**Stanford Mc Krause**

## **Aztecs An Interpretation:**

**Aztecs** Inga Clendinnen,1995-02-24 Recreates the culture of the city of Tenochtitlan in its last unthreatened years before it fell to the Spaniards **Aztecs** Inga Clendinnen,2014 In 1521 the city of Tenochtitlan magnificent centre of the Aztec empire fell to the Spaniards and their Indian allies Inga Clendinnen s account of the Aztecs recreates the culture of that city in its last unthreatened years It provides a vividly dramatic analysis of Aztec ceremony as performance art binding the key experiences and concerns of social existence in the late imperial city to the mannered violence of their ritual killings

**Organization of the Aztec Empire** Stanford Mc Krause, Aztec society was divided into twenty clans called calpulis where religion exerted a predominant influence which consisted of groups of people connected by kinship territorial divisions the invocation of a particular god and continuation of ancient families linked by a kinship bond biological and religious that derived from the cult of the titular god Each clan had lands a temple and a chief or calpullec They were divided into three classes Nobles ordinary people and slaves **Life in the Aztec Empire** Stanford Mc Krause, The Aztecs are the towns that inhabited the Valley of Mexico shortly before the Spanish conquest of Mexico in 1521 This ethnonym joins many tribal groups that spoke the Nahuatl language and exhibited common cultural characteristics This group was made up of the domains of the Triple Alliance made up of Texcoco Tlacopan and Mexico Tenochtitlan They formed one of the largest and most important empires of pre Columbian America in just 200 years They had aqueducts palaces pyramids and temples By the thirteenth century the Aztecs settled in Chapultepec from where they were expelled by a coalition of enemies After being expelled they constituted their definitive settlement in Tenochtitlan in 1325 **Wealth and poverty: Aztec standard of living** Stanford

Mc Krause, In the sixteenth century in the eyes of the ruling class land arable land remained the basis of all prosperity As the dignitary rose in rank he acquired the rights to more and larger areas of real estate Theoretically nobody was the owner of the land The land belonged to the collective owner calpulli to public institutions such as temples or to the city itself There was no private ownership of the land there was collective ownership with individual right of use **A Concise History of**

**the Aztecs** Susan Kellogg,2024-02-15 Moving beyond common misperceptions this book sheds new light on Aztec history and civilization **The Aztecs** Michael E. Smith,2013-03-01 The Aztecs brings to life one of the best known indigenous civilizations of the Americas in a vivid comprehensive account of the ancient Aztecs A thorough examination of Aztec origins and civilization including religion science and thought Incorporates the latest archaeological excavations and research into explanations of the Spanish conquest and the continuity of Aztec culture in Central Mexico Expanded coverage includes key topics such as writing music royal tombs and Aztec predictions of the end of the world **Society and laws of the Aztec empire** Stanford Mc Krause, The Aztec justice system was very complex It was designed to maintain order in society and maintain respect for government institutions Laws revolved around tradition they were passed down from generation to generation and a complex system was created on this basis The Aztec legal system took shape when the great leader of

Texcoco Nezahualcoyotl wrote a codex of 80 laws aimed at improving the legal system and establishing a greater order in society at that time

**21st Century Anthropology: A Reference Handbook** H. James Birx, 2010-06-10 Highlighting the most important topics issues questions and debates these two volumes offer full coverage of major subthemes and subfields within the discipline of anthropology

**Time, History, and Belief in Aztec and Colonial Mexico** Ross Hassig, 2013-12-18 This illuminating study offers a radical new understanding of how the Aztecs and other Mesoamerican societies conceived of time and history Based on their enormously complex calendars that recorded cycles of many kinds the Aztecs and other ancient Mesoamerican civilizations are generally believed to have had a cyclical rather than linear conception of time and history This boldly revisionist book challenges that understanding Ross Hassig offers convincing evidence that for the Aztecs time was predominantly linear that it was manipulated by the state as a means of controlling a dispersed tribute empire and that the Conquest cut off state control and severed the unity of the calendar leaving only the lesser cycles From these he asserts we have inadequately reconstructed the pre Columbian calendar and so misunderstood the Aztec conception of time and history Hassig first presents the traditional explanation of the Aztec calendrical system and its ideological functions and then marshals contrary evidence to argue that the Aztec elite deliberately used calendars and timekeeping to achieve practical political ends He further traces how the Conquest played out in the temporal realm as Spanish conceptions of time partially displaced the Aztec ones

