Wimbush,2015-07-16 Scripturalizing the Human is a transdisciplinary collection of essays that reconceptualizes and models scriptural studies as a critical comparative set of practices with broad ramifications for scholars of religion and biblical studies This critical historical and ethnographic project is focused on scriptures scripturalization scripturalizing as shorthand for the psycho cultural and socio political work we make language do for and to us Each essay focuses on an instance of or situation involving such work engaging with the Bible Book of Mormon Bhagavata Purana and other sacred texts artifacts and practices in order to explore historical and ongoing constructions of the human Contributors use the category of scriptures understood not simply as texts but as freighted shorthand for the dynamics and ultimate politics of language as tools for self illumination and self analysis The significance of the collection lies in the window it opens to the rich and complex view of the highs and lows of human un making as it establishes the connections between a seemingly basic and apolitical religious category and a set of larger social cultural phenomena and dynamics World Scripture ,1991 **Understanding the Pentateuch as a Scripture** James W. Watts,2017-10-23 A cutting edge scholarly review of how the Pentateuch functions as a scripture and how it came to be ritualized in this way Understanding the Pentateuch as a Scripture is a unique account of the first five books of the Bible describing how Jews and Christians ritualize the Pentateuch as a scripture by interpreting it by performing its text and contents and by venerating the physical scroll and book Pentateuchal studies are known for intense focus on questions of how and when the first five books of the Bible were composed edited and canonized as scripture Rather than such purely historical literary or theological approaches Hebrew Bible scholar James W Watts organizes this description of the Pentateuch from the perspectives of comparative scriptures and religious studies He describes how the Pentateuch has been used in the centuries since it began to function as a scripture in the time of Ezra and the origins of its ritualization before that time The book Analyzes the semantic contents of the Pentateuch as oral rhetoric that takes the form of stories followed by lists of laws and sanctions Gives equal space to its ritualization in the iconic and performative dimensions as to its semantic interpretation Fully integrates the cultural history of the Pentateuch and Bible with its influence on Jewish and Christian ritual and in art music theatre and film Understanding the Pentateuch as a Scripture is a groundbreaking work that highlights new research data and organizes the material to focus attention on the Pentateuch s and Bible s function as a scripture *The History of Chinese Buddhist Bibliography: Censorship and Transformation of the Tripitaka* Tanya Storch,2014-03-25 This clearly organized well researched book on the medieval catalogs of Buddhist writings in China illuminates the shaky foundations of modern Buddhist research Storch exposes how the Chinese Buddhist corpus was shaped and even censored by generations of

catalogers the guardians of the canon At the same time Storch probes the catalogs for what they reveal about standards of authenticity the assignment of value to some scriptures over others and the history of books libraries and learning in pre modern China Moreover Storch argues convincingly that the history of Chinese Buddhist catalogs should be incorporated into comparative discussions of scripture and canon in world history As the first general study of Chinese Buddhist bibliography in English by an author who demonstrates a thorough command of the material this book is the first place scholars should turn to for information about the structure and formation of the Chinese Buddhist canon This book deserves a place on the bookshelf of every specialist in pre modern Chinese Korean and Japanese Buddhism John Kieschnick Stanford University This volume brings forward the importance of the cataloging of the many versions of the Chinese Buddhist canon Given that these compilations are the source for much of the written history of Buddhism in East Asia they deserve the careful study that has been given to them by Tanya Storch in this book Her research advances the understanding and provides much new data about this genre of literature and its impact on Chinese religion and culture Lewis Lancaster University of California Berkeley Offers insight into wide ranging issues of how religious ideas are transmitted between cultures Although the focus here is on the ways in which Buddhism in both oral and written forms was assimilated into Chinese literary society Storch s comparative approach will also be of interest to scholars specializing in the comparative analysis of sacred scriptures E Ann Matter University of Pennsylvania Cataloging is an essential step toward canon formation in East Asian Buddhism However current scholarship has not yet revealed the mysteries behind the collection of the enormous corpus of Buddhist texts which is called the Buddhist canon let alone the process of catalog making Dr Storch s work is pioneering in this direction and touches the core of the rich textual tradition in East Asian Buddhism In addition her meaningful contribution will be of interest to researchers of a global history of scriptural catalogs because she brings in a comparative perspective to the subject matter and puts the Chinese Buddhist catalogs on a par with the Confucian textual tradition and Western cataloging practices This book is highly recommended for scholars and students studying Buddhism history of the Chinese book and comparative religion Jiang Wu University of Arizona This highly accessible book is not only helpful to the nonspecialists in Buddhism but also to Buddhist scholars who are interested in how and why differing versions of the Buddhist canon came into existence Much Buddhist sectarianism stems from different assessments of what should be counted as a reliable Buddhist scripture This account of the long and complex history of Chinese Buddhist ideas about what should be included in a catalogue of authentic Buddhist scriptures sheds much light on the process of canon formation in Buddhism It also demonstrates that Chinese Buddhists played a leading role in dividing Buddhism into so called Hinayana and Mahayana which is at the root of much Buddhist sectarianism Rita M Gross University of Wisconsin Eau Claire

