Autoportrait Dune Psychanalyste:

, **La psychanalyse de Freud à aujourd'hui** Dominique Bourdin, Sabina Lambertucci-Mann, 2007 Pr sente trois aspects indissolublement liés de la pensée psychanalytique son histoire avec d couvertes revirements et conflits les concepts fondamentaux les pratiques thérapeutiques *The Law of Kinship* Camille Robcis, 2013-04-19 In France as elsewhere in recent years legislative debates over single parent households same sex unions new reproductive technologies transsexuality and other challenges to long held assumptions about the structure of family and kinship relations have been deeply divisive What strikes many as uniquely French however is the extent to which many of these discussions whether in legislative chambers courtrooms or the mass media have been conducted in the frequently abstract vocabularies of anthropology and psychoanalysis In this highly original book Camille Robcis seeks to explain why and how academic discourses on kinship have intersected and overlapped with political debates on the family and on the nature of French republicanism itself She focuses on the theories of Claude Levi Strauss and Jacques Lacan both of whom highlighted the interdependence of the sexual and the social by positing a direct correlation between kinship and socialization Robcis traces how their ideas gained recognition not only from French social scientists but also from legislators and politicians who relied on some of the most obscure and difficult concepts of structuralism to enact a series of laws concerning the family Levi Strauss and Lacan constructed the heterosexual family as a universal trope for social and psychic integration and this understanding of the family at the root of intersubjectivity coincided with the role that the family has played in modern French law and public policy *The Law of Kinship* contributes to larger conversations about the particularities of French political culture the nature of sexual difference and the problem of reading and interpretation in intellectual history *From Vichy to the Sexual Revolution* Sarah Fishman, 2017 In the decades after World War II French ideas about gender and family life underwent dramatic changes laying the groundwork for the sexual revolution of the 1960s This book offers a broad view of changing lives and ideas about love courtship marriage giving birth parenting childhood and adolescence in France from the Vichy regime to the sexual revolution of 1960s *How to Be Intimate with 15,000,000 Strangers* Brett Kahr, 2023-05-31 How to Be Intimate with 15 000 000 Strangers is an investigation into how the fields of mental health and media can work together more collaboratively Drawing upon his extensive experience in media psychoanalysis Brett Kahr explores how a rich collaboration with radio television film and other forms of public outreach can be accomplished while also embracing the weight and gravitas of depth psychology In addition to describing his work as Resident Psychotherapist at the B B C Kahr also examines the ways in which references to the media enter the consulting room and provide clinicians with important insights about hidden aspects of the minds of their patients Moreover he investigates the historical hesitancy of psychoanalysts experts in confidentiality to engage with such a public arena as the media thus providing important insights about how one can collaborate broadly and loudly while also maintaining one's ethical commitment to silence and privacy This book will be of

interest to psychoanalysts psychotherapists and anyone intrigued by the intersection between media and psychoanalysis

Psychoanalysis and the family in twentieth-century France Richard Bates, 2022-02-08 In the last quarter of the twentieth century if French people had a parenting problem or dilemma there was one person they consulted above all Françoise Dolto 1908-88 But who was Dolto How did she achieve a position of such influence What ideas did she communicate to the French public This book connects the story of Dolto's rise to two broader histories the dramatic growth of psychoanalysis in postwar France and the long running debate over the family and the proper role of women in society It shows that Dolto's continued reputation in France as a liberal and enlightened educational thinker is at best only partially deserved and that conservative and anti feminist ideas often underpinned her prominent public interventions While Dolto retains the status of a national treasure her career has had far reaching and sometimes harmful repercussions for French society particularly in the treatment of autism

Theory and Practice in Child Psychoanalysis Guy Hall, Françoise Hivernel, Sian

Morgan, 2018-05-08 During her lifetime Françoise Dolto revolutionized the psychoanalytic understanding of childhood As an early pioneer she emphasized that the child is to be recognized from birth as a person As a gifted and innovative clinician Dolto developed her ideas about the unconscious image of the body An image that is unique to each individual and linked to both a person's history and narcissism rather than their physicality It is the symbolic incarnation of a person's desires Dolto began her career as a member of the IPA was admired by Winnicott close to Lacan and influenced by Morgenstern Her life witnessed an extraordinary evolution from the conservatism of her parents through the second World War to the turbulence of Paris in the 1950s and 60s In the succeeding years Dolto made a number of original contributions to the understanding of psychosis neonatology female sexuality education and religion Although controversial she was able to write both for the general public and for professional colleagues

