Awakening Young Minds Perspectives On Education:

Awakening Young Minds Denise D. Nessel, 1997 A perennial challenge for educators writes Nessel is one that Plato addressed in *The Republic* how to avoid simply feeding students information and instead get them to use their innate capacities and think for themselves The solution Nessel says is not to impose a specific curriculum or method of instruction on everyone but to think creatively about the individual situations of students in order to improve conditions for learning In this book she presents a range of perspectives on schools teaching and learning from writers as diverse as Leo Tolstoy Howard Gardner and Elaine Landau all concerned with the development of inquiring minds and critical thinking abilities

Individualized Education Gary L. Hoover, 2003 *Individualized Education Understanding in Light of the Introduction of the Progressive Regressive Forming and Establishing Developmental Model as a Human Right That Ultimately Promotes Higher Quality of Life Globally Through Local Practices* is an interdisciplinary Ph D thesis that analyzes and discusses the importance influences and practicality of IEPs Individualized Educational Programs in global terms Furthermore this thesis statement introduces the Progressive Regressive Forming and Establishing Developmental Model This model is a theoretical tool for analyzing individuals in light of social expected norms and how synergy of collective individuals families and social organizations local through global positive and negative potential synergy Using this model IEPs can be best designed to help global development by ensuring individuals the right to be educated in ways that each individual finds meaningful The research for this project was conducted by Gary Leroy Hoover over a six year period while working with students in public and private institutions private homes and domestic and foreign corporations The class size ranged from one on one to groups as large as sixty students and the age range of students was from age three to over age sixty While the main orientation of curriculum for students was ESL the main focus of the research was to incorporate ESL into the established life patterns and interests of each student Furthermore the program worked to determine the effectiveness of individualized programs that adapted to the desired study schedules of each student

Young People's Attitudes to Religious

Diversity Elisabeth Arweck, 2016-07-01 Investigating the hitherto unexplored topic of how young people understand and relate to religious diversity in the social context in which they are growing up this book makes a significant contribution to the existing body of literature on religious diversity and multiculturalism It closes a gap in knowledge about young people's attitudes to religious diversity and reports data gathered across the whole of the UK as well as comparative chapters on Canada USA and continental Europe Reporting findings from both qualitative and quantitative research which reveal for example the importance of the particular social and geographical context within which young people are embedded the volume addresses young people's attitudes towards the range of world religions as well as non religious stances and offers an interdisciplinary approach through the different analytical perspectives of the contributors **Forthcoming Books** Rose Army, 1996-10 *Global Perspectives on Catholic Religious Education in Schools* Michael T. Buchanan, Adrian-Mario Gellel, 2015-10-05 This book covers theoretical aspects of Catholic Religious Education in schools and examines them from multiple theoretical and contextual perspectives It captures the contemporary academic and educational developments in the field of Religious Education while discussing in detail the challenges that Religious Educators face in different European Asian African Australian American and Latin American countries The edited collection investigates how to pass on a Catholic heritage as a living tradition in diversely populated schools and communities In this way it explores and asserts the proper identity of Catholic Religious Education in dialogue with Catechetics and with the wider discipline of Religious Education As the different articles of this publication demonstrate through a series of interesting and critical points of view Catholic Religious Education is confronted with many challenges from the risk of marginalization to the confusion produced by a religious indifferentism leading to a strictly comparative or neutral method in the study of religions It is essential to take into account in our research perspectives that Catholic Religious Education is not only a subject but also a mission in the light of the diakonia of truth in the midst of humanity H E Cardinal Zenon Grocholewski Prefect Congregation for Catholic Education Holy See Vatican City Religious education teachers cannot by themselves overcome the ills of society but religious education can help to create better citizens of the world as some authors argue throughout this collection could not ask more from such timely and provocative collection It is a gift to the profession and to Catholic Religious Education Prof Gloria Durka Fordham University New York NY USA *Contemporary Perspectives on Girls' Educational Achievement* Alexandra Allan, 2025-03-31 *Contemporary Perspectives on Girls Educational Achievement* What About the Girls offers fresh insights into girls' perceptions and experiences of educational achievement in the contemporary context What about the boys is a common exclamation in debates which centre around young people's educational achievements But what about the girls Is their success as simple and straightforward as government produced figures would have us believe it to be Bringing together the wealth of international research on girls' educational achievement and drawing on insights from over 15 years of the author's own empirical research this book explores educational achievement as a phenomenon that is affectively and subjectively

