Collected Poems Avraham Ben Yizhak, 2003 Poetry Jewish Studies

Translated by Peter Cole Introduced by Hannan Hever Avraham Ben Yitzhak also known as Abraham Sonne was a Galicia born Berlin and Vienna bred Hebrew writer who fled Europe for Palestine in the late thirties In a career lasting decades he published only eleven poems yet he is considered today one of Hebrew's most important and original poets His work had been compared to Holderlin's by persons versed in both languages only a very few hymnlike poems perhaps less than a dozen but they were of such perfection that he had been numbered among the masters of the newly revived language Elias Canetti

The German-Hebrew Dialogue Amir

Eshel, Rachel Seelig, 2017-12-18 In the wake of World War II and the Holocaust it seemed there was no place for German in Israel and no trace of Hebrew in Germany the two languages and their cultures appeared as divergent as the directions of their scripts Yet when placed side by side on opposing pages German and Hebrew converge in the middle Comprised of essays on literature history philosophy and the visual and performing arts this volume explores the mutual influence of two linguistic cultures long held as separate or even as diametrically opposed From Moses Mendelssohn's arrival in Berlin in 1748 to the recent wave of Israeli migration to Berlin the essays gathered here shed new light on the painful yet productive relationship between modern German and Hebrew cultures On the Margins of Modernism Chana Kronfeld, 2023-04-28

Modernism valorizes the marginal the exile the other yet we tend to use writing from the most commonly read European languages English French German as examples of this marginality Chana Kronfeld counters these dominant models of marginality by looking instead at modernist poetry written in two decentered languages Hebrew and Yiddish What results is a bold new model of literary dynamics one less tied to canonical norms less limited geographically and less in danger of universalizing the experience of minority writers Kronfeld examines the interpenetrations of modernist groupings through examples of Hebrew and Yiddish poetry in Europe the U S and Israel Her discussions of Amichai Fogel Raab Halpern Markish Hofshetyn and Sutskever will be welcomed by students of modernism in general and Hebrew and Yiddish literatures in particular This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1997 Modernism valorizes the marginal the exile the other yet we tend to use writing from the most commonly read European languages English French German as examples of this marginality Chana Kronfeld counters these dominant models of marginality by l
