Wm. Roger Louis

Anthony Eden 1897 1977 A Bibliography:

Anthony Eden, 1897-1977 Alan Lawrance, Peter Dodd, 1995-10-24 The first full length bibliography devoted to the Conservative British politician Eden 1897 1977 who resigned from the Cabinet in opposition to appeasement in 1938 served under Churchill during World War II was Foreign Secretary again in the 1950s and was briefly Prime Minister until driven from office by his poor handling of the Suez Crisis in 1956 Descriptive and critical annotations accompany the 773 entries regarding all stages of his career Sections also cover manuscript and archival sources printed primary documents the press biographies about him and his own published work **The Eden-Eisenhower Correspondence, 1955-1957** Peter G. Boyle, 2006-03-13 The personal correspondence between President Dwight D Eisenhower and Prime Minister Anthony Eden during the time they were simultaneously in office tells the dramatic story of a relationship that began with great promise but ended in division and estrangement Many of the letters have only recently been declassified making it possible for the first time to publish this unique historic collection in its entirety Peter G Boyle s introduction annotations and conclusion provide context for the letters details about the personalities and careers of Eden and Eisenhower and major issues that influenced the Anglo American relationship up to 1955 such as relations with the Soviet Union nuclear concerns colonialism the Middle and Far East economic issues and intelligence matters The letters themselves offer an intimate look into the special connection between Britain and the United States through the often eloquent words of their leaders They offer particular insight into the Suez Crisis of 1956 when Eden s and Eisenhower s views greatly diverged over the use of force to resolve the situation Their personal relationship cooled from that point on and ended with Eden s resignation in January 1957 *The 20th Century A-GI* Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography [A Guide to the Papers of British Cabinet Ministers 1900-1964](#) Cameron Hazlehurst, Sally Whitehead, Christine Woodland, 1996 A Guide to the Papers of British Cabinet Ministers 1900 1964 is the revised and expanded edition of a volume published by The Royal Historical Society in 1974 Up to date information on the papers of 323 ministers from the first edition is provided and its scope has increased from 323 ministers to include all Cabinet ministers until the resignation of Sir Alec Douglas Home as Prime Minister in 1964 This Guide is a major research tool and a source of information on the personal papers of British Cabinet ministers **The Palgrave Handbook of Presidents and Prime Ministers From Cleveland and Salisbury to Trump and Johnson** Michael Patrick Cullinane, Martin Farr, 2022-01-13 This handbook examines the personal relationships between American

presidents and British prime ministers It aims to determine how personal diplomacy shaped the Anglo American relationship and whether individual leaders made the relationship special From the great rapprochement of the 1890s to the Cold War and contemporary transatlantic rapport the Anglo American relationship has been one of global significance making presidents and prime ministers central to international security trade and commerce culture and communication Naturally it explores the ideas and convictions of presidents and prime ministers the political parties they led as well as the political images constructed in the media and how the aura of the Anglo American relationship might differ from the reality With a deeper understanding of these political leaders and the relationship they forge with their counterparts we come that much closer to appreciating the dynamics of transatlantic statecraft

British Foreign Secretaries in an Uncertain World, 1919-1939 Michael Hughes, 2004-08-02 The nature of international diplomacy and Britain's world role changed immeasurably after the end of the First World War and this book shows how the various men who headed the Foreign Office during the interwar years sought to operate in the shifting political and bureaucratic environments that confronted them **British Foreign Secretaries in an Uncertain World** examines the careers of each of the interwar Foreign Secretaries including Lord Curzon Ramsay MacDonald and Anthony Eden Using an extensive range of primary sources both published and unpublished official and private Michael Hughes provides a detailed assessment of how these men approached their role and how influential they were in international diplomacy The book also looks at the Foreign Secretaries successes or failures within the British political system analysing how influential the Foreign Office was under each Secretary in determining British foreign policy A fascinating book with a unique focus **British Foreign Secretaries in an Uncertain World** takes a rigorous look at a key topic in British history

