Summary of Loch Kelly's The Way of Effortless Mindfulness Everest Media, 2022-04-16T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Effortless mindfulness is the ability to be present in the present moment without any agenda It is a way of being mindful from a different level of mind than we are used to It begins by opening to a natural spacious awareness and becoming more wise embodied and creative 2 A glimpse is a simple practice that allows you to connect with your essential peace love and wisdom It is a shift of consciousness to a new view and a new you that feels true Glimpses are not insights but rather the direct experience of the essential peace love and wisdom that s always been here 3 We often miss out on the enjoyable qualities of effortless mindfulness because we don t know that the source of our joy and freedom is already available to us We do what we love to experience effortless mindfulness but we don t realize that the qualities are not dependent on what we do or where we are 4 Do the mindful glimpse exercise imagining a time when you felt well being while doing something active like hiking in nature Then simply stop Feel the relief and peace that comes from no longer needing to think about anything

A Concordance to the Poems of Robert Browning , **Why black people aren't black: an essay on social hermeneutics and apperception** Kristoffer Ehrnstrom,2023-05-22 Does black as a social signifier pregnant with history really mean what it is thought to mean Does white as the symmetrical object of black really refer to its current form Or do these apperceptive objects these epithets draw energy from somewhere else a past veiled by current discourse When we reveal historical figures in what is supposed to be an idiosyncratic context in Europe for example and refer to them simply as black due to their hue are we really putting words in their mouths colonizing the past anachronistically implanting memories Did the whiteness and blackness of the past really transcend physical appearance How did the original white and black actually look Is the current culture of equity for example actors portraying historical figures based on the premise that their physical appearance wasn't present really a revisionist act through replacement by representation the replacement of the one representing themselves by themselves unknowingly Is history simply being replaced by a new social interpretation looking as it were Lastly is the emergence of afrocentric interpretation nothing more than the completion of a revisionist ritual erasing changed white culture inherently brown skinned to begin with These are some of the questions this essay tries to answer hermeneutically touching down in everything from metaphysics to sociology to religion all the way from ancient Egypt Kemet to Israel to medieval Europe and contemporary discourse **The Awakened Therapist** Harmony Kwiker,2025-03-26 The Awakened Therapist is an accessible introduction to gestalt therapy through the lens of transpersonal counseling one that offers a clear and profound account of how to bridge the gap between traditional counseling and spiritual transformation Bringing new depths to the art of therapy Harmony Kwiker provides a map for therapists to dismantle the old
