Columbia University Avery Library, 1977 History of Baalbek Michel M. Alouf, 1898 **History of Baalbek** Michel M. Alouf, 1999 The fame of the ruins at Baalbek in Lebanon once drew many tourists The Romans eventually built magnificent temples over a massive multi level platform considered to be one of the only prediluvial sites that survived the flood Here we find the amazing 1000 plus ton stones as part of the original temple platform The largest cranes in the world would have difficulty lifting let alone moving these massive limestone blocks These stones and other parts of this important site are described in this handy reference guide **History of Baalbek (Classic Reprint)** Michel M. Alouf, 2017-07-26 Excerpt from History of Baalbek In my previous editions of the history of Baal bek I had drawn my facts from the best authorities then known but the new light thrown on the subject by the German Mission shows that on some points my information was inexact Profiting by the discoveries of the German Mission and by those I have made myself I have been able to make many corrections 111 the present work In the former edition of my book I inserted two plans one representing the original state of the temple one showing their present condition These plans were the most exact to be obtained at that time the German Mission have provided us with more precise ones Thanks to them I have been able to give in this edition the plans of the temples before they were touched by either the Byzantines or the Arabs thus giving a good idea of the grandeur of Roman Architecture at its apogee I have also added a plan showing the present ruined state of the temples About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

HISTORY OF BAALBEK MICHEL M. ALOUF, 2018 *Kamal's Quest* Cynthia Profilet, 1993 Tells the story of a camel Kamal who searches for love and friendship in the desert country of Bahrain *The History of Baalbek* Michel M. Alouf, 1998-10-01 At one time the worldwide fame of the ruins at Baalbek drew huge numbers of tourist crowds In the present day a trip to Baalbek is extremely difficult and considerably dangerous Luckily the former curator of the site Michel M Alouf made his years of research available in this heavily illustrated work The massive multi level platform found at Baalbek is believed by some scientists to be one of the only prediluvial sites that survived the flood At a much later time it became very well known to the Romans who desecrated the site to build their magnificent temples In fact the largest Roman temples ever built were not in Rome but were found at Baalbek One of the most puzzling aspects of the ruins at Baalbek are the 1 000 plus ton stones which formed part of the original temple platform A recent visit to the site allowed inspection of these large stones and of the one at the quarry pictured on the cover where new measurements were taken which revealed the largest and most precisely cut stone at the Trilithon may weigh in at over 1 500 tons The largest modern cranes in the world would have

difficulty in lifting let alone moving these massive limestone blocks and yet there they sit These stones and many other aspects of this important historical site are described at length in this handy reference guide Bantan's Quest Maurice B.
