Missionnaires au quotidien à Tahiti Pierre-Yves

Toullelan, 2016-05-18 *Missionnaires au quotidien Tahiti* immerses us in the everyday life of Catholic missionaries sent out to the Tahitian islands in the period 1834 to 1914 Using the correspondence of the 167 members of the order of the Congregation of the Sacred Heart of Jesus and Mary an attempt is made to define the social and geographic origins of the Picpucian people Priests and friars are followed in their education from the apostolic school to the first Pacific vicariates Right from the first days of established contact we see the management of the day to day affairs of these eternal travellers by turns vicars and planters schoolmasters and builders Within the framework of a very hierarchical ecclesiastical structure we watch the elaboration of a social project that quickly extends beyond the bounds of a narrow theocracy It is on this societal model that a large part of Polynesia rests today Plant Invasions in Protected Areas Llewellyn C. Foxcroft, Petr Pyšek, David

M. Richardson, Piero Genovesi, 2013-11-27 This book is the first comprehensive global review of all aspects of alien plant invasions in protected areas It provides insights into advances in invasion ecology emanating from work in protected areas and the link to locally relevant management support for protected areas The book provides in depth case studies illuminating interesting and insightful knowledge that can be shared across the global protected area network The book includes the collective understanding of 80 ecologists and managers to extract as much information as possible that will support the long term management of protected areas and the biodiversity and associated ecosystem services they maintain This outstanding volume draws together pretty much all that can be said on this topic ranging from the science through policy to practical action Dr Simon N Stuart IUCN Species Survival Commission UK This important and timely volume addresses two of the most serious problems affecting biodiversity conservation today assessing the extent to which protected areas are impacted by biological invasions and the complex problems of managing these impacts Written by leading specialists it provides a comprehensive overview of the issues and gives detailed examples drawn from protected areas across the world Professor Vernon H Heywood School of Biological Sciences University of Reading UK , **VIE ET MORT DES EPIDEMIES**, 2013

and its sovereignty in the face of this reassertion by indigenous communities
