## **Awareness Of Being:**

*Awareness - the Center of Being* Karl W. Benzing, 1997      *Summary of Rupert Spira's Being Aware of Being Aware*  
Everest Media, 2022-06-21T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1  
All objective experience is known We are aware of our experience Knowing or being aware is the continuous element in all  
changing knowledge and experience It remains present throughout all changing experience just as a screen remains present  
throughout all movies 2 Knowing or being aware is the primary ingredient in all knowledge and experience It is the  
background on which all knowledge and experience takes place It is the medium within which all experience appears It is the  
knowing element in all knowledge and the experiencing element in all experience 3 The experience of knowing or being  
aware is referred to as consciousness or awareness in many spiritual traditions The words consciousness and awareness are  
often used to refer to the experience of knowing or being aware but they should be understood to refer directly to the  
obvious familiar and non objective experience of knowing or being aware that all beings share 4 The experience of being  
aware is known as I I am aware of the thought of my friend I am aware of the memory of childhood I am aware of the feeling  
of sorrow loneliness or shame I am aware of the image of my home I am aware of the sensation of pain or hunger I am aware  
of the sight of my room or the sound of traffic      Being Aware of Being Aware Rupert Spira, 2017-11-01 Everybody is aware  
all seven billion of us We are aware of thoughts feelings sensations and perceptions All people share the experience of being  
aware but relatively few people are aware that they are aware Most people s lives consist of a flow of thoughts images ideas  
feelings sensations sights sounds and so on Very few people ask What is it that knows this flow of thoughts feelings and  
perceptions With what am I aware of my experience The knowing of our being or rather awareness s knowing of its own  
being in us is our primary fundamental and most intimate experience It is in this experience that the peace happiness and  
love for which all people long reside The happiness we have sought so long outside of ourselves in situations objects and  
relationships turns out to be always present and available in the simple knowing of our own being as it truly is The knowing  
of our own being shines in each of us as the experience I am or I am aware or simply the knowledge I This obvious familiar  
and intimate experience has no objective qualities and is therefore overlooked or ignored by the majority of people This  
overlooking of our own being is the ultimate cause of unhappiness What is the nature of the experience of being aware or  
awareness itself The exploration of this question is the subject matter of this book and the essence of the Direct Path to  
peace and happiness The Essence of Meditation Series presents meditations on the essential non dual understanding that lies  
at the heart of all the great religious and spiritual traditions compiled from contemplations led by Rupert Spira at his  
meetings and retreats This simple contemplative approach which encourages a clear seeing of one s experience rather than  
any kind of effort or discipline leads the reader to an experiential understanding of their own essential being and the peace  
and fulfillment that are inherent within it Being Aware of Being Aware is the first and introductory volume in The Essence of

Meditation Series     Awareness Is Yael Esther,2023-11-06 Awareness Is is an exploration into what it is to be a conscious being on a journey to realize the truth It examines the nature of the relative physical world the role and purpose of a conscious being alive in this world and the questions that may arise during one s spiritual awakening This book explores such topics as the physical body purpose the ego forgiveness spirituality and the realization of truth The insights offered are presented in the way they originally came to light through conversations At its very best Awareness Is may be a trusted companion during one s spiritual exploration of self allowing for clarity comprehension and relief     **Drop the Drama!**

Guerin Moorman,2013-06-05 We all experience drama in one form or another Whether its relational conflicts financial stress addiction anger overeating or any number of problems drama is not something that happens to us but something that happens within us In whatever form we experience it drama is ultimately the internal dialogue of wrestling against what is Drop the Drama From Drama Addiction to Simply Inspired Living asserts that we become drama addicts emotionally reacting to life recreating life stories based on a limited understanding of who we really are In an approach that transcends all spiritual paths Drop the Drama takes an alternative view of the ancient story of Adam and Eve challenging our traditional ways of viewing God self the nature of reality and ultimately revealing a new way of Simply Inspired Living for all humanity Explore the root cause of suffering The Drama Mind Expose the symptoms of the Drama Mind and how it cloaks itself from our awareness Drop the cycles of Shame Blame and The Drama Game Discover The Quest questions found in the story of Adam and Eve leading us out of drama and back to Simply Inspired Living Drop the Drama is not about providing more factual knowledge for the mind or getting motivated to achieve certain results in life It is about uncovering the stories we create the discovery of who we really are and unleashing a life that is simply inspiring Are you ready to Drop the Drama

**Pre-reflective Consciousness** Sofia Miguens,Gerhard Preyer,Clara Bravo Morando,2015-10-16 Pre reflective Consciousness Sartre and Contemporary Philosophy of Mind delves into the relationship between the current analytical debates on consciousness and the debates that took place within continental philosophy in the twentieth century and in particular around the time of Sartre and within his seminal works Examining the return of the problem of subjectivity in philosophy of mind and the idea that phenomenal consciousness could not be reduced to functional or cognitive properties this volume includes twenty two unique contributions from leading scholars in the field Asking questions such as Why we should think that self consciousness is non reflective Is subjectivity first personal Does consciousness necessitate self awareness Do we need pre reflective self consciousness Are ego disorders in psychosis a dysfunction of pre reflective self awareness How does the Cartesian duality between body and mind fit into Sartre s conceptions of consciousness     **Being and Becoming** Franklyn Sills,2008-09-23 Being and Becoming is a wide ranging analysis of the nature of being and selfhood The book presents an original integrated paradigm with the aim of creating a comprehensive overview of the human condition and finding ways to alleviate suffering In essence the book explores the question What does it mean to be Being

and Becoming begins with fresh interpretations of the work of Martin Heidegger and Buddhist Taoist and Christian writings as they relate to this question Most of Being and Becoming however is about the nature of self and selfhood as a process of I am this my becoming rather than my being Author Franklyn Sills interweaves concepts from object relations theories psychodynamics pre and perinatal psychology and Buddhist self psychology along with his own rich experience as a Buddhist monk somatic therapist and psychotherapist into his inquiry The works of Fairbairn and Winnicott are discussed in depth as are Winnicott and Stern s insights into the nature of the early holding environment the infant mother relational field and early perceptual dynamics A thoughtful guide for psychologists therapists counselors and other health professionals the book is also ideal for Buddhists and anyone looking for alternative therapy models Tilopa's Mahamudra Upadesha Sangyes

Nyenpa Rinpoche,2025-11-04 All lineages of Mahamudra meditation have their source in a verse teaching a song of realization sung by the Mahasiddha Tilopa to his disciple Naropa on the banks of the Ganges River more than a thousand years ago Since that time the meaning of Tilopa s instructions has been passed directly from master to disciple in a continuous stream that exists unbroken to this day This book offers the reader a rare glimpse into the Mahamudra oral transmission given in a traditional Tibetan context by one of the lineage s most learned and accomplished contemporary masters Mahamudra meditation while highly advanced is yet simple practical and accessible for anyone because what is identified and meditated upon is the very nature of one s own mind In Sangyes Nyenpa Rinpoche s words The distinction between deception and liberation lies in whether we understand the ever present nature of our own mind or not Knowing our own face is liberation not knowing our own face is samsara This is not something far distant from us The instructions are ideal for Westerners because the root text is manageable and Rinpoche has provided an outline of his own composition that makes it easily understandable He explains terminology with frequent comparisons between Dzogchen and Mahamudra quotes prolifically from scripture gives clear examples and generally cajoles admonishes and encourages his listeners to be true to their own spiritual path **Cosmic Consciousness and Healing with the Quantum Field** Darshan