experienced which has a much wider field of reference than attainment in tests and examinations It addresses key issues which are of emerging contemporary relevance issues that are new have been overlooked or have gained new significance and require fresh exploration today Contemporary Perspectives on Girls Educational Achievement What About the Girls is suitable for students and academic researchers from a range of disciplines such as Education Psychology Sociology Cultural and Media Studies as well as for educational practitioners with an interest in equalities in education **Youth, a World Problem** United States. National Youth Administration, Walter Thacher Winslow, 1937 **Education, Research and Perspectives** ,1997 Young People and the Politics of Outrage and Hope ,2018-11-26 Young People and the Politics of Outrage and Hope brings together contributions from international youth studies experts who ask how young people and institutions are responding to high levels of unemployment student debt housing costs that lock many out of home ownership and the challenge to find meaningful modes of participation in neo liberal social contexts Contributors including Henry Giroux Anita Harris and Judith Bessant draw on a range of theoretical methodological and empirical work to identify and debate some of the challenges and opportunities of the politics of outrage and hope that should accompany academic community and political discussions about the futures that young people will inherit and make Young People and the Politics of Outrage and Hope is now available in paperback for individual customers **Designing a City of Learning** ,2001

How Youth Ministry Can Change Theological Education -- If We Let It Kenda Creasy Dean, Christy Lang Hearlson, 2016-03-29 Since 1993 forty nine theological seminaries have created opportunities for high school students to participate in on campus High School Theology Programs HSTPs that invite them to engage in serious biblical and theological study Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches What has made these programs so successful especially given the well documented crisis of faith among young people today In this book thirteen contributors many of whom have created or led one of these innovative theology programs investigate answers to this question They examine the pedagogical practices the HSTPs have in common and explore how they are contributing to the leadership of the church They then show how the lessons gleaned from these successful programs can help churches denominations and seminaries reimagine both theological education and youth ministry

Preventing Student Drug Abuse Ronald J. Pedone, Margaret K. Gwaltney, 1989 *Buddhist Voices in School* Sue Erica Smith, 2013-10-30 TCSE Smith blurb final 9 August 2013 There are 400 million Buddhists in the world Buddhists in Australia make up 3% of the population So why have Buddhists had so little to say about educating youth And can Buddhism survive in Australia without educating youth Sue Smith in *Buddhist Voices in School* answers why Buddhists are reluctant to go public on education and how Buddhism has much to offer the critical area of enhancing the wellbeing of young people Here she distinguishes spiritual education from religion Using case studies of Buddhist classes in primary schools Smith shows how a community adapted Buddha Dharma to fit with contemporary education The book describes how Social and Emotional Learning inquiry and experiential approaches to education fit well with the intentions of Buddhism In these classes students learned to meditate and explored ethics through a lively selection of Jataka tales Voices from a Buddhist community state school teachers parents and also students inform the narrative of this book It is the students themselves that reveal over time how they have developed calm focus kindness resilience and better ability to make choices through their participation The author concludes that the principles and techniques used in this program make potent contributions to current pedagogy This book will be of great value to educators academics and all those who have interest in Buddhism and who care about how children are educated **Perspective** Charles Gaines, 2006-12 Perspective is a story about the birth of a nation with divine purpose how it lost that perspective and how America can become a united and like minded people under God once again Christian

Awakening Young Minds Perspectives On Education: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have charmed audiences this year. Awakening Young Minds Perspectives On Education : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Awakening Young Minds Perspectives On Education : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
