*Investigating Terrorism* John Pearse, 2015-02-16 INVESTIGATING TERRORISM How can we be more effective in bringing terrorists to justice in ways that uphold our legal traditions This book provides crucial clues drawn from highly experienced prosecution and defence lawyers detectives security experts and forensic psychologists I highly recommend it for all who want to understand and respond to the serious threat from jihadist terrorism over the years to come Professor Sir David Omand former UK Security and Intelligence Coordinator Permanent Secretary of the Home Office and Director GCHQ Edited and written by experts in their fields and with a plethora of experience the authors know what they are talking about This book is a must for those who need to know those who are interested to know and those who think they know it all already Susan Young Professor of Forensic Clinical Psychology Broadmoor Hospital West London Mental Health Trust

*Investigating Terrorism* takes a look behind the closed doors of terrorist cases and at the entire judicial process of these cases from heated debates in both Houses of Parliament through arrest prosecution and imprisonment In doing so it confronts many of the crucial political enforcement legal and psychological issues currently influencing major decision makers in this arena Specialist contributors discuss recently released research into the effectiveness of front line counter terrorism officers in their dealings with terrorist suspects including the findings from a study commissioned by New Scotland Yard into the effectiveness of police interviews with terrorist suspects Also included are strategic reviews of many of the major legislative changes and subsequent high profile legal challenges that have repeatedly undermined government policy Contributors provide a clear psychological understanding of aspects of terrorist behaviour including insights into what drives individuals to become suicide bombers Contributions come from leading barristers senior police officers and psychologists Contributors Lord Carlile the former HMG's Independent Reviewer of Terrorist Legislation and Peter Clarke the recently retired head of the Anti Terrorist Branch for the UK combine academic credentials and understanding with substantial policy or practitioner experience This combination of perspectives ensures a holistic and richly informed view of the subject and issues

*Applying Psychology to Criminal Justice* David Carson, Rebecca Milne, Francis Pakes, Karen Shalev, Andrea Shawyer, 2007-08-20 Few things should go together better than psychology and law and few things are getting together less

successfully Edited by four psychologists and a lawyer and drawing on contributions from Europe the USA and Australia Applying Psychology to Criminal Justice argues that psychology should be applied more widely within the criminal justice system Contributors develop the case for successfully applying psychology to justice by providing a rich range of applicable examples for development now and in the future Readers are encouraged to challenge the limited ambition and imagination of psychology and law by examining how insights in areas such as offender cognition and decision making under pressure might inform future investigation and analysis *Routledge International Handbook of Investigative Interviewing and Interrogation* Dave Walsh,Ray Bull,Igor Areh,2024-08-09 This handbook provides readers with coverage of the various interview and interrogation techniques used across the world with victims witnesses and suspected offenders It includes exclusive coverage on countries rarely if ever previously reported upon in the literature to any substantive depth Bringing together a collection of chapters from over 40 countries this handbook advises and explains the practices used in crime interviewing and informs the reader of contemporary developments hitherto unreported in any current book on interviewing and interrogation In doing so the Routledge International Handbook of Investigative Interviewing and Interrogation showcases global exemplars of evidence based practice informed by scientific research Building on recent research including protocols developed in a variety of countries this book is particularly timely in the wake of the M ndez Principles a set of principles developed by the UN i to counter the ill treatment of suspects during police questioning and ii to gather more reliable information This handbook will be an essential reference text across criminology criminal justice policing and investigation studies and law *International Developments in Investigative Interviewing* Tom Williamson,Becky Milne,2013-01-11 This book examines international developments in investigative interviewing It analyses the cases and other factors leading to the paradigm shift in a number of countries it considers issues that are of current interest to practitioners and academics including the continuing calls for the use of torture whether it is possible to detect deception and the contribution of investigative interviewing methods to concepts of therapeutic and restorative justice The book responds to the recognition that there are currently no international human rights instruments that relate specifically to custodial questioning whilst also offering a critical analysis of the attempts to influence investigator and prosecutor behaviour by recourse to human rights This book will be essential reading for practitioners designing and delivering investigative interviewing training programmes as well as academics and students studying international criminal justice

**Jewish Folklore and Ethnology Review** ,1988 **Computer Applications for Handling Legal Evidence, Police Investigation and Case Argumentation** Ephraim Nissan,2012-06-15 This book provides an overview of computer techniques and tools especially from artificial intelligence AI for handling legal evidence police intelligence crime analysis or detection and forensic testing with a sustained discussion of methods for the modelling of reasoning and forming an opinion about the evidence methods for the modelling of argumentation and computational approaches to dealing with legal or any

narratives By the 2000s the modelling of reasoning on legal evidence has emerged as a significant area within the well established field of AI Law An overview such as this one has never been attempted before It offers a panoramic view of topics techniques and tools It is more than a survey as topic after topic the reader can get a closer view of approaches and techniques One aim is to introduce practitioners of AI to the modelling legal evidence Another aim is to introduce legal professionals as well as the more technically oriented among law enforcement professionals or researchers in police science to information technology resources from which their own respective field stands to benefit Computer scientists must not blunder into design choices resulting in tools objectionable for legal professionals so it is important to be aware of ongoing controversies A survey is provided of argumentation tools or methods for reasoning about the evidence Another class of tools considered here is intended to assist in organisational aspects of managing of the evidence Moreover tools appropriate for crime detection intelligence and investigation include tools based on link analysis and data mining Concepts and techniques are introduced along with case studies So are areas in the forensic sciences Special chapters are devoted to VIRTOPSY a procedure for legal medicine and FLINTS a tool for the police This is both an introductory book possibly a textbook and a reference for specialists from various quarters

*Racial and Prejudicial Stereotyping by Police* Rashid Minhas, 2024-04-01 This book uncovers the influence of racial and prejudicial stereotyping during police investigation of suspects from stigmatised communities It examines the under researched aspect of whether and how negative stereotypes appear to influence the police interviews investigative decision making and outcomes of criminal investigations when officers investigate individuals from stigmatised communities as suspects of crime In the United Kingdom the United States and Europe the war on terror has been argued to impact adversely on existing race relations policies in the aftermath of terrorist activity in both the United States and Europe Recent research has suggested that changes in legislation and counterterrorism measures have contributed to the construction and reinforcement of the Muslim community as a suspect which in turn may result in police bias and prejudice towards members of Muslim communities Based on novel and groundbreaking research studies the author examines whether such police bias could influence the police investigation and interviewing processes concerning individuals from the suspect community as well as the outcome of a criminal investigation The author introduces the Minhas Investigative Interviewing Prejudicial Stereotyping Scale MIIPSS an instrument developed and used to assess the level of police interviewers racial and prejudicial stereotyping towards suspects from stigmatised groups and maintains that its use would serve to minimise the influence of racial and prejudicial stereotypes on investigation It is further suggested that the training of police officers on the implications of such prejudicial racial religious stereotyping is essential to improving interviewing performance case outcomes and community cohesion This book will benefit academics researchers police officers lawyers social policy officers and probation officers across the globe **Polygraph**, 1999

Investigative Interviewing Tom Williamson, 2013-09-05 The objective of this book is to review the position of investigative