Françoise Dolto Erica Ferrario, 2022-03-31 T00:00:00+02:00 Françoise Dolto stata una personalit di rilievo nel panorama intellettuale francese del suo tempo ha goduto di una certa fama stata amata e osteggiata esaltata e detestata mentre oggi rischia di essere dimenticata o fraintesa e ridotta a stereotipi stata medico pediatra psicoanalista psicoanalista infantile ma anche secondo la definizione che lei stessa ha formulato nel corso della sua travagliata infanzia medico dell'educazione Si lasciata interrogare dai problemi dei bambini lavorando con una inesausta determinazione a intrecciare pratica clinica e speculazione teorica nutrendo la prima con la seconda e viceversa Ha ripreso e ripensato in modo originale il concetto di desiderio e ha formulato l'enigmatica idea di immagine inconscia del corpo che costituisce il fil rouge di tutto il suo pensiero In Dolto coesistono elementi diversi che ne rendono difficile una lettura unilaterale impegnata in opere di prevenzione a livello sociale e in sperimentazioni pionieristiche e rivoluzionarie in ambito scolastico e educativo stata anche un'attenta rilettrice di Freud non ha mai fatto mistero della sua fede e dell'intreccio fra questa e il modo di intendere e affrontare il proprio lavoro Questo volume una mappa della sua vita e della sua opera dalla quale Dolto emerge come una pensatrice creativa e visionaria che ha ancora molto da dire al nostro presente

Raccogliere la sua eredità una sfida umana teorica e politica

Poetics of the Literary Self-Portrait Michel

Beaujour, 1992-10-01 A serious and independent contribution to the literature of autobiography John Sturrock French Studies Clearly a landmark study It seems certain to provoke a great deal of productive debate among those concerned with any of the many issues it raises Comparative Literature The literary self portrait often considered to be an ill formed autobiography is receiving more attention as a result of the current obsession with personal narrative but little progress has been made toward an understanding of its specific features With *Poetics of the Literary Self Portrait* Michel Beaujour reveals the hidden ambitions of this genre From St Augustine to Montaigne from Nietzsche to Malraux Leiris and Barthes individual self portraits are analyzed jointly with the enduring cultural matrix from which self portrayal derives its disconcerting non narrative structure and many of its recurrent topics

Françoise Dolto Jean-François De

Sauverzac, 2011-03-16 T00:00:00+01:00 Psychanalyste d'enfants aussi célèbre que controversée Françoise Dolto fut une clinicienne de génie Si elle n'a pas fait elle-même à profondément modifier l'image et la connaissance que l'on avait de l'enfant La langue des enfants ne suit pas celle de Dolto non plus C'est sa parole qu'elle veut faire entendre quand elle apprend aux adultes comment couter le désir de l'enfant Bien que reconnue et souvent admirée par ses pairs elle resta isolée au sein du monde analytique Souvent proche de Lacan elle se situa parfois aux antipodes de celui-ci Pour approcher la singularité de Françoise Dolto Jean-François de Sauverzac parcourt et interroge une vie une pratique et une théorie tout d'un coup il évoque la jeunesse de Françoise Marettelle les événements qui déterminent de sa vocation et questionne les figures de la psychanalyse Laforegue Morgenstern Pichon dont elle suivit l'enseignement Il met en relief les principales articulations de sa théorie en relation avec nombre de ses cas cliniques sur lesquels elle lui a apporté des éclaircissements il rend compte aussi du personnage médiatique qu'elle fut

Les Enfants de la psychanalyse Marion Mari-Bouzid, 2012-04-19

Vous vous êtes peut-être un jour adressé à un psychanalyste ou peut-être du moins l'avez-vous déjà envisagé Ce livre peut vous être utile vous ainsi qu'à tous ceux qui se sont un moment donné près ou de loin intéressés au monde de la psychanalyse travers les différents témoignages vivants d'enfants de psychanalystes célèbres collectés dans cet ouvrage vous pourrez avoir un aperçu imagé de ce qu'il peut aboutir une pratique une pensée la pensée psychanalytique lorsqu'elle n'est plus cantonnée au seul divan mais qu'elle est appliquée au-delà des patients n'vostes aux enfants des psychanalystes voire la société entière prévoyant la création de nouvelles normes et de très nouveaux Et c'est bien ce que sont nos enfants de psychanalystes et galement un peu nous tous enfants de la psychanalyse sans que nous n'en ayons parfois même conscience un pur produit de la pensée de l'idéologie psychanalytique largement véhiculée par les médias qu'il peut donc bien ressembler C'est ce que vous découvrirez en lisant ce livre auquel vous accorderez une écoute non flottante et que vous saurez apprécier avec neutralité bienveillante

Nouvelle revue de

psychanalyse, 1993 *Secrets et dangers de la psychanalyse* Lucia Canovi, Préparez-vous à découvrir la face cachée et les effets secrets de la plus célèbre des thérapies Et par la même occasion la vie sur son fondateur l'inquiettant docteur Freud

Dans ce livre lucide et rafranchissant Lucia Canovi aborde de front la psychanalyse non pas telle qu'elle se présente ou se révèle mais telle qu'elle est vécue par ceux qui la choisissent. Que vous soyez en thérapie actuellement que vous pensiez vous coucher sur le divan ou que vous soyez simplement curieux de savoir ce qui se cache derrière la barbe de Freud et son regard austère vous trouverez dans ce livre matière à réflexion et prises de conscience.

