The Awakening and Other Stories Kate Chopin, 2014-04 What is it asked Pontellier looking lazily and amused from one to the other. It was some utter nonsense some adventure out there in the water and they both tried to relate it at once. It did not seem half so amusing when told. They realized this and so did Mr Pontellier. He yawned and stretched himself. Then he got up saying he had half a mind to go over to Klein's hotel and play a game of billiards. Come go along Lebrun he proposed to Robert. But Robert admitted quite frankly that he preferred to stay where he was and talk to Mrs Pontellier. Well send him about his business when he bores you. Edna instructed her husband as he prepared to leave. Here take the umbrella she exclaimed holding it out to him. He accepted the sunshade and lifting it over his head descended the steps and walked away.

The Awakening & Other Stories Kate Chopin, 2017-08-15 The Awakening shocked turn of the century readers with its forthright treatment of sex and suicide. Departing from literary convention Kate Chopin failed to condemn her heroine's desire for an affair with the son of a Louisiana resort owner whom she meets on vacation. The power of sensuality the delusion of ecstatic love and the solitude that accompanies the trappings of middle and upper class life are the themes of this now classic novel. As Kaye Gibbons points out in her Introduction Chopin was writing American realism before most Americans could bear to hear that they were living it. Set in New Orleans and on the Louisiana Gulf coast at the end of the 19th century the plot centers on Edna Pontellier and her struggle between her increasingly unorthodox views on femininity and motherhood with the prevailing social attitudes of the turn of the century American South. It is one of the earliest American novels that focuses on women's issues without condescension. It is also widely seen as a landmark work of early feminism generating a mixed reaction from contemporary readers and critics. The novel's blend of realistic narrative incisive social commentary and psychological complexity makes *The Awakening* a precursor of American modernist literature. It prefigures the works of American novelists such as William Faulkner and Ernest Hemingway and echoes the works of contemporaries such as Edith Wharton and Henry James. It can also be considered among the first Southern works in a tradition that would culminate with the modern masterpieces of Faulkner Flannery O'Connor Eudora Welty Katherine Anne Porter and Tennessee Williams. The novel opens with the Pontellier family. L once a New Orleans businessman of Louisiana Creole heritage his wife Edna and their two sons Etienne and Raoul.

vacationing on Grand Isle at a resort on the Gulf of Mexico managed by Madame Lebrun and her two sons Robert and Victor Edna spends most of her time with her close friend Ad le Ratignolle who cheerily and boisterously reminds Edna of her duties as a wife and mother At Grand Isle Edna eventually forms a connection with Robert Lebrun a charming earnest young man who actively seeks Edna s attention and affections When they fall in love Robert senses the doomed nature of such a relationship and flees to Mexico under the guise of pursuing a nameless business venture The narrative focus moves to Edna s shifting emotions as she reconciles her maternal duties with her desire for social freedom and to be with Robert When summer vacation ends the Pontelliers return to New Orleans Edna gradually reassesses her priorities and takes a more active role in her own happiness She starts to isolate herself from New Orleans society and to withdraw from some of the duties traditionally associated with motherhood L once eventually talks to a doctor about diagnosing his wife fearing she is losing her mental faculties The doctor advises L once to let her be and assures him that things will return to normal When L once prepares to travel to New York City on business he sends the boys to his mother Left home alone for an extended period gives Edna physical and emotional room to breathe and reflect on various aspects of her life While her husband is still away she moves out of their home and into a small bungalow nearby and begins a dalliance with Alc e Arobin a persistent suitor with a reputation for being free with his affections Edna is shown as a sexual being for the first time in the novel but the affair proves awkward and emotionally fraught Edna also reaches out to Mademoiselle Reisz a gifted pianist whose playing is renowned but who maintains a generally hermetic existence Her playing had moved Edna profoundly earlier in the novel representing what Edna was starting to long for independence Mademoiselle Reisz focuses her life on music and herself instead of on society s expectations acting as a foil to Ad le Ratignolle who encourages Edna to conform Reisz is in contact with Robert while he is in Mexico receiving letters from him regularly Edna begs her to reveal their contents which she does proving to Edna that Robert is thinking about her Eventually Robert returns to New Orleans At first aloof and finding excuses not to be near Edna he eventually confesses his passionate love for her He admits that the business trip to Mexico was an excuse to escape a relationship that would never work Edna is called away to help Ad le with a difficult childbirth Ad le pleads with Edna to think of what she would be turning her back on if she did not behave appropriately When Edna returns home she finds a note from Robert stating that he has left forever as he loves her too much to shame her by engaging in a relationship with a married woman In devastated shock Edna rushes back to Grand Isle where she had first met Robert Lebrun from Wikipedia

The Nineteenth-Century Novel: Identities Dennis Walder, 2013-05-13 *The Nineteenth Century Novel Identities* provides an ideal starting point for understanding gender in the novels of this period It explores the place of fiction in constructing gender identity within society at large considering *Madame Bovary* *Portrait of a Lady* and *The Woman in White* The book continues with a consideration of the novel at the fin de siècle examining *Dracula* *The Awakening* and *Heart of Darkness* These fascinating essays illuminate the ways in which the conventions of realism were disrupted as much by anxieties surrounding colonialism decadence degeneration and the New Woman as by those new ideas about human psychology which heralded the advent of psychoanalysis The concepts which are crucial to the understanding of the literature and society of the nineteenth century are brilliantly explained and discussed in this essential volume

The Nineteenth-century Novel Dennis Walder, 2001 The essays in this collection show how the conventions of realism were transformed by new ideas about gender and race

Women Writers and Experimental Narratives Kate Aughterson, Deborah Philips, 2021-01-23 This book explores the history of women's engagement with writing experimentally Women writers have long used different narratives and modes of writing as a way of critiquing worlds and stories that they find themselves at odds with but at the same time as a way to participate in such spaces Experimentation of style mode voice genre and language has enabled women writers to be simultaneously creative and critical engaged in and yet apart from stories and cultures that have so often seen them as other This collection shows that women writers in English over the past 400 years have challenged those ideas not only through explicit polemic and alternative representations but through disrupting the very modes of representation and story itself
