If a city is its people and its people are what they eat then shouldn't food play a larger role in our dialogue about how and where we live The food of a metropolis is essential to its character Native plants proximity to farmland the locations of supermarkets immigration food security concerns how chefs are trained how a city nourishes itself might say more than anything else about what kind of city it is With a cornucopia of essays on comestibles The Edible City considers how one city eats It includes dishes on peaches and poverty on processing plants and public gardens on rats and bees and bad restaurant service on schnitzel and school lunches There are incisive studies of food safety policy of feeding the poor and of waste and a happy tale about a hardy fig tree Together they form a saucy picture of how Toronto and by extension every city sustains itself from growing basil on balconies to four star restaurants Dig into The Edible City and get the whole story from field to fork

Masterchef 1993 L. Grossman,1993-07 Back In Time For Dinner Mary Gwynn,2015-03-12 Do you remember the arrival of the fish finger the rise and fall of Angel Delight Vesta curries and Wimpy hamburgers Did you own a fondue set or host a Tupperware party or were you starving yourself on the Cabbage Soup Diet Was life always too short to stuff a mushroom And what was the point of Nouvelle Cuisine There has been a revolution in our kitchens In 1950 the average housewife worked a seventy five hour week No one owned a fridge or had seen a teabag let alone an avocado or a Curly Wurly Ten years later sugar consumption had rocketed we ate more biscuits for dinner than vegetables and fruit It was not until the mid 1990s that we started to worry about five a day And now nearly twenty years on from the first vegetable box delivery scheme we are fatter than ever before Has there ever been a golden age of the family meal Full of delicious detail this marvellous companion to the BBC series is rich with nostalgia and provides a feast of extraordinary factual nuggets Who can guess the filling of the first pre packed sandwich in 1984 And who could have foreseen then that a kitchen robot that can write your shopping list is now just around the corner Reflecting all the fads and fashions that have graced our table Back in Time for Dinner is much more than a book about dinner it holds a mirror to our changing family lives The Guide to Cooking Schools ,2005 Hotel & Catering Review ,1985
