Founders at Work Jessica Livingston, 2008-11-01 Now available in paperback with a new preface and interview with Jessica Livingston about Y Combinator *Founders at Work* Stories of Startups Early Days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days These people are celebrities now What was it like when they were just a couple friends with an idea Founders like Steve Wozniak Apple Caterina Fake Flickr

Mitch Kapor Lotus Max Levchin PayPal and Sabeer Bhatia Hotmail tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company Where did they get the ideas that made them rich How did they convince investors to back them What went wrong and how did they recover Nearly all technical people have thought of one day starting or working for a startup For them this book is the closest you can come to being a fly on the wall at a successful startup to learn how it's done But ultimately these interviews are required reading for anyone who wants to understand business because startups are business reduced to its essence The reason their founders become rich is that startups do what businesses do create value more intensively than almost any other part of the economy How What are the secrets that make successful startups so insanely productive Read this book and let the founders themselves tell you

Congressional Record United States. Congress, 1968 **Checklist Manifesto, The (HB)** Atul Gawande, 2010-04 We live in a world of great and increasing complexity where even the most expert professionals struggle to master the tasks they face Longer training ever more advanced technologies neither seems to prevent grievous errors But in a hopeful turn acclaimed surgeon and writer Atul Gawande finds a remedy in the humblest and simplest of techniques the checklist First introduced decades ago by the U S Air Force checklists have enabled pilots to fly aircraft of mind boggling sophistication Now innovative checklists are being adopted in hospitals around the world helping doctors and nurses respond to everything from flu epidemics to avalanches Even in the immensely complex world of surgery a simple ninety second variant has cut the rate of fatalities by more than a third In riveting stories Gawande takes us from Austria where an emergency checklist saved a drowning victim who had spent half an hour underwater to Michigan where a cleanliness checklist in intensive care units virtually eliminated a type of deadly hospital infection He explains how checklists actually work to prompt striking and immediate improvements And he follows the checklist revolution into fields well beyond medicine from disaster response to investment banking skyscraper construction and businesses of all kinds An intellectual adventure in which lives are lost and saved and one simple idea makes a tremendous difference
