Antisemitism And Christian Responsibility:

Anti-Semitism and Christian Responsibility David Wishart Torrance, Alastair Lamont, 1986 *Antisemitism, Christian Ambivalence, and the Holocaust* Kevin P. Spicer, 2007-05-31 Thirteen essays exploring the role of antisemitism in the political and intellectual life of Europe In recent years the mask of tolerant secular multicultural Europe has been shattered by new forms of antisemitic crime Though many of the perpetrators do not profess Christianity antisemitism has flourished in Christian Europe In this book thirteen scholars of European history Jewish studies and Christian theology examine antisemitism's insidious role in Europe's intellectual and political life The essays reveal that annihilative antisemitic thought was not limited to Germany but could be found in the theology and liturgical practice of most of Europe's Christian churches They dismantle the claim of a distinction between Christian anti Judaism and neo pagan antisemitism and show that at the heart of Christianity hatred for Jews overwhelmingly formed the milieu of twentieth century Europe This volume's inclusion of essays on several different Christian traditions as well as the Jewish perspective on Christian antisemitism make it especially valuable for understanding varieties of Christian antisemitism and ultimately the practice and consequences of exclusionary thinking in general In bringing a range of theological and historical perspectives to bear on the question of Christian and Nazi antisemitism the book broadens our view on the question and is of great value to historians and theologians alike Maria Mazzenga Catholic University of America H Catholic February 2009 Sheds light on and offers steps to overcome the locked in conflict between Jews and Christians along the antisemitic path from Calvary to Auschwitz and beyond Zev Garber Los Angeles Valley College and American Jewish University Shofar An Interdisciplinary Journal of Jewish Studies Vol 27 No 1 Fall 2008 *Essential Papers on Jewish-Christian Relations in the United States* Naomi W. Cohen, 1990

Christian Antisemitism Michael L. Brown, 2021-02-02 Hate isn't a thing from history The Jewish people and Israel have been described as a dominant and moving force behind the present and coming evils of our day a monstrous system of evil that will destroy us and our children if not resisted and a group that seeks the annihilation of almost every Gentile man woman and child and the establishment of a satanic Jewish led global dictatorship What's worse is that these comments were all made by professing Christians Respected Messianic Bible scholar Michael L Brown PhD documents shocking examples of modern Christian antisemitism and exposes the lies that support them Carefully researched this book shows that church based antisemitism is no longer a thing of the past Rather a dangerous shocking tide on the rise and it could be present in your church today Dr Brown shows you how to stem this tide now and overcome its evil with the powerful love of the cross This book will show you how to confront everyday antisemitism in all areas of your life and become a champion for the people of Israel **Antisemitism and Modernity** Hyam Maccoby, 2006-02-14 The subject of anti-Semitism not long ago thought to be a dead issue has been revived due to the conflict between Israel and the Palestinians Maccoby traces the now topical discussion of the origins of Anti-Semitism and especially its development in the modern world The key questions that are

addressed include How is it that this medieval prejudice proved so lasting and potent Are the roots of anti-Semitism religious If so how do these roots differ in Christianity and Islam By what means did it bridge the gap between medievalism and Enlightenment How was it that many of the most respected Enlightenment figures such as Voltaire dedicated as they were to tolerance and pluralism retained a virulent anti-Semitism These questions and many more are dealt with as Maccoby explores the roots of the anti-Semitism tracing it from its origins and shows how it has changed in accordance with the shifting ideas of the modern world but without changing in its essence Antisemitism and Modernity is essential reading for those with interests in the development of anti-Semitism its manifestation in the current world and its future

Antisemitism Before and Since the Holocaust Anthony McElligott, Jeffrey Herf, 2017-04-03 Divided into five discrete sections this book examines the issue of Holocaust denial and in some cases Holocaust inversion in North America Europe and the Middle East and its relationship to the history of antisemitism before and since the Holocaust It thus offers both a historical and contemporary perspective This volume includes observations by leading scholars delivering powerful even controversial essays by scholars who are reporting from the frontline It offers a discussion on the relationship between Christianity and Islam as well as the historical and contemporary issues of antisemitism in the USA Europe and the Middle East This book explores how all of these issues contribute consciously or otherwise to contemporary antisemitism The chapters of this volume do not necessarily provide a unity of argument nor should they Instead they expose the plurality of positions within the academy and reflect the robust discussions that occur on the subject **Confronting Antisemitism**

from Perspectives of Philosophy and Social Sciences Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2021-11-08 The five volumes provide a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds This volume explores the phenomenon from the perspectives of Philosophy and Social Sciences *Interreligious Solidarity for*

