century and the Church of Jesus Christ is facing new

realities and new challenges in this millennium The Church will have to negotiate and overcome these realities and challenges to be able to greatly advance the Kingdom of God on earth Our society technology communication and information systems have taken a drastic turn The Body of Christ cannot hope to conspicuously affect our modern society with obsolete methods and dynamics It is imperative for the Church to innovate This anointed and appointed work will address certain areas of optimisation and innovation vitally needed by the Church of Jesus Christ to kingdomize the earth Whether we want it or not the kingdom of God will dominate the earth The instrument that God will use to make the difference in this 21st Century is an innovative and optimized sent out Church to kingdomize the earth My question for you is Will you be part of the innovative Church that will change the destiny of the 21st Century Your determination to grasp and master these important keys in this literary work will certainly upgrade your candidacy **An Answer for Everything** Delayed

Come to the Waters James Montgomery Boice,2011-09 Legendary Reformed preacher illuminates key truths of Scripture for daily devotion **The Quest** James Mays,2006-09 *One Right Answer, Infinite Wrong Answers: Why Humanity Is Addicted to Being Wrong* David Sinclair,2021-07-27 This is a book about the one objective truth of existence and the countless subjective falsehoods accepted as true by the vast majority of humanity This book focuses especially on New Age guru Ken Wilber s fallacious system known as Integral Theory his theory of everything where he attempts to place a wide diversity of mystical theories and the teachings of various gurus into a single framework that supposedly explains everything Wilber s system is best summed up in his statement I have one major rule Everybody is right More specifically everybody including me has some important pieces of truth and all of those pieces need to be honored cherished and included in a more gracious spacious and compassionate embrace It is exactly this sentiment that underlies the New Age hegemony of relativism and subjectivism of everyone having their own experiences their own path their own truth In such a system it becomes impossible for people to reach the one absolute objective truth of existence which grounds everything In order to reach the Truth the task is not to pretend to people that they are all right but to show where they have gone wrong where they have strayed from reason and logic where they have succumbed to irrationalism via emotionalism sensory empiricism faith and mysticism Wilber adopts a fully irrationalist stance when he claims that the enlightened are what he calls trans rational i e they have somehow transcended reason and logic and thus reached the zone according to Wilber where they can apprehend Absolute Reality In fact Absolute Reality insofar as it is intelligible is nothing but the expression of the Principle of Sufficient Reason and its corollary Occam s razor How do we eliminate the infinite wrong answers to existence and reach the one infallible right answer to existence It s simplicity itself The answer to existence is the simplest and most rational possible Any answer that is not rational is irrational hence false Any answer that is not the simplest is wrong because reality would never

privilege complexity over simplicity Reality necessarily follows the path of least resistance the most economic path It does not know how to introduce superfluous needless and pointless complexity You will never understand the answer to existence if the answer you support is against rationalism and against rational simplicity *Reposition Yourself* T.D. Jakes,2008-08-26 Bishop Jakes offers readers a collection of scripture and quotes that provides the spiritual underpinnings of his message about applying Christian principles to giving and receiving blessings Just Love: Questions & Answers, Volume 3 Paramahansa Sri Swami Vishwananda,2019-11-02 The third and final volume of the JUST LOVE Questions Answers series focuses particularly on that which has been the cause of more debate discussion mystery and curiosity than anything else in the history of mankind God Himself In addition for the first time Paramahansa Vishwananda gives answers to personal questions describing details about His own life and experiences as well as addressing questions about Mahavatar Babaji the role of the Guru religion the meaning and purpose of Divine incarnations and a deeper understanding about the mystical elements of spirituality and how that relates to our daily lives *Seeing the Big Picture* Alastair T. Ferrie,2012-10 To many Christians the Old Testament is a mysterious document a treasure hidden in the dust of antiquity It is historical it tells the story of ancient Israel but has it anything to do with me Seeing the Big Picture is the story of one man s voyage of discovery The Bible as a whole is the dramatic story of redemption which comes to a climax in the New Testament In every book of the Old Testament the theme of the coming of Christ is there burning brightly like a lamp in the darkness heralding the day when the glory of the Christ would burst majestically forth Suddenly I saw that this was truly one story It was almost as if someone had turned a light on I could see things much more clearly and so many aspects of the New Testament study were brought into such clear focus that I understood as never before *Black White and Gray* David Bultman,2012-01-01 Black White and Gray is a Detective story gone awry It is intriguing engaging fascinating and filled with romance The books main character Alba sets out to find information on drug dealers and instead finds herself caught in a world of adventure filled with excitement and drama involving conflicts and emotions through action and dialogue A series of events involving interesting and intense conflict give the story a quality that stimulates her adventures mind Alba personafies a woman seeking a livelihood of questionable means exposing herself to danger beyond what is called for by duty and courage Many colorful characters make Black White and Gray an extremely interesting read David fascinated by her beauty and persona searches for her and ends up in a paradise beyond his wildest dreams **The Monkey's Child** Andrew E.