UNDERSTANDING THE BIBLE AS A SCRIPTURE IN HISTORY CULTURE AND RELIGION The Bible is a popular subject of

study and research yet biblical studies gives little attention to the reason for its popularity its religious role as a scripture Understanding the Bible as a Scripture in History Culture and Religion integrates the history of the religious interpretation and ritual uses of biblical books into a survey of their rhetoric composition and theology in their ancient contexts Emphasizing insights from comparative studies of different religious scriptures it combines discussion of the Bible s origins with its cultural history into a coherent understanding of its past and present function as a scripture A prominent expert on biblical rhetoric and the ritualization of books James W Watts describes how Jews and Christians ritualize the Bible by interpreting it by expressing it in recitations music art and film and by venerating the physical scroll and book The first two sections of the book are organized around the Torah and the Gospels which have been the focus of Jewish and Christian ritualization of scriptures from ancient to modern times and treat the history of other biblical books in relation to these two central blocks of the Hebrew Bible and New Testament In addition to analyzing the semantic contents of all the Bible s books as persuasive rhetoric Watts describes their ritualization in the iconic and expressive dimensions in the centuries since they began to function as a scripture as well as in their origins in ancient Judaism and Christianity The third section on the cultural history and scriptural function of modern bibles concludes by discussing their influence today and the controversies they have fueled about history science race and gender Innovative and insightful Understanding the Bible as a Scripture in History Culture and Religion is a groundbreaking introduction to the study of the Bible as a scripture and an ideal textbook for courses in biblical studies and comparative scripture studies

Making Gender in the Intersection of the Human and the Divine Thomas Donlin-Smith,Muhammad Shafiq,2019-02-07 This collection of essays challenges the traditional patriarchal approach to sacred literature by highlighting gender parity in sacred texts and envisioning the rise of the matriarchy in the future The authors redefine Biblical Greek words like malakoi and arsenokoitai used in condemnation of homosexuality and Qur anic words like darajah and qawwamun used for establishing patriarchy One author reexamines the role of the Nepalese Teej festival of fasting and worship of the god Shiva in promoting male hegemony in Hinduism Other papers examine passages like Proverbs 31 1 31 the stories of Sarah and Rahab in the Bible the role of Mary in the Qur an and the Dharmic conversion in chapter 27 of the Lotus Sutra This book makes it clear that sacred literature is subject to human understanding as it

Tolerance and co existence are both great In fact they are necessary If we are to live together in peace without hating each other or physically harming each other over differences in race culture sexual orientation political views and religious beliefs we must have tolerance However we must also recognize that every belief can t be equally valid If two beliefs directly contradict each other both of them cannot be true no matter how tolerant we become This means it is false to say that every religion is true or that every religion leads to God When people make such claims they show that they have not taken the time to study the world s religions because a brief reading of the sacred texts of only a handful of religions quickly reveals contradictions on the most fundamental levels Religious Contradictions Reincarnation Hinduism and Buddhism contradicts the belief that this is your only life before eternity Christianity Judaism and Islam Salvation from sin Christianity contradicts the belief that there is no sin to be saved from but simply pain that can be escaped through enlightenment Buddhism Jesus Christ is the incarnate Son of God Christianity contradicts the teaching that he is just a prophet Islam or that he was a false prophet Judaism In light of these contradictions alone all religions can t be true They could all be false but they can t all be true Are any of them true This is the most important question anyone can ask Recognize religious contradictions Embrace them Test them Seek the truth www.contradictmovement.org
