

A photograph of a dirt path leading into a forest. The path is covered in fallen leaves and leads towards a bright light at the end of the path, creating a strong perspective. The trees on either side are covered in autumn foliage in shades of orange, yellow, and brown. The overall mood is serene and contemplative.

I'm awaiting a lover. I have to be rent and  
pulled apart and live according to the  
demons and the imagination in me. I'm  
restless. Things are calling me away. My  
hair is being pulled by the stars again.

**Musical Allusions in the Works of James Joyce** Zack R. Bowen, 1974-06-30 Professor Bowen s book is more than a simple collection of musical allusions it is an engaging discussion of how Joyce uses music to expand and orchestrate his major themes The introductions to the separate sections on each of Joyce s works express a new and cohesive critical theory and reevaluate the major thematic patterns in the works The introductory material proceeds to analyze the general workings of music in each particular book The specific musical references follow accompanied by their sources and an examination of the role each plays in the work While the author considers the early works with equal care the bulk of this volume explores the musical resonances of Ulysses especially as they affect the style structure characterization and themes Like motifs in

Wagnerian opera some allusions introduce and later remind us of characters bits of Molly's songs for instance constantly intrude her impending adultery on Bloom's consciousness Other motifs are linked to concerns such as Stephen's Oedipal guilt over his mother's death which in turn connects to his preoccupation with Shakespeare the creator the father and the cuckold Music helps create the bond which briefly joins Stephen and Bloom and music augments the entire grand theme of consubstantiality Professor Bowen's style is simple and clear allowing Joycean artifice to speak for itself The volume includes a bibliography
