**Martha Skelton** Mary Elizabeth Johnson Huff, 2008 An illustrated biography of one of Mississippi's most beloved artisans and teachers. [Kentucky Quilts and Their Makers](#) Mary Washington Clarke, 2021-11-21 Kentucky's contribution to the perennially popular American craft of quilting is a rich and varied one. Mary Clarke examines here the state of the craft in Kentucky and finds it as lively today as it was 150 years ago. Like a fingerprint, every Kentucky quilt differs from all others in some respects, whether it is an original creation or a variation of one of the traditional patterns long popular in the United States. And many Kentucky quilts reveal much about the individual maker: her disposition, taste, and lifestyle; the familiar objects that bring joy to her daily life; and her response to events beyond the confines of family and home. Taken as a whole, Kentucky quilts and quilt names reflect the history of the Commonwealth at every turn, showing the intermingling of old and new in the grassroots continuity of an ancient craft that responds to fads and fashions by absorbing and refining them.

**Mary Schafer, American Quilt Maker** Gwen Marston, 2004-03-25 The story of the woman who helped create the modern American quilting revival. *The Quilt* Elise Schebler Roberts, Helen Kelley, Sandra Dallas, Jennifer Chiaverini, Jean Ray Laury, Here is the largest most comprehensive history of American quilts ever published. The Quilt explores the evolution of quilting in America, showing in vivid colors and patterns how African American, Amish, Hawaiian, Hmong, and Native American quilts celebrate cultural identity and how quilts connect us to one another through quilting bees and other community groups. Noted quilt historian Elise Schebler Roberts also goes beyond the historical nature of quilts to cover current efforts at quilt preservation, collecting, and appraising, and state documentation projects. Her book features an encyclopedia of favorite quilt styles and is gloriously illustrated with more than 200 full-color photographs of classic collectible quilts.

**Quilt Culture** Cheryl B. Torsney, Judy Elsley, 1994 As a blanket, a commemorative covering, and a work of art, the quilt is a nearly universal cultural artifact. In recent years, it has been recognized as one of our most compelling symbols of cultural diversity and the power of women. In this collection, Cheryl B. Torsney and Judy Elsley bring together eleven provocative essays on the quilt as metaphor in literature, history, politics, and philosophy. This interdisciplinary approach makes *Quilt Culture* an extraordinarily rich exploration of a cultural artifact whose meaning is far more complex than that of a simple bed covering.

are honored in The Quilters Hall of Fame The book profiles more than forty of the quilting world's most influential people from early twentieth century quilt designer Ruby McKim to quilt curator Jonathan Holstein to contemporary art quilter Nancy Crow Lavishly illustrated with one hundred glorious color photographs of their quilts plus historical photographs ads and pattern booklets The Quilters Hall of Fame is essential for every quilter's bookshelf A Patchwork of Pieces Cuesta Benberry,1993 Lives, Letters, and Quilts Vanessa Kraemer Sohan,2019-12-10 How writers activists and artists without power resist dominant social cultural and political structures through the deployment of unconventional means and materials In Lives Letters and Quilts Women and Everyday Rhetorics of Resistance Vanessa Kraemer Sohan applies a translingual and transmodal framework informed by feminist rhetorical practice to three distinct case studies that demonstrate women using unique and effective rhetorical strategies in political religious and artistic contexts These case studies highlight a diverse set of actors uniquely situated by their race gender class or religion but who are nevertheless connected by their capacity to envision and recontextualize the seemingly ordinary means and materials available to them in order to effectively persuade others The Great Depression provides the backdrop for the first case study a movement whereby thousands of elderly citizens proselytized and fundraised for a monthly pension plan dreamt up by a California doctor in the hopes of lifting themselves out of poverty Sohan investigates how the Townsend Plan's elderly supporters the Townsendites worked within and across language genre mode and media to enable them for the first time to be recognized by others and themselves as a viable political constituency Next Sohan recounts the story of Quaker minister Eliza P Kirkbride Gurney who met President Abraham Lincoln in 1862 Their subsequent epistolary exchanges concerning conscientious objectors made such an impression on him that one of her letters was rumored to be in his pocket the night of his assassination Their exchanges and Gurney's own accounts of her transnational ministry in her memoir provide useful examples of how throughout history women rhetors have adopted and transformed typically underappreciated forms of rhetoric such as the epideictic for their particular purposes The final example focuses on the Gee's Bend quiltmakers a group of African American women living in rural Alabama who repurpose discarded work clothes and other cast off fabrics into the extraordinary quilts for which they are known By drawing on the means and materials at hand to create celebrated works of art in conditions of extreme poverty these women show how marginalized artisans can operate both within and outside the bounds of established aesthetic traditions and communicate the particulars of their experience across cultural and economic divides *Appalachia*,1988