Des jeunes filles exemplaires Isabelle Grellet, Caroline Kruse, 2004-06-02 l'aube du XXe siècle presque la même année naissent Paris Françoise Marettte la future Françoise Dolto Simone de Beauvoir et sa grande amie d'enfance Lisabeth Lacoin la Zaza des Mères d'une jeune fille rangée. Isabelle Grellet et Caroline Kruse analysent travers correspondances et mémoires ces trajectoires parallèles qui tel un miroir grossissant reflètent ce que fut l'éducation des jeunes filles bourgeoises avant la Seconde Guerre mondiale. Issues d'une sphère privilégiée la fois claire et traditionnelle où la curiosité intellectuelle se voit stimulée puis muselée au profit de contraintes familiales et parfois mondaines Françoise Zaza et Simone conquièrent néanmoins le droit d'étudier. Comme d'autres femmes de leur génération elles cherchent à s'émanciper de ce carcan bourgeois aussi puissant que subtil. D'histoires en revanches de compromis en ruptures elles s'efforcent d'échapper aux pressions et de s'approprier leur vie. Françoise Dolto et Simone de Beauvoir y parviendront mais Lisabeth Lacoin n'y réussira pas et mourra avant ses vingt-deux ans. Le parcours de ces jeunes filles en avance sur leur temps nous offre un point de vue privilégié sur les transformations du statut des femmes avant la publication du *Deuxième sexe*.

La Psychanalyse de l'enfant, 1993

Françoise Dolto Daniela Lumbroso, 2007 Françoise Dolto aurait eu près de cent ans aujourd'hui. Qui était cette femme dont la pensée a radicalement changé notre façon d'élever nos enfants. Un esprit d'une immense modernité qui toute petite disait très vite trop tôt dans un siècle trop vieux. Car Françoise ne cessa de lutter contre les conventions se rebellant contre sa mère qui refusait de la voir accomplir le but qu'elle s'était fixée huit ans après la mort de son père. Une éducation digne et atypique cette intellectuelle qui se sentit longtemps responsable de la mort de son père pour n'avoir pas assez prié croyait aux anges aux mondes invisibles et concilia psychanalyse et religion. Révolutionnaire elle fut la première à écouter le nourrisson voir en lui un être partiellement doué de sens et de motions. C'est une Françoise Dolto méconnue et secrète que Daniela Lumbroso fait revivre avec sensibilité et tendresse. Elle-même enfant de Dolto Daniela Lumbroso retrace le destin peu commun d'une pionnière qui au-delà de l'immensité de son héritage fut avant tout une femme passionnée follement amoureuse vivante et immensément libre.

L'express international, 1989

Psychanalyse et Pédiatrie Françoise Dolto, 2014-01-31T00:00:00+01:00 Cet ouvrage désormais classique il en est ici sa quatrième édition veut avant tout sensibiliser les lecteurs non avertis à la dimension de l'inconscient dans les troubles du développement des enfants des troubles tant somatiques que caractériels affectifs ou intellectuels. Après un exposé librement simplifié de la théorie freudienne expos qui prétend introduire des travaux plus techniques comme ceux que Françoise Dolto a publiés d'autre part et non pas les remplacer. Psychanalyse et Pédiatrie présente un compte rendu clinique de seize cas d'enfants suivis en consultation.

psychologique dans un hôpital général la mise en lumière de ce qui s'est passé dans ces séances de psychothérapie rendra patente au lecteur l'articulation de la pratique et de la théorie Les psychiatres et les éducateurs trouveront ici un clairement concernant des symptômes auxquels l'enfant est livré dans un désarroi où ils ne savent souvent comment le secourir Les parents si souvent effrayés devant la psychanalyse et qui ont oublié tout ou presque de leur propre enfance redécouvriront dans cette lecture ce monde qui leur est fatalement devenu inconnu et qu'ils connaissaient tous les jours

Les écritures de l'image par Jean-Philippe Toussaint Claire Olivier, 2021-04-26 Dans *Les écritures de l'image* par Jean-Philippe Toussaint Claire Olivier s'intéresse la manière dont l'écrivain cinéaste photographe et plasticien Jean-Philippe Toussaint expérimente la puissance des images pour composer en ce début du XXI^e siècle une œuvre singulière fondée sur des relations transesthétiques Elle s'attache à montrer que les écritures toussaintiennes quel que soit le médium choisi sont visuelles Elles donnent à voir penser rêver et composent un essai image Ce dernier constitue une forme toujours en devenir qui s'appuie sur un processus de sémiotisation néologisme qui désigne une véritable alchimie du signe où le sens est continuellement réactivé par des contextualisations différentes Sur le modèle de l'opéra operta cet essai image toussaintien déploie ses séductions réflexives comme romanesques

In *Les écritures de l'image* par Jean-Philippe Toussaint Claire Olivier is concerned with the way the writer filmmaker photographer and plastic artist Jean-Philippe Toussaint experiments with the power of images to create in the 21st century a singular work based on transaesthetic relationships She endeavours to demonstrate that toussaintian writings are visual independently from the chosen medium They allow to see think dream and compose an image essay The latter forms a shape always in the making relying on a sémiotisation process neologism designating a true sign alchemy where the meaning is constantly revived through different contextualisations On the model of the opera operta this toussaintian image essay deploys its reflective seductions as novelistic
