Antologia Personal:

Humor in Borges René de Costa, 2000 Humor in Borges studies the humor embedded in the fiction of the serious and metaphysical literary figure Jorge Luis Borges. Jorge Luis Borges (1899-1986) an Argentine writer of serious avant garde poetry and prose often wrote of the humor in the works of contemporaneous authors such as Franz Kafka. In response to this humor Borges created a comedic tradition all his own. Humor in Borges studies the humor embedded in the fiction of a serious and metaphysical literary figure. René de Costa shows how Borges was concerned with making the embedded humor in his work more apparent without abandoning the essential story line. De Costa examines the ways in which Borges transformed established modes of writing: the chronicle, the book review, the obituary, the detective story into genre parodies. He looks at Borges's canonical collections identifying the humor in such simple things as a footnote, a false epigraph or a postscript. Humor in Borges couples elegant scholarship with a comedic edge and is both accessible and enjoyable to read. Scholars and students of twentieth century Spanish and Latin American literature will delight in this fascinating look at laughter in the work of Jorge Luis Borges. *Antologia de la Poesia Hispanoamericana* José María Gómez Luque, 1999-12 La realización de cualquier antología supone un ejercicio de reflexión y de selección. Cuando el marco geográfico que la limita es tan amplio como el caso que nos ocupa y cuando la riqueza literaria es tanta el resultado necesariamente pasa por la postergación de autores y obras de calidad. El lector interesado en un escritor concreto puede recurrir a la bibliografía para profundizar en él. Quizá sea esta la intención última de esta Antología de la Poesia Hispanoamericana: abrir nuevas puertas que conduzcan a la lectura y conocimiento de la poesía hispanoamericana. **Antología personal** José Luis González, 1990 An anthology of works by a Puerto Rican including fiction, essays and the autobiographical. *La luna no era de queso* **A Descriptive Catalogue of the Jorge Luis Borges Collection at the University of Virginia Library** C. Jared Loewenstein, 1993 Nearly a decade in compilation this catalogue is the most complete checklist to date of works by and about Argentine poet, essayist and short story writer Borges (1899-1988). The catalogue describes the holdings in the Borges collection at the U of Virginia Library, the world's finest and most complete collection of works by and about Borges. Annotation copyright by Book News Inc. Portland, OR. *Encyclopedia of the Essay* Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic such as sermons, aphorisms, individual major works, notable writers and periodicals that created a market for essays and particularly famous or significant essays. The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings, list of additional readings and anthologies. **Spanish Poetry of the Twentieth Century** Andrew Debicki, 2021-12-14 Twentieth century Spanish poetry has received comparatively little attention from critics writing in English. Andrew Debicki now presents the first

English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature

Sequel to History Elizabeth Deeds Ermarth,2020-10-06 Sequel to History offers a comprehensive definition of postmodernism as a reformation of time Elizabeth Deeds Ermarth uses a diversified theoretical approach drawing on post structuralism feminism new historicism and twentieth century science to demonstrate the crisis of our dominant idea of history and its dissolution in the rhythmic time of postmodernism She enlarges this definition in discussions of several crises of cultural identity the crisis of the object the crisis of the subject and the crisis of the sign Finally she explores the relation between language and time in post modernism

proposing an arresting theory of her own about the rhythmic nature of postmodern temporality Because the postmodern construction of time appears so clearly in narrative writing each part of this work is punctuated by a rhythm section on a postmodern narrative Robbe Grillet's *Jealousy* Cortezar's *Hopscotch* and Nabokov's *Invitation to a Beheading* these extended readings provide concrete illustrations of Ermarth's theoretical positions As in her critically acclaimed *Realism and Consensus in the English Novel* Ermarth ranges across disciplines from anthropology and the visual arts to philosophy and history For its interdisciplinary character and its lucid definition of postmodernism *Sequel to History* will appeal to all those interested in the humanities

Antonio Benítez Rojo María Rita Corticelli, 2013 The author of short stories novels and essays Benítez Rojo is an atypical intellectual in the panorama of Cuban exile because he offers an original perspective of the past present and future conflicts of this troubled and complex area This literary biography tells of his journey from his emergence in the Cuban intellectual world in 1967 to his death in Amherst Massachusetts in 2005

The Oxford Handbook of Jorge Luis Borges Oxford Handbooks, 2024 The Oxford Handbook of Jorge Luis Borges contextualizes the Argentine writer Jorge Luis Borges's work for a new generation of twenty-first century readers and critics Most known for his creative fictions that tackle literary questions of authorship as well as more philosophical notions such as multiverse theory Borges has captivated scholars from a variety of disciplines since his emergence on the international scene This volume shifts the emphasis to Borges's working life his writing processes his collaborations and networks and the political and cultural background of his production It also evaluates his impact on a variety of other fields ranging from political science and philosophy to media studies and mathematics

