Robert Browning,1994 Robert Browning represents the intellectual and argumentative strand in English poetry in contrast to the more ornate style of Spenser and Tennyson His poetry demonstrates that a poet must be a sharp observer of the human condition The most moving poems deal with his feelings for his wife      **The Bookman** ,1895      **The Secret of**

**Sabarimala Temple and Kundalini** Narayan Sirdesai,2019-06-26 What is the reason women of menstruation age are not allowed at Sabarimala Do the customs and traditions set by rishis of ancient India have a scientific basis Why did ancient rishis and saints start the practice of not allowing menstruating women to meet saints and visit temples during their cycles The book discusses the following questions What is the Kundalini Shakti How does this spiritual evolutionary power aid the evolution of mankind What are siddhis Self Realisation and Enlightenment Was Shiva an Alien What is the role of the coming Kalki avatar The astral and causal bodies of man The limits of logic This book provides a first person perspective into what the Kundalini Shakti is and how it manifests in each individual While modern scientists experiment with matter ancient rishis were also considered scientists whose area of expertise was the human mind and soul The knowledge they divined was compiled into various texts namely the Vedas Upanishads Puranas and Epics In this book the author brings a fresh perspective to the Vedas Upanishads and Puranas along with his unique views and opinions about how ancient rishis had written down valuable information in the texts for the benefit of mankind It talks about the severe efforts taken by various contemporary philosophers and spiritual gurus to unravel the multitude of mysteries contained in these texts This book also reveals the existence of deities or Devas and Devis on divine planes of higher vibratory levels the rituals and customs in various Shakti cults and temples and thoughts on esoteric Hinduism      **Literary Location and Dislocation of Myth in the**

**Post/Colonial Anglophone World** ,2017-11-01 The English speaking world today is so diverse that readers need a gateway to its many postcolonial narratives and art forms This collection of essays examines this diversity and what brings so many different cultures together Whether Indian Canadian Australasian or Zimbabwean the stories discussed focus on how artists render experiences of separation belonging and loss The histories and transformations postcolonial countries have gone through have given rise to a wide range of myths that retrace their birth evolution and decline Myths have enabled ethnic communities to live together the first section of this collection dwells on stories which can be both inclusive and exclusive under the aegis of nation While certain essays revisit and retell the crucial role women have played in mythical texts like the Mahabharata others discuss how settler colonies return to and reappropriate a past in order to define themselves in the present Crises clashes and conflicts which are at the heart of the second section of this book entail myths of historical and cultural dislocation They appear as breaks in time that call for reconstruction and redefinition a chief instance being the trauma of slavery with its deep geographical and cultural dislocations However the crises that have deprived entire

communities of their homeland and their identity are followed by moments of remembrance reconciliation and rebuilding As the term postcolonial suggests the formerly colonized people seek to revisit and re-investigate the impact of colonization before committing it to collective memory In a more specifically literary section texts are read as mythopoeia foregrounding the aesthetic and poetic issues in colonial and postcolonial poems and novels The texts explored here study in different ways the process of mythologization through images of location and dislocation The editors of this collection hope that readers worldwide will enjoy reading about the myths that have shaped and continue to shape postcolonial communities and nations