Justice in Palestine-Israel Ulrich Duchrow, Mark Braverman, 2025-08-30 This volume provides a historical context for the present escalation of hostilities between Palestinians and the State of Israel It brings together interdisciplinary chapters written by international specialists in the field of interreligious engagement It presents Jewish and Palestinian perspectives as well as the South African perspective regarding apartheid international law antisemitism and the suppression of the Palestinian voice in Germany and the USA It further delves into the historic and ongoing dispossession of the Palestinian experience and discusses the ethnic cleansing carried out by Israel and supported by the Western powers particularly the US The volume ultimately offers theological and hermeneutic alternatives to prevailing understandings of the Bible as supporting modern Jewish hegemony in historic Palestine It is an important read for scholars working in the intersection of religion politics and power **Antisemitism** Robert Spencer, 2025-03-18 Why the ancient evil of antisemitism has returned

and how to counter it Had we listened to Robert Spencer and taken heed twenty years ago or even ten years ago the impact of the Islamists driven antisemitism would not have caught us by surprise We would have had in place an institutional effort to counter it Here is another opportunity to pay attention to his important work Read this book Ayaan Hirsi Ali The Hamas attack upon Israel on October 7 2023 was one of the most inhuman jihad attacks ever The attackers gloried in their savagery and vied to outdo one another in cruelty Yet despite or perhaps because of its brutality that attack unleashed expressions of hatred for Jews that shocked those who assumed such hate was a thing of the past Global public opinion turned sharply against Israel One campus protester carried a sign calling for a Final Solution Another published a video saying Be glad be grateful that I m not just going out and murdering Zionists Synagogues all over the US received bomb threats Jews in Europe and the US were attacked October 7 also led to a large scale reappearance of claims about the Jews secret power and malevolence Claims that Jews are enemies of all that is good have become mainstream as they have not been since Hitler put a bullet in his brain The record needs to be set straight for anyone who is willing to see the truth Historian Robert Spencer does just that He reveals the sources of today s Jew hatred in pre Christian paganism Christianity Islam and national and international socialism and rebuts the most common claims against Jews The resurgence of antisemitism should worry everyone Jewish and non Jewish who is concerned about the recurrence of one of the darkest chapters in human history The world today is on the brink of returning to such barbarism Antisemitism History and Myth is an attempt to keep that from happening *Comprehending and Confronting Antisemitism* Armin Lange, Kerstin Mayerhofer, Dina Porat, Lawrence H. Schiffman, 2019-11-05 This volume provides a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds migrating freely between Christian Muslim and other religious symbolic systems Christianity in Hitler's Ideology Mikael Nilsson, 2024-06-27 This ambitious study analyses Hitler s ideological relationship to Jesus and reconsiders the core beliefs of National Socialism **Antisemitism and the Foundations of Christianity** Alan T. Davies, 1979 No one would disagree with the assessment that Christians over the centuries have been guilty of antisemitism sometimes with barbarous results The real question is not whether individual Christians have been antisemites but whether antisemitism is somehow ingrained in the very roots of Christianity in its very essence Rosemary Ruether has declared that antisemitism is the other side of Christology the inevitable fallout of placing Jesus at the right hand of the Father The contributors to this volume consider that larger question from several vantage points their findings are vitally important for Christians and Jews alike Not only do they explore the beginnings of Christian antisemitism they help us understand the dynamics of the religious impulse for all peoples and all times Publisher *From Anti-Judaism to Anti-Semitism* Robert Chazan, 2016-12-24 This book traces the hardening of Christian attitudes to Jews Judiasm and their history during the second half of the Middle Ages Roots of