Modern Argentine Poetry Ben Bollig, 2011-06-15 This book is the first to focus specifically on the exile poetry link in the case of Argentina since the 1950s Throughout Argentina's history authors and important political figures have lived and written in exile Thus exile is both a vital theme and a practical condition for Argentine letters yet conversely contemporary Argentina is a nation of immigrants from Europe and the rest of Latin America Poetry is often perceived as the least directly political of genres yet political and other forms of exile have impinged equally on the lives of poets as on any group This study concentrates on writers who both regarded themselves as in some way exiled and who wrote about exile This selection includes poets who are influential and recognised but in general have not enjoyed the detailed study that they deserve Alejandra Pizarnik Juan Gelman Osvaldo Lamborghini Nestor

Perlongher Sergio Raimondi Cristian Aliaga and Washington Cucurto **Women and Power in Argentine Literature** Gwendolyn Díaz, 2010-01-01 The astonishing talent of Argentine women writers belies the struggles they have faced not merely as overlooked authors but as women of conviction facing oppression The patriarchal pressures of the Per n years the terror of the Dirty War and more recently the economic collapse that gripped the nation in 2001 created such repressive conditions that some writers such as Luisa Valenzuela left the country for long periods Not surprisingly power has become an inescapable theme in Argentine women s fiction and this collection shows how the dynamics of power capture not only the political world but also the personal one Whether their characters are politicians and peasants torturers and victims parents and children or lovers male and female each writer explores the effects of power as it is exercised by or against women The fifteen writers chosen for *Women and Power in Argentine Literature* include famous names such as Valenzuela as well as authors anthologized for the first time most notably Mar a Kodama widow of Jorge Luis Borges Each chapter begins with a verbal portrait editor Gwendolyn D az s personal impression of the author at ease formed through hours of conversation and interviews A biographical essay and critical commentary follow with emphasis on the work included in this anthology D az s interviews translated from Spanish and finally the stories themselves only three of which have been previously published in English complete the chapters The extraordinary depth of these chapters reflects the nuanced often controversial portrayals of power observed by Argentine women writers Inspiring as well as insightful *Women and Power in Argentine Literature* is ultimately about women who in D az s words choose to speak their truth regardless of the consequences **Borges and the Politics of Form** Jose Eduardo Gonzalez, 2013-05-13 Jorge Luis Borges one of the most important Latin American writers has also attained considerable international stature and his work is commonly cited in a wide array of scholarship on contemporary fiction Partly as a consequence of Borges international identity and partly because of a long standing view in Borges criticism that his writing is principally concerned with abstract ideas critics have been reluctant to address the question of politics in his writing Filling this critical gap Gonzalez begins by rejecting the proposition that Borges withdraws from the real and provides a detailed analysis of the various political issues that Borges takes up in his essays and short stories The author places particular emphasis on the turbulent questions that shaped Argentine social history during the period of Borges output **The Mythmaker** Carter Wheelock, 2014-05-29 Readers who are intrigued though often mystified by the intellectual fantasies of Jorge Luis Borges will find this book a revelation a skeleton key to one of the most fundamental and baffling aspects of Borges s fictions the pattern of symbolism with an inner meaning Carter Wheelock s study reduces a number of literary and intellectual abstractions to concrete terms enabling the reader to understand Borges s fantasies in ways that show them to be not so fantastic after all Indeed they are amazingly consistent and minutely accurate in their symbolic depiction of the magic universe of the mind Wheelock also discusses the affinity between Borges s philosophical idealism and his esthetic of the intelligence the relationship between these and the esthetic ideas of French

Symbolism and the influence on his fictions of the Rub iyyat of Omar Khayyam Why is it that this writer's writer from the Argentine erudite allusive elusive has attracted such international attention In Wheelock's opinion it is because he has symbolized in his short stories the fundamental form of the human consciousness the functioning of the imaginative world creating mechanism and the eternal battle between form and chaos The Mythmaker is concerned with elucidating the particulars of Borges's fictional works but even as it does so it also reveals their universality **Postmodernism's Role in Latin American Literature** H. Woldt-Basson, 2010-06-21 Augusto Roa Bastos 1917-2005 winner of the prestigious Cervantes prize is one of the most important Latin American writers of the twentieth century This commemorative collection consists of articles by nine scholars reflecting upon the postmodern nature of the Paraguayan author's literary production and his place in world literature The volume includes articles on the author's screenplays his masterpiece the dictator novel I The Supreme his short stories feminist approaches to Roa Bastos's novels reflections on the writer's Guaraní poetry and a study of the complex intertextual relationships between his novel El fiscal and his other texts **The Andes** Jason Wilson, 2009-09-03 Jason Wilson explores the 5 000 mile chain of volcanoes deep valleys and upland plains revealing the Andes mystery inaccessibility and power through the insights of chroniclers scientists and modern day novelists **Nature** Marie Addyman, 2021 A journey through texts on about or reflecting our experience of the natural world