Downing Street Blues Jonathan Davidson, M.D., 2014-01-10 Presenting an account of mental illness in British prime ministers from Sir Robert Walpole generally regarded as the first to hold the position to Tony Blair this book reveals how depression anxiety dementia and alcohol or drug use disorders have impacted British leaders over three centuries It begins with an introduction explaining the principles of diagnosis the methods used to assess subjects and the assignment of confidence levels in each diagnosis and the overall significance of mental disorder in political leaders Individual assessments then follow for each of Britain's 51 prime ministers revealing how evidence for psychiatric problems was found in over 70% of cases and how the prevalence of mental disorders remained relatively constant throughout the 18th 19th and 20th centuries

The Middle Power Project Adam Chapnick, 2011-11-01 The Middle Power Project describes a defining period of Canadian and international history During the Second World War Canada transformed itself from British dominion to self proclaimed middle power It became an active enthusiastic and idealistic participant in the creation of one of the longest lasting global institutions of recent times the United Nations This was in many historians opinions the beginning of a golden age in Canadian diplomacy Chapnick suggests that the golden age may not have been so lustrous During the UN negotiations Canadian policymakers were more cautious than idealistic The civil

service was inexperienced and often internally divided Canada's significant contributions were generally limited to the much neglected economic and social fields Nevertheless creating the UN changed what it meant to be Canadian Rightly or wrongly from the establishment of the UN onwards Canadians would see themselves as leading internationalists Based on materials not previously available to Canadian scholars The Middle Power Project presents a critical reassessment of the traditional and widely accepted account of Canada's role and interests in the formation of the United Nations It will be read carefully by historians and political scientists and will be appreciated by general readers with an interest in Canadian and international history

The End of the British Empire in the Middle East, 1952-1971 Wm. Roger Louis, 2025-03-28 A comprehensive account of the decline and fall of the British Empire in the Middle East from 1952 to 1971 **Swastika over**

the Acropolis Craig Stockings, Eleanor Hancock, 2013-07-04 Swastika over the Acropolis is a new multi national account which provides a new and compelling interpretation of the Greek campaign of 1941 and its place in the history of World War II It overturns many previously accepted English language assumptions about the fighting in Greece in April 1941 including for example the impact usually ascribed to the Luftwaffe German armour and the conduct of the Greek Army Further Swastika over the Acropolis demonstrates that this last complete strategic victory by Nazi Germany in World War II is set against a British Dominion campaign mounted as a withdrawal not an attempt to save Greece from invasion and occupation At the same time on the German side the campaign revealed serious and systemic weaknesses in the planning and the conduct of large scale operations that would play a significant role in the regime's later defeats Decolonization,

Sovereignty, and Peacekeeping Hanny Hilmy, 2020-09-29 This book analyses three major themes decolonization sovereignty and peacekeeping Their interaction during the national liberation struggle during the Cold War culminating in the 1956 Suez War addresses the principle of national sovereignty after World War II in the framework of the UN Charter The new peacekeeping operations were used in many conflicts during which the Charter's theory and application were tested The rise of the USA as the key Western power and Israel's special role in the Middle East have created a new confrontational dynamic for the entire region The interaction between the book's main themes in the field has led to the principles of peacekeeping in international and national conflicts being reviewed in light of the discredited Capstone Doctrine The author argues that state sovereignty is sacrosanct but humanitarian interventions are equally imperative in his view Striking the right balance is crucial for managing conflicts The author offers a well informed historical account and an authoritative political analysis was exposed to UNEF deployments and termination and knows key peacekeeping actors draws on original documents memoirs and interviews includes unpublished photos and previously unavailable documentary material has experience in government and academia **Allianzpolitik in der Suezkrise 1956** Thomas Freiburger, 2013 Die Auswirkungen der Suezkrise von