Theological Anti-Semitism Anders Gerdmar, 2009 Exploring the link between German biblical interpretation and anti-Semitism this book is a fresh comprehensive study of leading German exegetes concluding that although Nazism brought anti-Semitic exegesis to a head age old thought structures provided powerful legitimation for oppression **The Origins of Anti-Semitism** John G. Gager, 1985-02-14 This revisionist reading of early anti Judaism offers a richer and more varied picture of the Jews and Christians of antiquity **Bridges Documents of the Christian-Jewish Dialogue** Edited by Franklin Sherman, 2014-07-01 Continues with a comprehensive collection of statements on Christian Jewish relations by church bodies and interfaith organizations in the United States and around the world from the period 1986 2013 with introductory essays by three leading scholars in the field *Christian Antisemitism* William Nicholls, 1995 In *Christian Antisemitism A History of Hate* Professor William Nicholls a former minister in the Anglican Church and the founder of the Department of Religious Studies at the University of British Columbia presents his stunning research stating that Christian teaching is primarily responsible for antisemitism As Nicholls states these conclusions can now be fully justified by the most up to date scholarship Christian as well as Jewish Nicholls writes Many Jewish writers have said quite simply that the Nazis chose the Jews as the target of their hate because two thousand years of Christian teaching had accustomed the world to do so Few Christian historians and theologians have been sufficiently open to the painful truth to accept this explanation without considerable qualification Nevertheless it is correct Christian Antisemitism traces over two millennia the growing domination of Western culture by the Christian myth as Nicholls calls it about the Jews and shows how it still exerts a major influence even on the secularized post Christian world Nicholls shows through scrupulous research and documentation that the myth of the Jews as Christ killers has powered anti Judaism and antisemitism throughout the centuries Nicholls clearly illustrates that this myth is present in the New Testament and that it has not yet died under the impact of modern critical history Also included in this remarkable volume is Nicholls research regarding the Jewishness of Jesus He writes Historical scholarship now permits us to affirm with confidence that Jesus of Nazareth was a faithful and observant Jew who lived by the Torah and taught nothing against his own people and their faith the Romans not the Jews were the Christ killers In Part I Before the Myth Nicholls explores the life of Jesus and his teachings as found in the New Testament Was Jesus the founder of Christianity Did he offer teachings against his people Did he believe himself *Confronting Anti-semitism* Leonard P. Zakim, 2000 This book provides guidelines for dealing with anti-Semitism it Specifies different Anti-Semitic myths and offers ways of responding to them it also contains articles about different aspects of anti-Semitism The Return of Religious Antisemitism? Gunther Jikeli, 2021-02-17 The most violent American and European anti Semites in the 21st century including not only Jihadists but also white and black supremacist terrorist made some reference to religion in their hatred of Jews This is surprising Religious antisemitism is often seen as a relic of the past It is more associated with pre modern societies where the role of religion was central to social and political order However at the end of the 19th century animosity against Judaism

gave way to nationalistic and racist motives People such as Wilhelm Marr called themselves anti Semites to distinguish themselves from those who despised Jews for religious reasons Since then antisemitism has gone through many mutations However today it is not only the actions of extremely violent anti Semites who might be an indication that religious antisemitism has come back in new forms Some churches have been accused of disseminating antisemitic arguments related to ideas of replacement theology in modernized forms and applied to the Jewish State Others from the populist nationalist right seem to use Christianity as an identity marker and thus exclude Jews and Muslims from the nation Do religious motifs play a significant role in the resurgence of antisemitism in the 21st century Understanding and Teaching the Holocaust
Laura Hilton,Avinoam Patt,2020-07-21 Few topics in modern history draw the attention that the Holocaust does The Shoah has become synonymous with unspeakable atrocity and unbearable suffering Yet it has also been used to teach tolerance empathy resistance and hope Understanding and Teaching the Holocaust provides a starting point for teachers in many disciplines to illuminate this crucial event in world history for students Using a vast array of source materials from literature and film to survivor testimonies and interviews the contributors demonstrate how to guide students through these sensitive and painful subjects within their specific historical and social contexts Each chapter provides pedagogical case studies for teaching content such as antisemitism resistance and rescue and the postwar lives of displaced persons It will transform how students learn about the Holocaust and the circumstances surrounding it
