**Al-Ghazali, Averroes and the Interpretation of the Qur'an** Avital Wohlman, 2009-12-04 This book examines the contrasting interpretations of Islam and the Qur'an by Averroes and Al Ghazali as a way of helping us untangle current impasses affecting each Abrahamic faith This has traditionally been portrayed as a battle between philosophy and theology but the book shows that Averroes was rather more religious and Al Ghazali more philosophical than they are usually portrayed The book traces the interaction between two Muslim thinkers showing how each is convinced of the existence of a Book in which God is revealed to rational beings to whom He has given commandments as well as of the excellence of Islamic society Yet they differ regarding the proper way to interpret the sacred Book From this point of view their discussion does not address the contrast between philosophy and religion or that between reason and revelation that is so characteristic of the Middle Ages but rather explores differences at the heart of philosophical discussion in our day is there a level of discourse which will facilitate mutual comprehension among persons allowing them to engage in debate This interpretation of sacred texts illustrates the ways religious practice can shape believers readings of their sacred texts and how philosophical interpretations can be modified by religious practice Moreover since this sort of inquiry characterizes each Abrahamic tradition this study can be expected to enhance interfaith conversation and explore religious ways to enhance tolerance between other believers

*Truth, Philosophers, and Prophets: a Critical Study of Isaac Albalag's Sefer Tiqqun ha-De'ot* Bakinaz Khalifa Abdalla, 2024-12-02 This book focuses on Isaac Albalag's perspective on the relationship between religion and philosophy In *Sefer Tiqqun ha-De'ot* a Hebrew translation with a commentary of al az l's Arabic philosophical encyclopedia *Maq'id al-Fal-sifah* Albalag indicates his adherence to what is known in scholarship as the double truth doctrine By analysing the *Tiqqun* against its philosophical background and its critical engagement with the *Maq'id* this book demonstrates Albalag's unyielding commitment to Aristotelianism as known to him through Averroes's lens concluding that his apparent embrace of the double truth doctrine is merely a strategic tool to carve out a distinct space for philosophy independent of religious beliefs

Averroës' Doctrine of Immortality Ovey N. Mohammed, 2010-10-30 The introduction of Aristotelianism into the West created conflict disruption and turmoil Not least it confronted the Middle Ages with a serious problem concerning the possible conflict between reason and faith In part the controversy surrounding Aristotelianism in the Christian world came from the Islamic channels through which much of the Aristotelian philosophical heritage came to the West The great turning point of Christian thought the point at which Christian intellectual history began to be dominated by Aristotelian patterns began when Christian scholars were exposed not only to the philosophy of Aristotle but also to the commentaries of Averroes The names of Averroes and Aristotle became inextricably linked by the middle of the thirteenth century A clear and careful analysis of the links between the thoughts of Averroes and Aristotle an explication of the impact of Averroes thought on Christian theology and on Aquinas in particular this monograph is of crucial importance in the history of Christianity It is emphatically apposite to the discussion of monistic and qualistic theological anthropologies Further the discussion throws light upon a topic which should be of much greater interest to scholars the impact of Islam upon medieval Christian thought Mohammed centres specifically upon Averroes doctrine of immortality a doctrine that posited immortality for man as a being entire not merely for his soul

Dobie,2019-01-09 Navigating the seemingly competing claims of human reason and divine revelation to truth is without a doubt one of the central problems of medieval philosophy Medieval thinkers argued a whole gamut of positions on the proper relation of religious faith to human reason Thinking Through Revelation attempts to ask deeper questions what possibilities for philosophical thought did divine revelation open up for medieval thinkers How did the contents of the sacred scriptures of Judaism Christianity and Islam put into question established philosophical assumptions But most fundamentally how did not merely the content of the sacred books but the very mode in which revelation itself is understood to come to us as a book sent down from on high as a covenant between God and his people or as incarnate person create or foreclose possibilities for the resolution of the philosophical problems that the Abrahamic revelations themselves raised      *Islam's Predicament with Modernity* Bassam Tibi,2009-02-25 This book presents an in depth cultural and political analysis of the issue of political Islam as a potential source of tensions and conflict and how this might be peacefully resolved Looking at modernity from an Islamic point of view the author analyses issues such as law knowledge and human rights      *Contemporary Arab Thought* Elizabeth Suzanne Kassab,2025-04-29 In the last third of the twentieth century the Arab

Imamuddin, 1981 *Arabic in Chains* Robert Marzari, 2006 What distinguishes Marzari s work is his ability to explain complicated matters in clear and even entertaining language Linguists often cut a poor figure here given their propensity to gallop non stop through the brushwood of grammar Not so Marzari He illustrates the potentials and limits of a language that over 300 million Muslims in the Middle East call their mother tongue aside from the many others elsewhere in Africa as well as in Asia who recite Arabic as the language of the Qur an