1956 auf die grossen Drei der NATO erstmalig quellengestützt aufgearbeitet **Superpower Britain** Ashley Jackson, Andrew Stewart, 2025-01-13 History tells us that the Second World War broke Britain as a great power diminishing

its military strength ruining its economy and precipitating a striking wave of decolonization Nationalists and new superpowers dominated the post war landscape and the country was on the slide But no one knew this in 1945 the leading politicians the top civil servants and the most knowledgeable experts all expected the British Empire to remain intact long into the future There was no hint of imminent collapse and the governing elite and key opinion shapers weren't considering decline and decolonization evincing instead a new zeal for imperial renovation and a belief that an empire which had just survived another global conflict was vital for the peace and security of all humankind They were even looking to expansion securing the spoils of victory as they had done at the end of the First World War Fully expecting to continue leading a great empire as well as a bloc of European nations recovering from war the British had their own vision of the new world order Furthermore and astonishingly given what actually happened British leaders were convinced that parity could be gained with the Americans and the Soviets Britain was to remain a superpower in its own right What actually happened differed radically from these expectations The question is how do we account for the difference between what it was thought would happen and the actual course of events Superpower Britain is the first book to focus in depth on this fascinating counterpoint and to fully integrate the history of Britain and the effects of the Second World War with the history of the British Empire It explains what the British planned to do in the post war world why they thought their plans for regeneration and the future world order were viable and what the war had actually done to British world power and its imperial foundations Monatshefte

,1997 **Political Leaders and Military Figures of the Second World War** Steven D. Chambers,1996 This bibliography is a compilation of approximately 3500 English language works by and about the major political leaders and military figures of the Second World War The bibliography is intended to aid librarians in answering reference questions concerning what works are available on a certain individual to aid graduate and undergraduate students in researching potential historical topics and to aid the general reader in choosing a good biography of a particular individual **Bibliographic Index** ,2008

Eden D R Thorpe,2011-05-31 Anthony Eden who served as both Foreign Secretary and Prime Minister was one of the central political figures of the twentieth century He had good looks charm a Military Cross from the Great War an Oxford first and a secure parliamentary constituency from his mid twenties He was Foreign Secretary at the age of 38 and the first British statesman to meet Hitler Mussolini and Stalin Eden's dramatic resignation from Neville Chamberlain's Cabinet in 1938 outlined here in the fullest detail yet made an international impact This ground breaking book examines his controversial life and tells the inside story of the Munich crisis 1938 the Geneva Conference 1954 Eden's battles with Churchill over the modernisation of the post war Conservative Party and his rivalry with Butler and Macmillan in the early 1950s culminating in a fascinating analysis of the Suez crisis **Focus On: 100 Most Popular Knights of the Garter**

Wikipedia contributors, The League of Nations, International Terrorism, and British Foreign Policy, 1934-1938 Michael D. Callahan,2018-05-02 This book examines the League of Nations state supported terrorism and British foreign policy after

the rise of Hitler in the 1930s It argues that with strong leadership from Britain and France the League made it possible for states to preserve the peace of Europe after terrorists aided by Italy and Hungary killed the King of Yugoslavia in 1934 This achievement represents the League at its most effective and demonstrates that the organization could carry out its peacekeeping functions The League also made it possible to draft two international conventions to suppress and punish acts of terrorism While both conventions were examples of productive collaboration in the end few governments supported the League s anti terrorism project in itself Still for Britain Geneva served the cause of peace by helping states to settle their differences by mediation and concession while promoting international cooperation a central conviction of British appeasement policy in the 1930s

Europe Since 1945 Bernard A. Cook, 2014-01-27 Europe Since 1945 An Encyclopedia is a comprehensive reference work of some 1 700 entries in two volumes Its scope includes all of Europe and the successor states to the former Soviet Union The volumes provide a broad coverage of topics with an emphasis on politics governments organizations people and events crucial to an understanding of postwar Europe Also includes 100 maps and photos

Anthony Eden 1897 1977 A Bibliography: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