**The Oxford Handbook of the Aztecs** Deborah L. Nichols, Enrique Rodríguez-Alegría, 2017 The Oxford Handbook of the Aztecs the first of its kind provides a current overview of recent research on the Aztec empire the best documented prehispanic society in the Americas Chapters span from the establishment of Aztec city states to the encounter with the Spanish empire and the Colonial period that shaped the modern world Articles in the Handbook take up new research trends and methodologies and current debates The Handbook articles are divided into seven parts Part I Archaeology of the Aztecs introduces the Aztecs as well as Aztec studies today including the recent practice of archaeology ethnohistory museum studies and conservation The articles in Part II Historical Change provide a long term view of the Aztecs starting with important predecessors the development of Aztec city states and imperialism and ending with a discussion of the encounter of the Aztec and Spanish empires Articles also discuss Aztec notions of history writing and time Part III Landscapes and Places describes the Aztec world in terms of its geography ecology and demography at varying scales from households to cities Part IV Economic and Social Relations in the Aztec Empire discusses the ethnic complexity of the Aztec world and social and economic relations that have been a major focus of archaeology Articles in Part V Aztec Provinces Friends and Foes focuses on the Aztec s dynamic relations with distant provinces and empires and groups that resisted conquest and even allied with the Spanish to overthrow the Aztec king This is followed by Part VI Ritual Belief and Religion which examines the different beliefs and rituals that formed Aztec religion and their worldview as well as the material culture of religious practice The final section of the volume Aztecs after the Conquest carries the Aztecs through the post conquest

period an increasingly important area of archaeological work and considers the place of the Aztecs in the modern world

**Empire of Poverty** Julia McClure, 2024-11-11 *Empire of Poverty* examines how changing concepts of poverty in the long sixteenth century helped shape the deep structures of states and empires and the contours of imperial inequalities While poverty is often understood to have become a political subject with the birth of political economy in the eighteenth century this book points to the longer history of poverty as a political subject and a more complicated relationship between moral and political economies It focuses upon the critical transformations taking place in the long sixteenth century with the emergence of the world's first global empire and the development of colonial capitalism The book explores how the moral political economy of poverty defined as a new and changing conceptualisation of and approach to poverty across laws institutions and acts of resistance played a critical role in the development and governance of the Spanish Empire In so doing it offers insights into the negotiated nature of sovereignty the construction of inequalities and strategies of resistance *Empire of Poverty* explains how the combined processes of the transition to global capitalism and imperialism in the long sixteenth century wrought a moral crisis which led to the transformation of poverty and reconceptualization of the poor and how the newly emerging beliefs laws and institutions of poverty helped structure the inequalities of the new global order **At**

**Home with the Aztecs** Michael Smith, 2016-02-22 *At Home with the Aztecs* provides a fresh view of Aztec society focusing on households and communities instead of kings pyramids and human sacrifice This new approach offers an opportunity to humanize the Aztecs moving past the popular stereotype of sacrificial maniacs to demonstrate that these were successful and prosperous communities Michael Smith also engagingly describes the scientific logistic and personal dimensions of archaeological fieldwork drawing on decades of excavating experience and considering how his research was affected by his interaction with contemporary Mexican communities Through first hand accounts of the ways archaeologists interpret sites and artifacts the book illuminates how the archaeological process can provide information about ancient families Facilitating a richer understanding of the Aztec world Smith's research also redefines success prosperity and resilience in ancient societies making this book suitable not only for those interested in the Aztecs but in the examination of complex societies in general

*The Aztec Palimpsest* Daniel Cooper Alarcón, 1997-03 Mexico is more than a country it is a concept that is the product of a complex network of discourses as disparate as the rhetoric of Chicano nationalism English language literature about Mexico and Mexican tourist propaganda The idea of Mexicanness says Daniel Cooper Alarcón has arisen through a process of erasure and superimposition as these discourses have produced contentious and sometimes contradictory descriptions of their subject By considering Mexicanness as a palimpsest of these competing yet interwoven narratives Cooper offers a paradigm through which the construction and representation of cultural identity can be studied He shows how the Chicano myth of Aztlan was constructed upon earlier Mesoamerican myths discusses representations of Mexico in texts by nineteenth and twentieth century writers and analyzes the content of tourist literature thereby revealing the

economic social and political interests that drive the production of Mexicanness today This original linking of seemingly incongruous discourses corrects the misconception that Mexicanness is produced only by hegemonic groups Cooper shows how Mexico has been defined and represented by both Mexicans and non Mexicans as more than a political or geographic entity and he particularly reveals how Mexicanness has been exploited by Mexicans themselves through the promotion of tourism as a form of neocolonialism Cooper s work is valuable both for identifying attempts to revise and control Mexican myth history and culture and for defining the intricate relationship between history historiography and cultural nationalism The Aztec Palimpsest extends existing analyses of Mexicanness into new theoretical realms and provides a fresh perspective on the relationship between the United States and Mexico at a time when these two nations are becoming more intimately linked

**The Aztecs** ,1964 *Aztec Mythology* A.J.
